***When did you start playing hockey and for what team(s)?***

I started playing hockey in U8 after I begged my mom to play after doing figure skating. I played for the Shooting Stars in Anchorage, AK.

***What has been your favorite class in high school?***

My favorite class was chemistry with my favorite teacher, Mr. Zdrzil.

***What is your favorite memory of High School hockey?***

Coming out of the first period of playing Breck my junior year and being tied was the highlight of my high school career.

***What other sports (if any) do you play?***

I play lacrosse too.

***What is your favorite pre-game song?***

My favorite pregame song is "Stronger" by Kanye West.

***What advice do you have for future Minneapolis Hockey Players?***

Trust in your skills and the process, and if someone isn't calling you out or coaching you it means they've given up on you so take the advice you get seriously.

***What is your plan for after graduation?***

I want to go to school on the east coast and then grad school after.

***What's something about you that not many people know?***

I love to sing and dance.

Guppy/Augusta, Your enthusiastic, competitive personality has always shown through in hockey. From showing the boys how it's done, to chasing after kids twice your size. It's been fun to watch you and to think about what you will apply it to next. Love Mom and Dad

I can tie a cherry stem in my mouth.

Lilah, as a kid you shunned hockey for figure-skating, until you froze in the car on the way to a performance because you refused to wear a coat over your leotard. After that you stuck to skating in the backyard until 5th grade. Then, surprise! The neighbors told us you were planning to play for the Storm in the upcoming season. What? You're furiously independent, yet a true team player, and that's why we love you! Mom & Dad
