---

## **About St. Louis Crossfire**

Crossfire was started in 2013, with a focus on developing and training all aspects of the complete athlete: physical, mental, emotional, and spiritual. As a Christ-focused competitive junior club, within the Junior Volleyball Association and AAU Volleyball, our goal is, and always will be, to help raise great children and teach them to be great volleyball players along the way.

## **Our Crossfire Community**

As a club, we encouraged our Crossfire family to bond together and support each other. Our community includes over 500 volleyball players and their families, as well as the 320 athletes and 640 parents and friends who join us at each of our 33 tournaments and over 250 visitors per week through our Bud Dome Gym rentals.

## **Join the Crossfire Community as a Booster!**

Crossfire would like for you to join our family as a booster. Boosters will have the opportunity to be featured at our Bud Dome Gym facility during our weekly gym rentals, 27 tournaments, and 14 USAV and AAU League events, as well as seven regional tournaments, where 60% of our athletes and attendees are from out of town. There are several different booster opportunities to meet your preferences.
