

August 6, 2025

Dear PCIM Members:

What an exciting time to be an Ice Miner as we prepare for another season of hockey! Within the next 2-3 weeks we will hold tryouts for the remainder of our teams marking the official beginning of the hockey season. Not long after that we will have the energy and excitement of our mite teams starting up. All of that with the backdrop of the Utah Mammoth kicking off their second season. Hockey is in the air!

On a separate note, many of you may have received an email from a member of our community raising concerns regarding your Board of Directors. We have engaged an attorney and are addressing the matter, but in the interim, this member has requested access to sensitive information of the organization, including your personally identifiable information. We take our obligations to protect your confidential information seriously. While we are not required to share most of the information requested by this member, we are legally obligated to disclose a current membership list, which list includes your names and home addresses. In light of current privacy laws, and given our desire for transparency with our members, we are notifying you of our intent to share such information with this member, as required by Utah law. Please note that the member is prohibited under Utah law from using your personal information for soliciting or commercial purposes or for any purpose unrelated to their membership in PCIM.

We believe strongly in the mission of the Park City Ice Miners, which is to further the game of hockey for our kids, and this Board is committed to that goal.

Please contact a member of the Board of Directors with any additional questions.

Regards,
