

Friday, April 8th, 2022 HDC Agenda:

1. Coach Evaluations:
 - a. Next year 2022-2023-will look to provide mid-year evaluations in the hopes of getting more participation and provide feedback real time to our coaches.

2. Finalize New Additions to HDC:
 - a. Will make a formal recommendation to add Orlando Alamano and Dan Byron in the roles of Goalie Coordinators. Also, will recommend Eric Carlson and Jackie Stoffel in the roles of Girls Coordinators.
 - i. Action: Bob will write up a formal recommendation and provide to Jenn Nelson before the board meets on April 13th
 - b. Will need to make changes to our P&P as they are outdated. With more defined roles being identified and implemented for HDC, that should be reflected in our P&P.
 - c. Will also need to identify Squirt and Bantam coordinators and define those roles. Historically, these individuals have coordinated Fall/Spring Ice, tryouts, in-season communication with other coaches at that level. We have identified people at those levels that could take on that role, however, does that necessitate a position on HDC? Still needs more discussion.

3. Changes for next year? HDC/BYHA/Otherwise:
 - a. Neil would like to see the PeeWee B2 and Bantam B2 teams participate in regular district tournaments next year. These teams would play the same district schedule as the B1's, but would go to B2 tourneys and some B2 out of district games.

 - b. Jackie would like to see some change to the 6u schedule citing burnout and lack of participation. Proposed possibly only have 2 practice per week, instead of 3. Each Saturday, last season, saw roughly 5-10 girls showing up on Saturday mornings. Needs further discussion, but we left it as potentially leaving those Saturdays as optional, for those that still want to play, they could possibly play with 8u or have open ice.
