

## St. Paul Area Athena Awards UPDATE

Dear St. Paul Area Athena ADs,

The St. Paul Area Athena Awards Committee is pleased to announce that the 2020-2021 program is on!

While we don't yet know what the event format will be, virtual or modified in-person adhering to health and safety protocols, we look forward to honoring and celebrating your outstanding female senior student-athletes in the Spring.

**Please Save the Date:        Wednesday April 21, 2021**

(program information and timeline TBA)

### **Special Request:**

Since 1995 the St. Paul Area Athena Awards have been honoring outstanding female student-athletes from area schools. To help celebrate this rich history we would like to solicit updates about former Athena winners.

Specifically, each AD is asked to submit a short bio on as many as three former winners from your school. In short, you can help us present compelling updates to the question, "[Where Are They Now?](#)" A listing of former Athena Award winners by school, by year can be found [HERE](#).

Information submitted can include post-high school education, career, and family news, a comment from the Athena on what athletics and/or the Athena Award has meant to them, and you can even upload photos.

Please click [HERE](#) to submit a current bio for one, two, or three former Athena winners from your school. This bio-information/picture on former Athena winners will be posted on our Athena website for all to view and hear the incredible stories of Athena success. We look forward to hearing from you!

Thank you again for your continued support of the St. Paul Area Athena Awards program.

Sincerely,

The St. Paul Area Athena Awards Committee
