SHSAA PRESIDENT BRAD NEMISH

On behalf of the Saskatchewan High Schools Athletic Association, I am pleased to welcome you back to one of the premier events on our calendar, HOOPLA 2025! Forty-eight teams, represented by hundreds of student athletes and coaches from across our great province, descending on the beautiful city of Saskatoon, to compete for a provincial championship. While only 10 teams will leave on Saturday as provincial champions, our association prides itself on much more. Win or lose, medal or no medal, we hope our student athletes leave this weekend with the feeling of accomplishment and memories that will last a lifetime, in the name of fair play and sportsmanship. You and your team have made it to the pinnacle of high school basketball in our province!

Fortunately, the road to this years' championship was fairly straightforward, without the highs and lows of missed practices, games, and tournaments that cast a shadow over last basketball season. It truly is a welcome back! It is unfortunate the City of Moose Jaw was not able to have its HOOPLA experience, but the resilience and dedication of the organizing committee in pivoting to the one-day provincial championship was remarkable and a huge testament to all that is good in high school sport. Coaches and athletes also displayed immense character throughout last season and hopefully have a greater understanding and appreciation for the thousands of volunteers in the educational sector that provide these experiences for our student athletes!

As a student athlete growing up in a volleyball school, HOOPLA was never the last event of my basketball season. Unfortunately, that usually occurred a few weeks earlier. Although I had a strong appreciation for the game, I didn't quite comprehend the enormity of this event. As a fan and an advocate for high school sport, I now get my HOOPLA experience. I hope everyone here this weekend gets to experience HOOPLA in their own unique way and create those lasting memories and stories!

In closing, I'd like to acknowledge Saskatoon and all the committee members for your time and effort in hosting HOOPLA 2025! Athletes, take a moment to thank these people, along with the coaches, officials, parents, and community members that helped put this event together. Have a great provincial championship and best of luck to all the teams!

Graham Collegiate, and St. Joseph High School—and we are excited to showcase an incredible weekend of competition, sportsmanship, and championship-level basketball.

We congratulate all teams on their hard work and dedication throughout the season to reach this stage. Best of luck as you compete for a provincial title—play hard, support one another, and enjoy the HOOPLA experience!

Spectator Conduct

The SHSAA accepts the following as its policy regarding spectator conduct at all SHSAA Events.

The guiding principle for all SHSAA activities is that all participants; players, coaches, game and minor officials alike deserve respect and consideration.

- Respect the players in the game. Fans must cheer showing their support “for” their team, not disrespect for their opponents. It will be unacceptable for fans to make noise of any kind during situations such as a foul shot in basketball or during the serve in volleyball.
- School supporters are asked not to applaud errors by opponents, nor heckle, jeer or distract members of the opposing team.
- Respect the officials. They are doing the best job that they can, and should not be criticized for the judgments that they make but applauded for the service they provide to high school sport.
- Refrain from taking food or drink into high school gymnasiums when posted.
- Fans must respect the property of the schools and the authority of the school officials.
- Refrain from using artificial noisemakers, drums or other musical instruments. The exception to this policy would be a school pep band under the direct supervision of authorized school personnel, with the understanding that nothing will be done to interfere with the performance of the opposing team.
- It is the SHSAA position that if the actions of a spectator are deemed by the officials to be interfering with play or the official’s ability to perform their duties, that the game should be stopped. The host school should be asked to intervene to have the disruptive action stop and if appropriate issue a warning to that spectator. If the allegiance of the individual can be determined to be with the visiting team, it is appropriate to ask the visiting coach to intervene to stop the disruptive action. If the officials determine that the disruptive action is beyond a warning or intervention then they should ask the host school and/or the visiting coach (if appropriate) to see to it that the spectator leaves the premises. The officials having taken this action must not continue the game until their request has been fulfilled. The officials should not take it upon themselves to confront the spectator about their conduct or their removal.

Be A Sport – blend your cheers for “Your Team” with applause for your opponents. Observe the letter and spirit of the rules and show consideration for others.

Coaches and school administrators should make certain that the school team, as well as, any team followers taking part in a high school athletic event, are made aware of these expectations.
