TIGERS HOCKEY | 9TEAMSTRONG | DEVELOPING PLAYERS TO THE MAX POTENTIAL | BE ALL YOU CAN BE | PLAYER ADVANCEMENT | GREAT TEAMMATES | COACHES WITH CARE AND PASSION | THE PROCESS

CORE VALUES

9 STRONG

Every team is equally valuable. We will demonstrate a laser focus on internal growth and development by having a 9-team strong organization.

THE TIGERS PROCESS, JOURNEY

The Texas Tigers understands what we want to accomplish. We are focused on the process, rather than the outcome. Success is the result of consistently doing the right thing each day which will lead the organization to overall excellence. We want our players and families to enjoy the process, because that is what molds us. We take the attitude that we're working to be champions, that we want to be a champion on the ice and in everything we do. Every choice, every decision, everything we do every day, we strive to be champions.

COACHES THAT CARE

A player does not care how much a coach knows until he knows how much a coach cares. We strive to select coaches that care to go above and beyond- to provide the players a premium experience.

PLAYERS FIRST ORGANIZATION

The Tigers will always be a PLAYERS FIRST Organization. Our decisions will always be based on what is best for the player, not what is best for the parent, and not is what is best for the coach.

BE ALL YOU CAN BE, STEP FORWARD

First, the Tigers want kids to dream and push themselves to reach the highest levels of hockey. Second, the Tigers strive to advance their players. Third, the Tigers want to develop players to their maximum potential. Finally, the Tigers want to produce great teammates, on and off the ice. In order to provide this premium service, the Tigers are focused on being all we can be. We ask every player to strive to improve, the Tigers will do the same. Every day we take action to improve the value and product we provide.

BUILD EACH OTHER UP

We focus on providing the best product possible for our families. This focus creates a premium experience which we believe we will build up not only the Tigers organization, but the entire DFW hockey community.

DARE TO DREAM MAKE IT HAPPEN

IT STARTS WITH A DREAM "Visualize your Dream and make a commitment. Having a Dream is what makes life exciting. Never underestimate the power of a Dream. It will change your life. A Dream gives you the ability to determine your future."

THE GREATER THE STRUGGLE, THE GREATER THE VICTORY. "Most people allow struggles and fear of failure to stop them. The key is to learn from your struggles and move on. Failures will make you stronger and give you the information you need to reach your Dream. Struggle will prepare you for success. Without struggle there is no success."

EXCUSES WILL KILL YOUR DREAM. "What we're really talking about here is commitment. Until you make a commitment to your Dream, it's not really a Dream ... it's just another fantasy full of excuses. Fantasies don't come true because they're not real, we're not committed to them. When we make commitments, we eliminate excuses and they become Dreams ... and Dreams are definitely real."

PREPARE FOR YOUR DREAM. "Preparation is what comes from struggle. Knowledge comes from preparation. These are the elements that pave the road to your Dream. If we do not prepare we will not succeed. Set your goals and pursue your Dreams with all your heart. If you miss a goal, don't quit, reset it! You just need to learn more ... step by step you will win!"

FOCUS ON YOUR DREAM AND NEVER QUIT. "It is always too soon to quit. If you quit, you can't succeed. By achieving your Dream you will be an inspiration to others. You will set the example and make an enormous impact on the World. Make it happen!"

ALWAYS HAVE A DREAM. "Dreams give us energy to go to new levels. Dreams change lives ... the power of life is in your Dreams!"

COVID-19

We are dealing with unprecedented and uncertain times throughout our world. The COVID-19 pandemic continues to be a fluid situation with new information coming out nearly every day. As an organization, we continue to monitor closely each governmental update and how it will affect us. We will provide our Tigers community immediate updates on everything surrounding the Tigers and COVID-19. As an association, we will follow CDC guidelines and all rink protocols. The Tigers will look at each age group and do everything we can to ensure the health and safety of our Tiger families. The Tigers will continue to make tough decisions in a timely manner as necessary. We want the Tigers community to feel safe and know we will be transparent, so parents have the necessary information to make decisions on what is best for their family. Texas Tigers Hockey recognizes future events may prevent any player from participating in leagues or traditional practices due to government/health restrictions, or other events beyond the club's control. If such an event were to occur, triggered by a restriction from a local, state, or national order, or, as a result of the Club exercising its best judgment to protect the participants, I understand that:

1. The payment obligation set forth herein shall remain in full force and effect.
2. The club will provide services on a "best efforts" basis, determined by the club, given the regulatory and health concerns that may exist.
3. In such an event, Texas Tigers Hockey reserves the right to return a pro-rata allocation to the Player, surplus funds if any after the club has fully satisfied its operational commitments including but not limited to Coach/Director Pay, Unreimbursed Ice & Facility Rentals Expense, Unreimbursed League Expenses, and Tournament Fees.

TESTIMONIALS

In our year end survey, we asked our Texas Tigers Families,
"Are you happy with the value the Texas Tigers provided?"

The Tigers organization average rating was 4.85 out of 5. Here are some comments taken directly from the 2019-2020 survey.

"200%, it's not cheap playing hockey in Texas but having been at other organizations within the metro there is absolutely no place that provides more overall value than the Texas Tigers."

"I believe the Tigers are the best organization in town. From the kind of players they attract with wonderful families to the amount of extra ice we receive, the Tigers do such a great job."

"Price was high but amount of ice time and additional sessions were worth the money."

"Yes, we are happy with the value. We feel it's a superior product to other organizations in the DFW area."

"The value was fair. Cost was definitely in excess of other programs - but access to quality coaches, skating coach, skills sessions and holiday camps were very good"

"Definitely, I see this as an hockey organization that gets better and better each year."

"Couldn't be happier. No one comes in to this expecting cheap. We have more ice time and skilled coaches than other organizations and I believe that shows in how these kids develop."

"Lots of ice time and quality training. Best value around."

"I feel like we have the most full hockey experience. There really isn't any aspect of growth and development not provided. Thanksgiving camps were a great add on. We also really loved the enhancement sessions. Coach Hesse's 3 on 3 enhancements were really fun for all of the kids too. Please keep bringing in Derek Seal for enhancements. I feel like he has an incredible gift for helping form technique in these kids."

"Absolutely! Amazing coaches, organization and parents!"
