Additional Field Info

9-13U: 19 Teams

- Potential field crunch this year in June
- Opening weekend – May 3rd and 4th at Neiman. We have invited 612 softball to play on our unused fields
- **ALL** Millers travel teams are expected to schedule a game on opening day

14-14/15U: 4 Teams

- Opening day – May 4th at Parade – 1 slot per team
- Additional weekend Parade time for each team possible
- Slots at Neiman, Pearl, Van Cleve and Quilici also available
- All April/May games will be scheduled late at 8:15 to avoid high school conflicts. **I will look to move these earlier, to 7:30, if there is no one scheduled earlier on the same field.**

Game Day Guidelines

- No new inning after 1:45 minutes of play at Neiman
- No more than 5 warm up pitches between innings
- These rules should be stated clearly in pregame umpire meeting
- Call out the time of first pitch so everyone is aware
- At Neiman:
 - 9-13U teams place mounds in batting cages after the 8:15 game or if there isn't a MYBA game after the 6:00 pm game
 - 14U-14/15U teams must cover the mound after the game when starting at 8:15 or if there doesn't appear to be a game after the 6:00 pm game

Rain-Out Procedures

BEFORE THE GAME

- MPRB will determine whether to close Neiman (usually by 3:30)
- Travel Director notifies coaches by email and phone/text
- **Exception: On weekends, it's the coach's call, 2-3 hrs before game time.**
- Coach notifies families and opposing coach and changes game status to "Cancelled" on MBL website
- Reschedule games ASAP – work with Travel Director and opposing coach.

DURING GAME

- Coaches and umpire make determination to suspend
- If suspended, mark as "suspended" on MBL website
- Work with Travel Director and opponent to complete game – MBL expects this

***MYBA does not maintain an inventory of unused fields so try to secure 2 or 3 possible makeup dates to limit back and forth.**

“Panic Procedures” at Neiman

Fields Double-Booked

1. Contact Travel Director (Rob)
2. Contact President (Dave)
3. Be prepared to reschedule

Facilities Issues (Lights, Bases not set, Field locked, etc)

1. Have parents help measure and set bases if needed.
2. Contact Travel Director (Rob)

*** There is no longer a key at Neiman for the light box. MPRB can turn them on remotely if needed, and they were pretty responsive about this in 2024. ***

Umpire No-Show

1. Contact MN Umpire Association (Ken Walerius - 612-518-0547) and Rob
2. Be prepared to begin game with parents/coaches umpiring

Important MBL Rules: Conduct Towards Umpires

Item #1: Modification to NFHS 3-3-1-f: Any coach, player or spectator who confronts, abuses, or follows an umpire outside the fenced area or otherwise demarked area of an individual baseball field will be suspended from their affiliated team's games indefinitely.

Item #2: If a coach, player or spectator is ejected from a league or tournament game, they are suspended for the next MBL league/playoff game or MBT qualifying or state tournament game on the team's schedule at the time of the ejection.

Item #3: If a spectator who has previously been warned by an umpire regarding unsportsmanlike or disruptive behavior during a game is subsequently ejected from said game, the head coach of that team is also ejected, and subject to suspension rules regarding coach/player ejections.

MBL Pitch Count Rules

- Violations have to be reported before the game ends
- The violating team will no longer be subject to forfeiture in regular season or MBT play
 - League Game Violation: Player is removed as pitcher and can't pitch for the remainder of the week. The coach is ejected and suspended for 1 game.
- During MBT tournament play
 - the coach will be ejected from the remainder of tournament
 - the pitcher who violated the pitching rules can continue to play every other position except pitcher for the remainder of the tournament
- New: MBT tournaments
 - 9-13U cumulative pitch count = 25 fewer
 - 14U-14/15A cumulative pitch count = 15 fewer

Practice Scheduling

- Coaches/Managers will receive a Google Sheet asking for your practice dates for the entire season after your MBL schedule is finalized
- MYBA will request additional practice fields if necessary after April 15th
- The goal is to provide your entire season practice schedule to you by May 1st
- Will likely have 5:30 - 7:00 and 7:00 - 8:30 practices on the same field.
- Coordinate with seasoned coaches to share ideas or co-op
- Reach out to Josh and Joe Larson if you need practice support

Note: we may not be able to accommodate the exact field size for every practice

GameChanger

GameChanger Overview

Accurate and consistent GameChanger stats help all players end up on a team where they can contribute, have fun and continue to develop!

