

## Player Development Meeting April 21, 2021

Present: Dan Selander, Kevin Mooney, Troy Engebretson, Mike Haglund, Dylan Jude, Dave Zimmer, Shannon Olmscheid, Scott Martinka

Absent: Steve Barten

Others Present: Cory Zeiher \& Amanda Henry

## Identify Coordinators

Bantam- Dave Zimmer, Kevin Mooney, Dylan Jude
Peewee- Mike Haglund, Troy Engebretson
Squirts- Dan Selander, Shannon Olmscheid
IP- Scott Martinka

- Richmond Coordinator/Parent Advocate: Chuck Andrews
- Paynesville Coordinator/Parent Advocate: Mark Peterson

Girls- Steve Barten
Shannon Olmscheid was nominated and accepted the position of Vice Chair for 1 year.

## Review Coaches and Association Survey

Feedback was positive overall. No concerning issues regarding player development.

## Discuss association numbers and levels of play

Bantams (A, B)- 26 this year, 34 projected for next season (3 goalies)
Peewees (A, B1, B2)- 42 this year, 42 projected for next season ( 6 goalies)
Squirts (A, B, C)- 55 this year, 46 projected for next season (TBD goalies)
12 U girls (A)- 11 this year, 10 projected for next season (1 goalie)
10U girls (A)- 12 this year, 10-12 projected for next season
IP- 8 U girls could have a big team

## Other Items

- We continued a discussion from the previous meeting regarding IP girls with the idea of having dedicated coaches at each location for the girls IP (8U team). They
would be responsible for the group of girls during each mite practice, keeping the girls together. Pink practice jerseys were also mentioned. We will resume this discussion as we plan for the upcoming season.
- 3 players from River Lakes youth program playing in the CCM HP Spring Festival for D5.
- Briefly discussed ice scheduling and Wednesday night practices. It can be challenging when both High School teams have home games in a given week and some teams felt forced to schedule some Wednesday night practices in order to get more than 1 practice in. Overall, we need to avoid Wednesday practices, with exception of 6 U .

## Next Meeting: May 19, 6:30pm at Queen Bee's in Paynesville.
