

Team Safety Officer Handbook

Spring 2021

League Safety Officer

Laura Morgan

SafetyOfficer@IrvineRanchLL.org

(949) 838-7877

Thank you for volunteering to be your team safety officer. We appreciate your willingness to help!

Team Safety Officer Role:

As the team safety officer, it is your responsibility to ensure that our teams are abiding by our league safety protocols. You are also the link between your team and the league Safety Officer if we have any health/safety concerns.

Key Responsibilities:

1. Health screenings

We need to screen every player and coach at every practice. This involves doing a quick visual wellness check, taking temperatures & having each player answer the verbal questionnaire. The league will provide a thermometer for you. Details on our health screening process can be found here:

https://cdn4.sportngin.com/attachments/document/7f03-2268719/Health_Screening.pdf#_ga=2.200685422.1958617017.1602030300-466706688.1600812960

2. Sanitize hands (players and coaches) when entering and exiting the field.

3. Enforce mask wearing On and OFF the field.

Per the current regulations from the California Department of Public Health, everyone needs to wear a mask at all times. This includes players, coaches, spectators, etc.

4. Report Positive Covid-19 Tests

We hope everyone stays healthy, but if we have a player on your team who tests positive for Coronavirus please contact the league Safety Officer. We have procedures we are required to follow.

We cannot thank you enough for volunteering your time and energy to help make this a great season for our amazing little leaguers!! Irvine Ranch Little League wouldn't be possible without all our volunteer's support.

Please feel to contact me with any questions you may have. Let's play ball!!
