2. Click on the down arrow to the right of Other Calendars

▼ Other calendars ▼

3. Select “Add by URL”
4. Pop up window is displayed. Enter the URL link for your son/daughter’s hockey team.

The screenshot shows a small window titled "Add by URL" with a close button (X) in the top right corner. Inside the window, there is a label "URL:" followed by a text input field. Below the input field, there is a line of text: "If you know the address to a calendar (in iCal format), you can type in the address here." Below this text is a checkbox labeled "Make the calendar publicly accessible?". At the bottom of the window, there are two buttons: "Add Calendar" and "Cancel".

5. Click on “Add Calendar”
6. Calendar has been added to your Google/Gmail calendar. If you want to change the color or notifications, click on the down arrow to the right of the calendar and select the color or select calendar settings.

Note: To see this calendar on your Android phone, you may need to go into the settings on your Phone/Calendar and add the calendar
