District of Columbia State Athletics Association
Clark Ray, Director
810 First Street NE, 5th Floor
Washington, DC 20002
Mission

The mission of the District of Columbia State Athletics Association (DCSAA) is to serve member schools and the maximum number of their student-athletes by providing leadership and support for interscholastic athletic programming that will enrich the education experiences of all participants.

The DCSAA will preserve and promote the educational significance of interscholastic athletics by:

- Providing for fair competition between member schools;
- Promoting sportsmanship and ethical behavior;
- Establishing and enforcing standards of conduct for student-athletes, coaches, administrators, officials and spectators;
- Protecting the physical well-being of student-athletes and promoting healthy adolescent lifestyles; and
- Promoting participation of female and disabled students on member teams.

I. Membership

Membership in the DCSAA shall be voluntary, with the exception of the individual District of Columbia Public Schools which are required by D.C, Official Code § 38-2661.23 (a) to be members. All member schools are required to sign an affirmation of the obligations of membership. Schools who wish to compete for any District of Columbia State Championships must declare their intent to do so by June 1 of each year preceding the next school year by electronically submitting a signed membership application along with a declaration form declaring the sports in which they will compete.

Membership List:

Please see the DCSAA Website https://www.dcsaasports.org for current membership information.

II. Organization

The DCSAC is an independent agency established by the Act that provides oversight and governance of interscholastic athletics in the District of Columbia. The DCSAA is authorized by the DCSAC to interpret, apply and enforce the Mayor’s regulations governing the conduct of interscholastic athletics and to make conforming amendments to any internal procedures.

III. Administration

The DCSAC shall choose annually from among its members a Chairperson and such other officers as it deems necessary. All meetings of the DCSAC shall be called by the Chairperson or a majority of the members.

The DCSAC shall appoint an Executive Director to carry out the day to day duties and responsibilities of the Commission. The Executive Director shall serve a three (3) year term by majority vote. The Executive Director may be reappointed by a majority vote. After notice and an opportunity to be heard, the DCSAC may remove the Executive Director only for cause that relates to the Executive Director’s character or efficiency by a majority vote of the Commission.

The Executive Director of the Commission shall serve as the Director of the DCSAA.

IV. Committees of the DCSAC

The Chairperson of the DCSAC shall be an ex-officio member of all standing and ad-hoc committees. Committee membership may include administrators, athletic directors, coaches, local school board members, officials, and public members.

These standing committees include: Appeals, Rules and Regulations, and Sportsmanship. The chairperson of the DCSAC may appoint additional ad-hoc committees with specific assignments when deemed necessary.

The Chairperson of the DCSAC shall appoint individuals to serve as committee chairpersons. The individuals appointed shall serve for an indefinite period of time. The Chairperson of the DCSAC however, with the advice of the DCSAC Executive Director, in his or her discretion, may remove a committee chairperson.

Conflict of Interest: Any Commissioner of the DCSAC who may be directly affected or whose school or school district may be directly affected by a potential decision related to an appeal or waiver request shall recuse himself or herself from consideration of the matter and shall not vote on that appeal or waiver request. The Chairperson of the DCSAC is responsible for maintaining the integrity of the decision making process.
V. Responsibilities of the DCSAA Director

The Director of the DCSAA shall interpret the Rules and Regulations and may grant waivers of Rules and Regulations. Any waiver granted by the DCSAA shall be temporary and shall be subject to review and approval of a DCSAC Athletic Appeals Panel (AAP) at a subsequent or special meeting. All decisions or actions as noted above shall be documented and shall be part of any hearing or appeal procedure.

The DCSAA Director may decide issues between meetings of the DCSAC. The DCSAA Director shall initiate a review of or fully investigate an alleged violation of the Rules and Regulations that he/she has seen or read about, or which has been reported to him/her in writing and signed by the school official. The DCSAA Executive Director may also refer investigations to committees established by the DCSAC Chair or employ special investigators as necessary to conduct such investigations.

The DCSAA Director shall carry on the business of the DCSAC and DCSAA between meetings. In addition, the DCSAA Executive Director shall administer the day-to-day operation of the organization and serve as senior staff to the DCSAC.

In the event that the DCSAA Director is unavailable to perform his or her duties due to a conflict of interest or otherwise and a matter requires immediate action, the DCSAA Director may delegate the matter to a subordinate, to the Chairperson or Vice Chairperson of the DCSAC. In such a case, the action shall be treated as the action of the DCSAA Director under the DCSAA rules and regulations.