For anyone who helps with GameChanger during the season, please consider the following:

- **All teams must use the MYBA assigned GC account.**
- Score the whole game, including opposing team at bats since those are important pitching stats for our players.
- Make sure you have the right players at the right positions for each inning.
- Use appropriate age-level judgement to score errors in the field.
 - ex. A soft ground ball that the pitcher fields and overthrows first when the runner is halfway to first is probably an error vs. a hard-hit ground ball to third that the fielder knocks down but doesn't make a throw is probably a hit.
 - ex. A dropped fly ball hit within 5-10 feet of an outfielder is probably an error, a dropped fly ball that a fielder had to sprint to get to is probably a hit.
 - ex. A single that turns into a home run because of multiple fielding errors should be scored as a single with multiple errors, and not a home run.
 - ex. If the catcher doesn't catch the pitch, a "stolen" base should be scored as a passed ball and not a stolen base. A pitch the catcher can't make a play on is a wild pitch

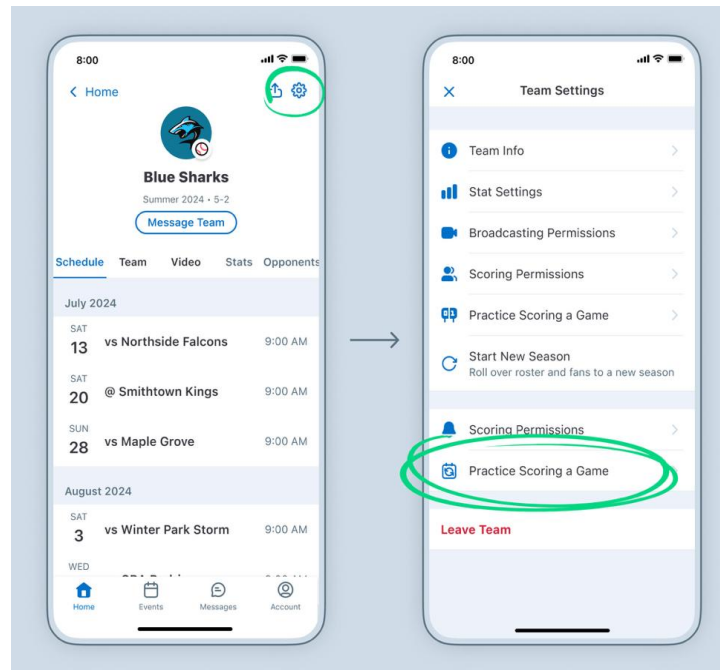

And finally, a huge thank you to everyone who pitches in (pun intended). It's hugely helpful for all our players...and all the friends and family who choose to follow games from afar ☺

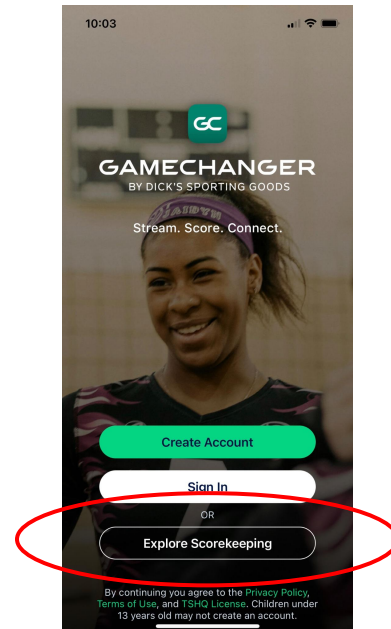

Practice? We're talking about practice?!

We highly encourage everyone to practice scoring before live game action, using one of the following options:

From your team page
Team Staff only

From the app login screen
Anyone!

Team Volunteer Dibs

Additional team volunteer positions include game changer and team managers.

Game Changer *(max 2 per team)*

- Need 1-2 volunteers to run game changer (GC) for the season for each team.
- Limiting to 1-2 volunteers keeps consistent stats.
- If you are interested, please coordinate with your team manager
- GC will fulfill your dibs requirement!

Team Manager *(max 2 per team)*

- Discussed in later slides.
- Similar to GC, team managers will fulfill their dibs requirements.

*More details can be found within the Millers [volunteer policy](#).

