Format

Tournament format will be based on the number of applicant teams as stated in the Rules and Regulations.

The tournament will be divided into divisions based on state and age classification. A team's state affiliation will be determined by 1) state of registration and 2) the residence of 80% of its rostered players. Any exception must be approved by the CAHA Board of Directors. Exceptions will be allowed only for teams who roster players residing on a state border where the closest proximity to a Tier II team crosses the state line. This determination will be based on the roster as of November 30 of the current playing season.

There will not be separate divisions for 'AA' and 'A' teams. All applicant teams in each age classification will compete against each other based on the formats noted above.

- Teams are not required to participate in the CHL 'AA' division to apply for this tournament.
