

Name: Scott Buros

About Me: I'm currently a senior at Middleton High School. I will be going to Mount Mercy University in the fall to study environmental science, sustainability. I was recruited to play volleyball as well. I will be ended my athletics at Middleton participating in Track and Field doing the triple jump.

Playing Experience: I started playing volleyball in 5th grade for St Francis in Cross Plains. I continued playing with my classmates and learning the basics of the game through 8th grade. As a freshman I played JV volleyball at Middleton High School. I was able to join a club team after my freshman season and choose to play at Madison Elite. I started out as a setter at St Francis but transition to an outside hitter.

Most Memorable Moment on the Court: My most memorable moment on the court took place walking into a tournament. My High School coach was diagnosed with Lymphoma at the beginning of the season. As a team we did all we could do support him because he's a great person. When we walked into the Whitefish Bay tournament, we saw how much he meant to the entire State as everyone in the gym was wearing lime green shirts that said "In this State no one fights alone."

Why Did You Choose This College: I wanted a smaller school that was a good choice for my major and was competitive in volleyball. Mount Mercy checked all the boxes.
