

Coulee Alpine Racing Inc. (CAR)

2022-2023 Season

Program Descriptions

Mission Statement

Coulee Alpine Racing is committed to providing opportunities for young athletes to develop their abilities and instill a lifelong love of skiing and snowboarding in a fun, educational, and supportive team environment.

Independent High School Racer **\$165**

Our independent High School Racer Program is for athletes who DO NOT attend one of the area high schools who participate in a high school co-op. It was made available to provide athletes who attend a high school in our area that does not participate in the co-ops a chance to race in a high school conference.

- All Independent High School Racer's will be required to register for the Coulee Alpine Racing's Independent High School Race Program and for the High School Program managed by Coulee Alpine Racing.
- Racers will need to have a physical on file at their high school of residence. If the racer is homeschooled we will make other arrangements.
- Racers will be required to adhere to all guidelines for high school racers put forth in our Western Conference Handbook. You will also be required to pay all fees required as a high school racer as well as the fee for Independent High School Racer CAR Program.
- Racers will not be part of the Central/Logan or AOWS team. When they race in our conference races or any other races including the state meet they will be considered "independent" racers.
 - Racers will not be competing as team members, but will be able to place individually.
 - Racers eligibility to compete and their seed placement in the State Meet will be determined by the coaches.
- Independent racers are unable to earn a letter and will not be recognized by their school in any way. Coulee Alpine Racing will recognize independent racers at our awards banquet.
- Racers will be responsible for covering the cost of the State Meet and any other race fees.
