To Customers and Concerned Others

June 13, 2020

SUBJECT: Latest Revised Policy and Guidelines for All ACA Sportsplex Programs

Effective June 15, ACA Sportsplex will return to operating at 100% of its authorized venue capacity limit as allowed by Governor Abbott's June 3 update to Executive Order GA-26 (Expanded Opening of Texas in Response to COVID-19 Disaster). Furthermore, the "zero-contact" restriction for workouts and practices will be lifted, and our facility will resume hosting tournaments, leagues and other competitive events.

With the occupancy limit change, patrons may occupy courts, seating areas and other spaces within our venue in accordance with levels established prior to the COVID shutdown. However, we will continue to perform as a responsible business with priority concern for patron and employee welfare by enforcing adherence to the following guidelines:

1. Every patron and ACA employee must wear a face mask when entering the venue and when unable to remain at least six feet from others. Employees will also wear gloves when practical.
2. Players and coaches do not need to wear masks when on a court participating in practice or training. However, players and coaches are expected to wear a mask when entering the facility or when unable to avoid less than six feet contact with patrons off the court or competition area.
3. Minors or those under the age of 18 must remain under direct control and supervision of a parent/guardian at all times.

SUBJECT: Latest Revised Policy and Guidelines for All ACA Sportsplex Programs

4. Tournament and Event Directors must randomly **spot check** body temperature of patrons prior to their admittance into the venue.
5. Coaches must check body temperature of players and assistants prior to start of practices, training events and games. ACA can provide a touchless thermometer for use, per request.
6. Only players, coaches, scorekeepers/clock operators, referees and select staff personnel are allowed in court competition/practice areas.
7. Game balls and game clock consoles will be routinely sanitized.
8. ACA staff will routinely sanitize benches, bleachers, doors, windows, service counters, restrooms and other key areas.
9. Coaches, players and spectators are encouraged to leave the facility between games. This will also aid safer seating and viewing.
0. Spectators are encouraged to view games from home or remotely via our PlaySight livestreaming/VOD service; it is low-cost, internet based and state of the art. Read about it on our website home page at alamocityallstars.com.

This document supercedes all previous Sportsplex COVID updates and shall remain in effect unless formally amended or rescinded.