Ages 13U and up that are permitted to use metal cleats should share this info with their pitchers and opposing coaches. Pitchers will need to wear plastic/molded cleats or tennis shoes.

Disciplinary Standards

- Coaches must enforce the rules regarding player behavior
- The following behavior is unacceptable while wearing a Millers jersey:
 - Disrespect of teammates. This includes bullying and denigrating playing ability
 - Disrespect of opponents
 - Any emotional display which reflects poorly on the Millers
 - Insubordination
 - Obscenity
 - Mistreatment of equipment
 - Mistreatment of umpires
 - Any other violation of Player Code of Conduct

Disciplinary Standards - Consequences

- First offense (Mulligan) – Coach discusses violation with player and parents
- Second offense – Coach benches player for remainder of game and discusses violation with player and parents
 - If violation outside of game, player is benched for next game
- Third offense: Benched for remainder of game AND next game, coach discusses with player and parents, MYBA President notified
 - If violation outside of game, player is benched for next game
- Fourth offense: Player is removed from game/practice, matter is referred to MYBA President
- We will be providing coaches with a way to document disciplinary issues and commitment/attitude/effort concerns so we can support and address any problems prior to the end of the season.

Coach Evaluation and Feedback Process

- Post-season survey distributed to parents
 - Feedback shared in post-season review
- Post-season reviews with all Head Coaches in September/October

Playing Time and Positions

NOTE: These are GUIDELINES and not POLICIES. But if a parent complains the guidelines aren't being followed, historically MYBA is inclined to side with the parents

9U-12U Guidelines:

- All players should have at least 5 games with 3 innings played in the infield
- All players should have at least 5 games with 2 innings played in the outfield
- Each player should spend at least 20 innings at 2 positions (OF counts as 1 position)
- No player should sit more than 2 innings in a game (assumes 11-12 player roster)
- All players should have at least 5 games in top half of batting order
- Players interested in pitching with enough control to do so safely should be allowed at least one opportunity to pitch a complete IP, those too wild should be developed for future use
- Strive to develop at least **2 Catchers** and **6 Pitchers (>20 innings pitched)**

Playing Time and Positions

13-14U Guidelines

- Each player should spend at least 20 innings at 2 positions (14U only)
- No player should sit more than 3 innings in a game (assumes 11-12 person roster)
- Players interested in pitching with enough control to do so safely should be allowed at least one opportunity to pitch a complete IP, those too wild should be developed for future use
- Strive to develop at least **2 Catchers** and **6 Pitchers (>20 innings pitched)**

Recommend Playing Time and Positions

- League play = More balanced approach; Tournament play = More competitive approach
- Balanced approach
 - Continuous batting order
 - Large pitching rotation - Entire team pitches
 - First 4 innings: All players have 2 innings IF, 1 OF, 1 bench
 - Last 2 innings: Dictated by situation
 - Give all players token opps at key positions they want to play
- Competitive approach
 - Optimized batting order and defensive positions
 - Narrower pitching rotation

Arm Care

14-15U	75	105	26-40	41-60	61+	3

- MBL/MBT Maximums

Level	League Game/Wk Max	Tourney Game/Tourney Max
9 - 10U	50/75	75/ 100 (25 fewer than 2024)
11U	50/75	85/ 110 (25 fewer than 2024)
12U	50/90	85/ 110 (25 fewer than 2024)

14 - 15U	75/105	95/ 130 (15 fewer than 2024)

MYBA Arm Care Policy

- Adopting modified MBL standards as follows:
 - Rest days enforced during league play
 - Rest days carry over from league to tournament
 - MBL rest days otherwise waived during tournament
 - Rest days carry over from league to tournament. Rest days aggregate to max of 3
 - **Example: 10U team has Thursday league game followed by tournament. Zach throws 30 P Thursday. He cannot pitch the tournament Friday. He throws 50 P Saturday. He is eligible to pitch tournament Sunday and throws another 50 P. His 100 P in the tournament = 3 days rest. He must rest until Thursday**
- To ensure compliance, coach/manager must enter pitch counts on MBL website by 10:00 the following morning AND before start of tournament. Tournament compliance mechanism TBD
- When your players report arm pain, **listen to them and rest them**
- Develop at least 6 pitchers to throw at least 20 IP. “I have no pitching depth” is NOT an acceptable answer for grinding down a young arm
