EVENTS

Uncaptured Moves – For many years, there have been uncaptured move limitations (based on the skater's test level) for most ISI events. An uncaptured move is any gliding maneuver, jump, or spin that is not a required maneuver on any test level. The uncaptured moves limitations for gliding maneuvers, jumps, and spins have been removed for the following events: Artistic, Couples, Couples Spotlight, Freestyle, Interpretive, Open Freestyle, Open Pair, Pair, Rhythmic, Solo Spotlight, Themed Spotlight, Freestyle Synchro, and Team Compulsories. There are no uncaptured maneuvers allowed in Solo Compulsory and Jump & Spin events. Only the selected maneuvers can be performed along with 3-turns, mohawks, crossovers, and arm movements. CAUTION: When adding any additional move to any program, carefully check to make sure that move is not a required maneuver on a higher test level. Please reference 2024 ISI Coaches Handbook.

Pre Alpha - Delta Program:

Skaters will execute all compulsory moves listed in the ISI Skaters & Coaches Handbook in a one minute program WITH MUSIC.

All skaters in Pre Alpha through Delta must add one additional maneuver from Freestyle 1 to their program. If the skater performs two Freestyle 1 maneuvers a deduction of 2.0 will be given under additional maneuver.

In Delta the skater has a Choice-of-One maneuver listed in the manual. This means that only one maneuver should be performed. In case of misinterpretation of "Choice-of-One", the performance of the first maneuver will be graded.

Compulsory Event : Alpha through Freestyle 1 - 10

Compulsory events will be skated on a full sheet of ice for Freestyle 4 and above and ½ sheet of ice for Alpha through Freestyle 3
