Mike's Quote on Affiliation Agreement with Soo City United Program

The affiliation has been a great first step in providing unique opportunities for the Sault Ste. Marie players and also in expanding our scouting network. Already we had a 2006 girl play 2

games with our U13 OPDL girls' team, scoring 4 goals in those games and showing great quality. Very exciting to see that type of talent have an opportunity to play and showcase skills at the OPDL level. We look forward to continued growth and building on this great start with a progressive forward thinking club and leadership.'
