

CWB 2020 Summer Camp Updates

Our team has been working together with House of Sports over the weekend in order to begin planning for our camps starting the week of June 29th! We and our coaches are extremely excited for the summer and what our camp will be like for all your children. We understand many of you have questions about what we will be able to offer this summer so please see below for details!

1. Small Groups- Each group will be roughly 6 players to every 1 coach and every group will stay the same throughout the week. Additionally, each group will have the same coach for the entire week with Coach Ward working with each and every player throughout the day. We will have access to all 4 courts, so there will be more than enough room to have appropriate spacing.

2. Bring your own Ball- We ask that every player bring their own basketball if possible to ensure that we are keeping high touch objects to a minimum in our facility. In the event your child does not have a basketball, we will be giving players a basketball as they arrive which they will use all day. At the end of camp for that day, our partners at Deep Cleaners LLC. will then disinfect these balls to be used again the next day of camp.

3. Age Groups- We currently have space available for all 5 weeks of camps across all age groups 3rd grade up to incoming seniors in High School. Due to our small group set up this summer, players will be placed with other players of equal skill level and age.

4. NO LIVE GAME PLAY- In compliance with Local and State guidelines we will not be allowing players to compete in live games in order to minimize any type of physical contact between players during camp. As a result, our camp will be incorporating more skill work and competitions this summer. Additionally, we will be adding new features to our camps such as: Talks from college players and coaches, film study and more!

5. Competitions and Prizes- In order to retain the competitive nature of our camps and of Basketball we are planning on running daily and weekly

competitions with prizes for players. These competitions and games will range from knockout all the way to our camper favorite 3 point shootout!

6. Lunch-All campers must BRING YOUR OWN LUNCH. There will be plenty of room on the bleachers to store them. Any drink bottles MUST BE LABELED in sharpie with First and Last name. The covered parking lot will be roped off so there will be plenty of room for distancing during lunchtime.

We are still planning more great activities and events for this summer, but as always, we wanted to keep our CWB family as updated as possible as we know these are unprecedented times.

Please visit [our website](#) ASAP to register and reserve your spot for the summer today!
