BIO

I'm Addison Pertler and I play for the Atlanta Vipers Maldonado '07 team. I am a catcher/utility for my team. I will be graduating from University High School in 2025. I started playing softball when I was 9 years old and immediately loved it. After about a year of playing softball, I learned to catch and it was a life changing decision. Catching has led me to be the not only the athlete but the person I am today. It has taught me to be a leader and never give up. With a lot of hard work and determination I reach my goals and just keep going. When I go off to college it would be a dream to continue playing softball. And with a lot of hard work and dedication I'm looking to make that dream come true.
