PRE-RACE INFORMATION

BIB NUMBER PICKUP

Follow these steps to pick up your number:

1. Search your bib number online.
2. Bring your bib number & Photo ID to the Health & Fitness Expo.

CORRAL CHANGES

Corrals will be assigned based on the estimated finish time you entered at the time of registration. If you need to move to a faster corral, pick up your bib number and proceed to the Corral Change Table in the Bib Pick-Up area. If you wish to move to a slower corral, you may do so without visiting the Corral Change table by simply starting in that corral on race morning. There are no corral changes on race day.

If you pick up your bib and you do not have a corral assignment, make sure you stop by the Corral Change table to be assigned a corral based off of your estimated finish time. **Please note that corral 16 is the last corral for the Marathon.**

RACE TIMING WITH SPORTSTATS

The race will be timed by Sportstats using a chip on the bib technology. This means you will not have a red d-tag to attach to your shoe. The chip on your bib will automatically record your times at the start, at certain splits along the courses and at the finish. Sportstats will be using disposable tags, glued onto your race bib, which allows you to walk away from the finish without the need to have your tag collected.

PLEASE NOTE: All participants in the race must wear their race bib with the tag intact in order to have their times recorded. No bib = no time! Please make sure the race bib is pinned at torso height at the front and is visible throughout the race.

The diagram shows a race bib for the Rock n' Roll Running Series San Diego. It includes fields for Name, Corral, Race Number, and Gear Check Tag. There are also sections for Companion Gear Bag Claim Ticket, Race Number, Drink Ticket, T-Shirt Ticket, and a section for Post-Race Drink Tickets. The bib is for the Marathon on June 1, 2025.

I CONQUERED THE
163 HIGHWAY TO HILL

FINAL TIPS FOR MARATHONERS CONQUERING THE 163 HIGHWAY TO HILL BROUGHT TO YOU BY COACH PAUL GREER OF THE SAN DIEGO TRACK CLUB

- As you start running up the hill, shorten your stride and concentrate on lifting your knees and landing toward the front of your foot. Lean slightly forward but keep your back straight, hips in, chest out and head up. Pump your arms forward and downward, not across your body.
- Breathe from the belly and stay relaxed. The key to uphill running form is to learn to switch naturally into an efficient power gear, the same way you would switch gears when you drive your car up a steep hill.
- Resist the temptation to look all the way to the top of the hill. You might be intimidated by how far away the top appears, so pick a landmark such as a car, house, fire hydrant or telephone pole. Imagine that a rope is tied to that participant or object in front of you, so you can pull yourself up the hill in small manageable pieces. By doing this, you can make even an enormous incline seem relatively easy.
- Do not try to maintain the same pace you were running on the flat as this will exhaust you and leave you depleted later. If necessary, take baby steps and try to keep the same turnover rhythm as on the flat. Your posture should be upright - don't lean forward or back. Head, shoulders and hips should form a straight line over your feet. Keep your feet low to the ground. If your breathing begins to quicken, you're either going too fast, over striding or bounding too far off the ground.
- If the hill is long or the grade increases, keep shortening your stride to maintain a smooth and efficient breathing pattern. It's always recommended you run through the top of the hill. Do not crest the hill and immediately slow down or pull back your effort. Accelerate gradually into the downhill as gravity is now on your side.
- When running uphill, don't worry if you're slowing down. Reduce stride length accordingly, and as you shorten your stride, keep your feet directly under your body.

HELPFUL TIPS & RUNNER ETIQUETTE

- **ARRIVE EARLY** to the start area. We recommend you arrive on site 45 minutes to 1 hour prior to race start to ensure you are settled in and have time to use the restrooms prior to the race. Corrals will open 30 minutes before the start time.
- **PAY ATTENTION** to pre-race announcements over the PA system. Listen to important race tips and information given by the race announcers. It's called the Rock 'n' Roll Running Series, we LOVE music, but if wearing headphones please be sure to remain aware of what's going on around you!
- **RESPECT YOUR ASSIGNED START CORRALS.** During registration you were asked how long it would take you to complete the distance. You were assigned a corral based on that time so you have been placed with people of the same or similar pace. If you need to change your starting corral or do not have a Corral # listed on your bib, please visit the Corral Change table at the Health & Fitness Expo.
- **BE AWARE OF YOUR SURROUNDINGS.** If you need to stop or would like to move off to the side, don't make any sudden movements, and check around you to ensure it is safe to do so.
- **IF YOU MUST SHED LAYERS OF CLOTHING,** tie them around your waist or place them on the side of the road so no one will trip over it. We will donate anything tossed to the side to a local shelter, so it'll find a good home!
- **WHEN APPROACHING AN AID STATION,** move to the right and grab items from the volunteers. Do not stop, please continue moving forward so you don't block the table or volunteers for the participants behind you.
- **PLEASE BE RESPECTFUL** of the community, and throw any trash into the receptacles at the aid stations!
- **DO NOT RUN MORE THAN TWO ACROSS.** We want you to enjoy the race with your friends and family, but please allow people space to pass by you!
- **SAY THANK YOU** to the volunteers on course and in the Finish Line!
- **AT THE FINISH LINE, DON'T STOP MOVING!** Run or walk past the timing mat and into the finishers' area. Please do not stop to wait for friends or take photos. Wait for friends and family outside of the finishers' area to allow others to finish.
- **ONLY TAKE ONE OF EACH ITEM** in the Secure Zone area. After you finish, there will be water, Mortal Hydration, and snacks for you to enjoy. Please be respectful and save some for the people that are still out on the course to enjoy!
- **HAVE FUN AND ROCK ON!**

Leave limits behind.
