

## About Our Program

The Jersey Outlaws organization was founded in 1992 with the purpose of providing young women in our area the opportunity to play fastpitch softball at the highest level. We look forward to continuing the tradition.

Jersey Outlaws Futures team is made up of hard working, dedicated fastpitch softball players who share the common goal of playing softball at the collegiate level. The team plays a full college showcase schedule, primarily in the northeast region, and trains and practices year round to improve their skills both individually and as a team.

Our team mission is to provide girls who want to play fastpitch softball at a high level the opportunity to do so in a fun environment while promoting self-esteem, pride, honesty, commitment, and a winning attitude.
