Princeton Youth Hockey Association

Donation Request Policy

(Revised 2025)

Princeton Youth Hockey Association (PYHA) may allocate up to 5% of its yearly net charitable gaming proceeds to support other nonprofit organizations within the Princeton School District that promote youth programs. PYHA retains the discretion to approve or deny donation requests based on compliance with these criteria and the details submitted in the donation request form.

Additionally, PYHA may distribute up to 5% of its annual net charitable gaming proceeds, divided equally between the Princeton High School Boys Hockey Blueline Club and the Princeton High School Girls Hockey Redline Club.

Organizations seeking a donation must complete a PYHA Charitable Donation Request Form and present their request at a PYHA Board meeting, addressing any inquiries from the board. To schedule a presentation, contact the PYHA Secretary to be added to a board meeting agenda.

PYHA may adjust the percentage of charitable gaming proceeds available for distribution each year based on revenue projections. The PYHA Board will determine the donation percentage for the upcoming season through a majority vote.

PYHA also reserves the option to make exceptional, one-time donations for significant expenses (e.g., arena improvements, ice resurfacing equipment, or state tournament participation), which may exceed the standard donation limits outlined above.

The terms “annual” and “annually” refer to PYHA’s fiscal year, currently spanning July 1 - June 30.
