

## **HDC Meeting Minutes – November 12th, 2021**

**Attendance:** Neil Huewe, Bob Brink, Channing Boe, Mike Johnson, Becky Adams

**Absent:** Kurt Knott, Pete Stahnke, Corey Rupp

**-Skills Night:** Will this all be moot if the general agreement between BYHA/ISD 31 changes. Sounds like this will be in place by beginning of December???

Feedback: late for some groups, skill disparity, clarity for guest coaches, some groups appreciate the opportunity for skaters/coaches to learn from guest coaches, other coaches, players. Let's establish parameters for our guest coaches so that they can be successful, communicate to them more stations when we have more players on the ice.

**-Coaches/Team Managers** List needed to be checked for accuracy, Becky will send it out

**-CoachThem Program:** 8 teams/32 coaches will have access to it, currently have 22 who have access. Have only had 5 coaches who have accessed the program and played around with it.

**-Skills Testing:** Now that skaters are in their teams, would like to get drills/evaluations out to coaches so that they can start testing their skaters. Channing/Bob will be on this and will try and get this out to coaches by early next week. Will send out to HDC for approval prior to sending out to coaches.

-Do we have an independent evaluator that can catch a practice or two from each level to evaluate our coaches and their practice plan. Need someone who has

-Possible grievance coming from the PW group, formal or not formal, based on placing Beckett Grand at the PW B1 level.

Respectfully submitted: Bob Brink
