A Huge Welcome New Board Members

Ryan Mcnamara

Jennifer Freed

Dylan Lincoln

A Special Thank You To Those Exiting Members

Ben and Kristen Divens:

Ben has been with us for a number of years, and in the past, in addition to consistent coaching responsibilities, he was heavily involved in field maintenance and renovations, as well as the care of our tractors and other equipment. The last four years, he has served as league President, and under his leadership SABL advanced a number of ambitious projects. We purchased an indoor batting system that has been placed in the Grace Church gymnasium, which has allowed us to offer indoor workouts at a reasonable cost to our members, and we re-built two lighted, state-of-the-art outdoor batting facilities at Legion Field (Softball) and the Telford VFW field (Baseball). Separate from SABL, He also has been instrumental in reestablishing the American Legion Baseball Team for older boys.

Ben's wife Kristen also served for several years as league Secretary, and was also responsible for the growth of the Little Sluggers program,

and developed coaching curriculum for all layers of the Baseball program.

George Allen:

George had been with the league for nearly a decade, serving as a coach, Connie Mack Commissioner, Travel Coordinator, League Treasurer and, most recently, as League Secretary. He was also involved in selection of our current website software and its interaction with the Cal Ripken system. Finally, he coordinated several volunteer activities with the Boy Scouts, including a few recent field dugout builds, at Front Street and at our new Penn Valley Church facility.

Bobbi Moyer:

Bobbi had been involved with the league since her children were small, and had been on the board for several years. She has coached softball at all levels, and has been responsible for working with coaches on developing coaching plans and a softball player development curriculum. She also shared her expertise with the board in fundraising activities, and her approach to authoring grant proposals.

We owe our sincere gratitude to each of these dedicated individuals, and wish them and their families continued success in their future endeavors!
