### **Dryland Program Organization:**

We really aren't sure if dryland is going to happen. If it does, then we want to take advantage of being outside early on nice days. Learned from last season that kids don't need 30 minutes to get dressed and showing up 1 hour prior to games is unnecessary.

### **Plan Coaches Clinic and Meeting:**

September 22 at 7PM, Richmond Arena. Mike is going to reach out to high school coaches to see if they would like to help with any on-ice instruction as part of the coaches clinic. More details to be finalized at the next meeting.

### **Power Skating Program:**

Working with Alex Naujokas to develop a skating clinic that incorporates small area games and other drills to drive up interest level from kids. Provide skating instruction while also getting ready for try-outs during fall camps.

### **4 on 4:**

- September 11 start date. 10 sessions through Sat, Oct 2.
- Want coaches to supervise the bench.
- Coaches need to have USA hockey, safesport, background check
- Dan will order jerseys. Jordan is our new contact at Rambow.

### **Quick Change Goalie Equipment:**

Recommend to purchase 2 sets of pads to the board at a cost of \$524. These would be used for goalies in the IP program as a great way to let multiple kids try the position without having to use all of the traditional goalie gear.

### **Budgetary Items**

Non-parent coaches budget: \$8,000

Goalie training budget: \$3,500

Power skating budget: \$1,000

**Next Meeting: Wednesday, August 18 6:30pm at Queen Bee's**
