

Moses Lake Youth Baseball Resume Play Plan COVID – 19

As Grant County enters Phase 2 of the CoronaVirus “Safe Start” reopening plan we are excited to announce our return to Moses Lake Youth Baseball. While we are eager to get started, this season will start a bit different. We will need to follow new safety guidelines as players, parents, coaches and volunteers.

For Everyone: Please stay home if you are experiencing any cold or flu like symptoms, or have been exposed to a Covid-19 positive person.

For the Players: Frequent hand washing or hand sanitation will be encouraged. We will provide hand sanitizer. If there is a need to cough, cough into the elbow. Minimize face touching. No sharing of personal equipment, food or drinks. Players will practice social distancing when possible, and will wear a face covering at all times. Groups will be kept to 5 or less while maintaining appropriate distance from other groups during practice. Please try to minimize physical contact, no shaking hands, high fives or hugging. If someone does get sick during practice or at a game, we have plans in place to isolate that person and contact their parents immediately.

For the Coaches: COVID -19 wellness checks will take place at the beginning of all practices/games for all participants; including players, coaches and volunteers. Minimize “hands on” approach. Coaches will be responsible for sanitation of rotated equipment. The league will provide face coverings if needed for any participant.

For the Parents: Families are required to wear a face covering while on field premises. If there is a need to speak to a coach please feel free to contact any one of us by phone and we can set something up. Players should bring their own mask to practice and games. If a player needs a mask the league will provide one. Spectators will be allowed at games with face coverings and a signed waiver.
