

Figure Skating Report 2018

Skating Association of Maine Figure Skaters currently has 56 members. Our members competed in competitions in Maine and New England. We would like to congratulate those skaters who competed and tested this last season.

Our Learn to Skate program was very successful this year. We continue to offer the buddy pass at the end of every Learn to Skate session and encourage additional skaters to come. Our Snowplow Sam and Basic Skills classes are growing steadily. Our Learn to Skate classes continue to be offered year-round and remain profitable for SAM.

Our annual test session and Skate Your Heart Out Competition were held on Monday February 19, 2018. SAM had many skaters participate, and several medaled in their respective events. We also offered a dress sale at the event. The day was very successful all around.

Our annual exhibition "Road to Gold" was held March 10, 2018 at 4pm to 5:30pm and was followed by a family skate. We also hosted a Halloween Skate Night on October 28, 2017 and a Skate with Santa event on December 15, 2017.

The 2017 camp was attended by SAM skaters and several others coming from other rinks in New England. This years camp will be held on July 24, 2018 through July 26, 2018 at the Ice Vault.

All Figure Skating programs are being reviewed and our budget prepared for the upcoming season.

Thank You to the members who volunteered at the events held by SAM this years. We greatly appreciate your dedication and commitment to our program.
