

FREE CUSTOM

MOUTHGUARD

Get-It-Straight Orthodontics

is providing custom mouthguards for any lacrosse student athlete at no charge so they can be protected as best as possible out on the field! Students of all ages are eligible. Be ready for the season: call our Pittsford (585) 248-5100 or Greece (585) 254-1650 office today to schedule a scan of your mouth (no gooey molds!)

Scans can be scheduled in our Pittsford or Greece Office locations during the month of March.

*If a player is currently in orthodontic treatment they are not able to wear a custom mouth guard (this will prevent their teeth from moving). We are happy to provide a standard mouth guard instead!
