Dear Sled Hockey Players and Community,

I am writing this letter to update all those concerned with future Try outs for the National Sled Hockey Team and the Men's and Women's National Development Sled Hockey Teams. In these very trying Covid 19 times we have been instructed by our top medical advisors that we cannot have open tryouts at this time. The following procedures will take place as soon as we know it is safe to participate and travel:

2020-21 National Sled Hockey Team

The U.S. National Sled Hockey Team will not have an open tryout. The plan is to have our first camp November 4-7 in Madison, WI. The Camp will consist of 22 players participating on an invite only list. The team will then be selected after the first camp with 17 players being selected. The other 5 who are not selected will be given the opportunity to play for the Men's Development Team. This procedure is for this year only. Further information regarding your season will be communicated to you by your coaching staff in the near future.

2020 -21 Men's National Development Sled Hockey Team

17 Players will be selected by the National Office Sled Hockey Committee right after the National Team's first Camp no later than November 10, 2020. Unfortunately we cannot have a tryout at this time, this procedure is for this year only. Further information regarding your season will be communicated to you by your coaching staff in the near future.

2020 -21 Women's National Development Sled Hockey Team

17 Players will be selected by the National Office Sled Hockey Committee on November 10, 2020. Unfortunately we cannot have a tryout at this time, this procedure is for this year only. Further information regarding your season will be communicated to you by your coaching staff in the near future.

Sincerely,

Dan Brennan
Director,
USA National Sled Hockey Teams
