# DEI

Diversity, Equity, and Inclusion

- Accessibility - creating an inclusive and welcoming environment that enables the widest possible access to the game. Key initiatives include:
  - Help make the game more accessible to youth everywhere who want to try the sport before making a commitment to it (floor, street, or ball hockey).
  - Help make the game - and offshoots of the game - more accessible to disabled individuals.
  - Help make the game more accessible to girls, women and adult hockey players.
- Each state has their own DEI representative

Gui Bradshaw Mid Am District DEI Representative [gui5603@yahoo.com](mailto:gui5603@yahoo.com)

## Background Screening

- Who needs to be screened?
  - All coaches, all volunteers who have periodic contact with minors
- When do they need to be screened?
  - Every other year (prior to participation)
- How do they get screened?
  - Website [www.midamhockey.com](http://www.midamhockey.com) under the SSS tab
- What does it mean if someone is Redlined on a roster?
  - Screen is not complete, and the member is ineligible for participation

# Safe Sport

- Safe Sport is designed to protect our members (players, coaches, referees and other volunteers who are registered members). We do not have jurisdiction over non members or their actions (fans, parents (Parents Code of Conduct?)).
- These are some of the offenses we handle ... Sexual misconduct or child abuse, physical misconduct, emotional misconduct, bullying, threats, harassment, hazing, one on one interaction policies, locker room policy, and electronic communications policy (Do you have a Locker Room Monitor?).
- Cases can be handled at different levels. Sexual Misconduct or Child Abuse must be reported to the Center for Safe Sport and the local police department (can result in a Summary Suspension). Any other cases can be reported to the USAH Safe Sport site and can also be reported to your local Safe Sport representative and the Mid Am Safe Sport Coordinator.
- Investigations are handled at different levels ...
  - Center for Safe Sport if they take the case (most cases are returned to Mid Am to handle)
  - Mid Am Coordinator or designated volunteers or local association Safe Sport Coordinators. If the investigation shows there is a possible violation of Safe Sport policies it will be resolved via an agreement with the parties involved or there will be a hearing with a 3 person panel to decide. Hearing can be held at the district level, state level or can be handled by the local association which must follow the USA Hockey By-Law 10 procedure.

- This can be accomplished by following the 10 Guiding Principles and the age group recommendations that focus on developing all aspects of hockey performance in a developmentally appropriate manner, based on research and best practices in youth sports, human development, coaching, and the sports sciences.

# Girls Hockey

- Having a dedicated contact for girls playing in your organization will have many benefits such as: assistance with funding for all female events; assisting female players along whatever path their hockey playing takes them to forming all female teams.
- You don't have to have all girls' teams to be a proponent of Girls' Ice Hockey
- Having things such as a girls' locker room is a **must**
  - Set aside dates and check with your Mid Am Girls' representative for programs specific to attract more girls to your organization
  - Look to have female role models in your rink/organization. Coaches and officials are growing among the female ranks
- Girls' Ice Hockey is the fastest growing youth sport in the country.
- Getting started or re-energizing girls' hockey in your organization is easy-reach out to your contact from Mid Am. There is a variety of programs and resources at your disposal. Please contact Ladd Wagner.

# Risk Management

- Sanctioned and Approved events – USA Hockey Rosters and Organization-approved events (can include off ice activities).
- Tournaments: MUST BE USA Hockey- sanctioned to provide coverage, AAU and non-USA Hockey rostered teams will exclude coverage.
- USAH Insurance Coverage: General Liability, Directors & Officers, Crime, Participant Accident (Excess) are the most common coverages discussed. See your USA Hockey Risk Manager for the Mid-American District for other available coverage.
- Claims: For an efficient claims process, it is important to document all activities related to the claim when filing. The organization has exposure and a duty to respond in a timely fashion so that all claims are handled appropriately.
- Ice Contracts: Beware of what you sign to assure USA Hockey coverage matches up to exposure within contract. USA Hockey Risk Manager for Mid-American District can help you understand what you are signing PRIOR to document execution.
- Paid coaches: This presents an “employment” scenario so discussion should be had with USA Hockey Risk Manager for the Mid American District. Workers’ Compensation IS NOT a provided membership benefit and something the Association Board of Directors needs to discuss and clarify in the contract with a paid coach.
- Canadian Tournaments require Canadian Travel Permit (USA Hockey Registrar for Mid-American District) and must be sanctioned/ approved by Hockey Canada. Generally, 5/31 to 8/31 are NOT sanctioned/approved by Hockey Canada so no coverage is applicable. Contact USA Hockey international department to assure your event is sanctioned/approved by Hockey Canada.
