COACHES**

"Year 1 at Big Show was outstanding. They were able to bring together some of the top travel ball organizations with the best talent in the region, putting on a recruiting experience that was great not only for the players, but for the college coaches as well. The facility setup (2 fields in one location) allowed us as coaches to keep an eye on all the action without having to move to different venues. Big Show events will 100% be circled on our recruiting calendar going forward and will no doubt be a top priority next summer!"

Sean Buchanan | Assistant Coach | Lehigh University

"After spending the past few years recruiting in Texas I can say that the exposure events at Big Show were without question the best events I attended during my first year recruiting in the Northeast Region. Everything was top notch, from hospitality, to the facilities, to the talent on display for college coaches. In terms of recruiting moving forward, Big Show events are now can't miss for us!"

Ryan McClaran | Assistant Coach | University of Maine

**STUDENT
ATHLETES**

"Playing at Big Show was one of the highlights of my summer and I can honestly say I wouldn't be committed without the exposure from their events. The fields are beautiful and the complex is close to home, but the main reason I loved playing there so much was that I always knew we would be facing solid competition and that there would be a lot of college coaches there recruiting!"

2023 Graduate | Lehigh Commit

"I want to thank Big Show for giving me and my teammates the opportunity to compete in front of so many college coaches this summer. Playing there helped my recruiting process more than any other tournament we were in. Big Show gave me a platform to showcase my skills and prove what I can do. My commitment to Bloomsburg would not have happened if they hadn't seen me at the Big Show event."

2022 Graduate | Bloomsburg Commit

PARENTS

"The highest praise I can give to Big Show is to say that when our team schedule first came out I was somewhat skeptical about our team playing there because I didn't know what to expect, but by the end of the summer I found myself wishing that ALL of our tournaments were there! They have some of the nicest fields around and the staff was very friendly. Most importantly though, they provided my son and his teammates a chance to play in front of more college coaches than just about any other event we were in."

16U Parent

"My only complaint about Big Show is that it didn't exist until our last summer of travel of baseball! My wife & I have driven countless hours and spent more nights in a hotel room than anyone should ever have to as we tried to help our son chase his dream of being recruited to play college baseball. We have traveled hundreds of miles for "big" tournaments only to find out that there wasn't a single college coach present. Every single game at Big Show was packed with coaches who were actually paying attention and watching the games. Our son was contacted by 4 of the schools who were there. We wish you were around 3 years ago!"
