<p><b>In-House Program</b></p>	<p>There are a few families that have just decided to not sign up due to the changes of the program.</p> <p>Cameron Higley said we cannot control the registrations. It is a families choice where to have their kids play. We need to be transparent and do a better job of communication in a more timely manner. He urges the families to talk directly with Phil Huynh, Director of the In-House Program.</p> <p>Cameron Higley also said he is happy to speak with any parents regarding the program. Cameron would like to hold another open house with the parents to explain the reasons for the change.</p> <p>There are options for families who can't make their specific time slot - they can go to a different practice if their specific day doesn't work for their schedule.</p> <p>Cameron Higley said there were just too many players on the team last year. Players will suffer with too many players; no puck touches and not learning.</p> <p>There is an Open House for all families interested in learning more about the In-House Program. Cameron Higley suggested another having another Open House.</p> <p>Phil Huhyn, Director of In-House was unable to attend the meeting. Cameron Higley summarized that the increase in the In-House Program fees are driven by increase in ice cost, quality of the product and smaller teams.</p> <p>After September 8, there should be more slots open to give to the In-House Program.</p> <p>The In-House Program as a whole is being more formalized.</p> <p>In-House Dryland - this is up to each team</p> <p>In-House goalie coaching - TVMHA working on this</p>
