

# 2026 SPONSORSHIP

Gresham Barlow Youth Baseball/Softball(GBYBS) administers the programs that teach the basics of baseball & softball to kids in our community. We value the process of learning fundamentals by instilling determination, courage and teamwork from TeeBall to High School players. We are a volunteer organization utilizing involvement of adults sharing our common passion of community and excellence.

GBYBS relies on the funding from the community for basic needs like player equipment, uniforms, field maintenance and to help pay for non-volunteer positions such as upper division umpires. GBYBS believes every child should have the opportunity to play baseball or softball, and offers a scholarship program funded entirely by donations and sponsorships.

Whether you can support the program tremendously, or you just want to chip in, we would like to support your business for your generous gift. Complete the sponsorship participation form on back.
