

## UPDATING YOUR COMMUNICATION SETTING

Once you've created your account on [cyfa.sportngin.com](http://cyfa.sportngin.com) please make sure to update your communication settings so your cell phone, email or both are selected. The following is an example of how to get that done. CYFCA wants to communicate with you the way you prefer.

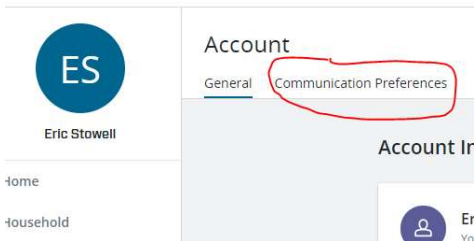

1. When you've logged in, go to your initials in the upper right corner and click on it.

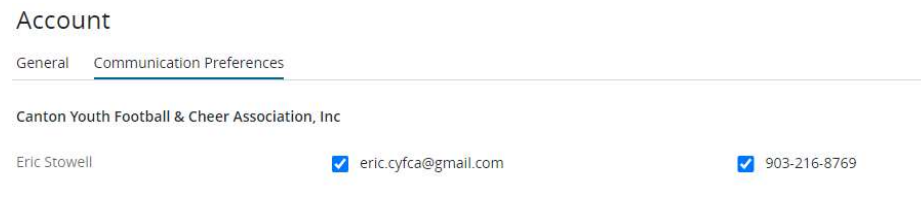

2. It will open this box and choose Account Settings

3. Next choose Communication Preferences

4. Then make sure your cell phone AND email are selected.

CYFCA would like to communicate with you through text, if possible, when we need to send out mass communications with updates during the season and future seasons.
