

In the event of inclement weather, the following protocols will be followed:

A notification will be sent through SportsEngine (SE). By default, SE only sends emails unless you opt into text notifications. Please see page 12 of “Getting Start Guide” on [MoorestownTackleFootball.com](http://MoorestownTackleFootball.com) on how to add your mobile phone number and allow text notifications. As a back-up, the team chat function on the SE App may be used. Please review your settings to ensure notifications are allowed.

In case of forecasted inclement weather, Training cancellation will be made as soon as possible but no later than 6:00pm. A notification will only be sent if Training is cancelled. If Training is held but the weather is questionable, we ask all parents to remain in parking lot. In the event of a lighting strike within 8-miles during Training, the remaining session will be cancelled and a notification sent. The field will be immediately cleared and all participant shall proceed to the sidewalk by the parking lot which is the lowest spot in the area. They shall remain by the sidewalk and avoid standing by trees, fence, metal objects and in any ponding water. If the parent or guardian is present, the Participant shall immediately proceed to their car. In the event the parent or a guardian is not present, a coach will remain with Participants on the sidewalk until all Participants are picked up.

Allowing Text Messages

In order to receive text notifications, you need to add your mobile phone number and allow text notifications to be sent to your mobile phone.

To receive text notifications, do the following:

1. On your team’s website, click on your profile name on the top left of the screen.
2. Click Account Settings from the profile drop-down list.
3. Under Notification Settings, click the checkbox next to the team for which you want to receive text notifications.
