Dickinson Mustang Baseball aspires to be an exemplary athletic organization run by volunteers that provides a structure to players and parents in order to give the young athletes of Dickinson an opportunity to be the best they can be while learning the game of baseball. Our ultimate goal is to provide a safe & fun, high-quality experience for every athlete, one that elevates each player's potential on the field and in life. A high-quality experience is one in which every athlete:

- Learns the basic skills and strategies needed to find the success in the game of baseball at the Mustang level, as well as upper levels of baseball
- Develops a love of the game of baseball, while establishing good practice habits and essential character traits such as hard work, sportsmanship, pride, and a sense of personal responsibility
- Learns "life lessons" that have value far beyond the baseball field
- Honors the game of baseball by realizing that winning is a goal, not the emphasis, and that individual growth of all players is first and foremost

We recognize that coaches are the people who most directly make this all possible, and we are committed to providing all coaches with the tools to help them be successful. We are determined to do our best to create a positive baseball community where coaches, parents, fans, officials, and players help our young athletes achieve personal and athletic growth in order to achieve our mission. - Mission Statement adopted 10-15-18
