

Victory League Participants, Parents, and Coaches Season Information

Please make sure you view the <https://www.frederickvictoryhockey.com/home> page for information. The home page has Participation Guidelines for hockey, a link for season payment, a link to register for this years SportsEngine App, season brochures, a SportsEngine App help document, and a short schedule.

USA Hockey # and Birth Certificates: Please register your players USA Hockey number for the current season on the 2020-2021 Victory League registration link using the blue bar on the Victory Hockey website. All USA Hockey #'s expire on August 31st each year and must be renewed annually. If this is your players 1st season of league play or their 1st year with Victory Hockey please submit a birth certificate to be verified by the PVAHA our governing hockey body. All players must be verified and have a current USA Hockey # to participate in any Victory Hockey practices or games.

Change in participation guidelines: Currently there are not ANY hockey bags allowed within the ice rink. We are going to allow players to bring in 1 recycled bag. The bag must be a plastic stand up recycled bag. Players should have a storage bag or container within the bag to hold their mouthguard and face mask. Players are still required to come into the rink with their equipment on. The bag is to help players contain essential items safely within the rink. Allowed items in the bag include skates, gloves, water bottle, helmet, mouth guard. Coaches may have materials for practice or first aid in their bag.

Face Mask: A hockey helmet with a shield or cage **DOES NOT** replace a face mask. All players, coaches, and parents must have a face mask on to enter the ice rink. The face mask must be worn at ALL times within the ice rink until a player steps onto the ice.

Victory Stars: Victory Hockey intends to field select teams at all levels. Stars teams attend additional events and tournaments. Stars teams are selected by a tryout. Tryouts are open to all registered 2020-2021 Victory Hockey league participants. All tryouts follow an evaluation at the appropriate level for each team. There is not a charge to tryout, but there are additional charges to participate once a roster spot is accepted. Additional charges incurred in a season could be associated with jersey costs, socks, hotel charges, transportation, tournament fees... Due to COVID Stars teams will practice through the Fall and tournament selection will occur later in the Fall.

SportsEngine: Please use the link above to search the home page for the 2020-2021 Victory Hockey registration link. This is a non monetary link and ensures you will receive team communication, coach contact information, schedules, directions, and important updates for the season. This registration will also collect each player and coaches USA Hockey information, birth certificate if needed, and USA Hockey waivers.
