

Important Instructions for Region Tournament Qualifiers

Congratulations on qualifying for a 2019 Minnesota Hockey Region Tournament! Your team's hard work and effort is paying off as you continue your Drive to State, presented by Chevy. To help your team continue its success, we have organized this packet to ensure you have all the information you need to make your trip to Regions a great experience!

For a digital version of these resources, visit www.minnesotahockey.org/regioninfo.

Lodging

Your Region Tournament host should have a block of rooms set aside for you at a local hotel. We recommend contacting the tournament coordinator as soon as you qualify to find out which hotel your room block is set at. This will present your team the best opportunity to secure not only rooms for your team but for any additional guests interested in attending.

A list of tournament contacts and their contact information is available on the second page.

Rosters & Logos

Due to the short time frame between District and Region Tournaments, it is critical that you contact the tournament coordinator immediately with your team's roster and logo. Please utilize the roster template (Excel) provided at the Region Info link above.

Apparel

Region Tournament apparel will be available for purchase at the tournament host location. Apparel can also be ordered online by visiting: <https://nwd.ink/minnesota-hockey-region-tournament/>.

Tournament Rules

Region Tournament rules are contained in a separate part of this packet. Please communicate these rules with team coaches and parents to ensure everyone is on the same page and minimize potential conflicts.

Region Tournament Brackets & Scores

A bracket for your Region Tournament is also included in your packet. Please consult that for official game times and locations. Updated brackets including participating teams and reported scores can be found on the Minnesota Hockey website at minnesotahockey.org. Brackets are also available on our Minnesota Hockey Tournaments mobile app which is available at Google Play and the Apple App Store.