VI. Responsibilities, Powers and Duties of the Athletic Director

The Athletic Director of each member school shall exercise general control over and maintain written records of all of the interscholastic athletic matters of his/her school which include but is not limited to the following:

(a) Sanctioning of all local interscholastic athletic contests in which his/her school(s) participates.
(b) Excluding any contestant because of improper conduct or ineligibility.
(c) Excluding any contestant whose physical health would be jeopardized by such participation, because of illness or injury suffered, until such time as the contestant is declared physically fit by the school or attending physician.
(d) Protecting the well-being of all visitors and officials attending interscholastic athletic contests conducted by his/her school. Administrative heads of member schools shall be expected to provide adequate security and, in the absence of such provisions, penalties may be imposed by the DCSAC.
(e) When a contest is conducted at a neutral site, the Athletic Director of the participating schools shall be held jointly responsible for the protection and wellbeing of all visitors and officials. In the absence of adequate security, penalties may be imposed upon either or both of the schools.
(f) Protecting the well-being of the school's participants by providing them with safe and suitable uniforms and equipment and conducting practices and contests in a manner which minimizes risk to the health and safety of student athletes.
(g) Ensuring that all required contracts for athletic contests in which the school participates are in writing and bear the proper signatures.
(h) Designating a staff member of the school as the faculty manager for the teams representing the school or to serve as the faculty manager. If no such designation is made, the coach shall be deemed as serving as the faculty manager.
(i) Ensuring that an authorized representative accompanies the school's teams to and from all contests.
(j) Certifying in writing the eligibility of his/her school's contestants in accordance with
the Regulations of the Office of the State Superintendent of Education.

(k) Exercising such other powers regarding the interscholastic athletic program of the school as is consistent with the needs of the school and with the provisions and spirit of the Regulations of the DCSAA.

(l) Urging all students competing on the school’s teams to obtain medical accident insurance which covers athletic participation.

VII. Amendments to the District of Columbia State Athletic Associations Regulations

The DCSAC, the DCSAA Director, the LEA Athletic Director or any member school may propose changes, additions, or deletions to the DCSAA regulations. Proposed changes shall be submitted in writing by a member school(s) to the DCSAC Executive Director and these proposed changes and any other changes submitted by the DCSAC Executive Director of the DCSAA, the DCSAC, or the LEA Athletic Director shall be reviewed by the Rules and Regulations Committee at the DCSAC Spring meeting.

Any proposed changes to the Regulations along with comments received from the Rules and Regulations Committee shall be considered at the spring scheduled meeting of the DCSAC. The proposed changes shall be submitted to the Mayor for consideration of promulgation pursuant to §38-2661.31.

VIII. Reporting Violations of the DCSAA Regulations, Protests and Complaints to DCSAC

Reporting violations of DCSAA regulations. If a member school violates a provision of the DCSAA regulations, the principal and/or administrative head shall notify the DCSAA Director in writing of the violation and provide a copy of the documentation to support the violation. The DCSAA Director may impose immediate penalties. All violations shall be reviewed by the DCSAC which may impose additional penalties.

Upon completion of the review, the DCSAC may impose additional penalties above the automatic penalties listed within the specific regulation violated as deemed necessary to assure proper conduct of interscholastic athletics or for repeat offenses.

Reporting Protests and Complaints. All protests involving game competition that are allowable as defined in the NFHS (name of sport) Rule Book and deemed by the DCSAA Director to be the responsibility of DCSAA, and not a local league or conference, shall be heard by a three person protest panel. This panel will include the DCSAC Executive Director, the DCSAC Chairman or Vice Chairman, and the State Tournament Director of the given sport. Protests must be submitted in writing within 48 hours of the conclusion of the contest or earlier if required by National Federation of State High School rules. The decisions of the DCSAC protest panel may not be appealed.
All complaints other than protests involving game competition brought before DCSAC shall follow the procedures as noted above.

IX. Penalties

A failure to comply with this policy shall constitute a violation which will result in the following penalties against the member DCSAA school and either the student or the coach, or both. Depending upon the severity of the violation, more than one penalty may be imposed against the member DCSAA School, student, or coach, or all of the above. Penalties shall be imposed in the order listed below:

(a) Against a member school:
   (1) Declare forfeit of all games in which the violation occurred.
   (2) Declare the member DCSAA School ineligible for championship honors for the current school year in the sport in which the violation occurred.
   (3) Declare the member DCSAA School on probation for one school year which shall render the school ineligible to compete in any approved State Meet or tournament for that year.
   (4) Impose additional penalties as may seem justified in the particular case considered.

(b) Against a student:
   (1) Declare the student to be ineligible for the next sixty (60) school days following the date the student was found to be in violation. These sixty (60) school days will carry over into the next school year if the violation occurs during the spring marking period.
   (2) Declare the student to be ineligible to compete in the sport in which the violation occurred during the subsequent season.
   (3) Impose additional penalties as may seem justified in the particular case considered.

(c) Against a coach
   (1) Censure.
   (2) Declare the coach ineligible to coach a team for one year in the sport in which the violation occurred.
   (3) Declare the coach ineligible to coach a team in any sport for two years.

   (4) Impose additional penalties as may seem justified in the particular case considered.

X. DCSAA Investigative Procedures

The following investigative procedure shall be followed when the DCSAC office receives information indicating that an incident has occurred which is not in the best interests of the interscholastic athletic programs of the member schools of DCSAA.

The administrative head of the member school involved shall be notified by telephone and confirmed by letter of the pending investigation (copy to be forwarded to the chief school officer). The notification shall contain an explanation of the nature of the investigation and identify the person(s) conducting the investigation.

If the grievance is regarding the administrative head of school, the complaint may be referred directly to the governing body, or the equivalent supervising authority.

Permission shall be sought from the principal and/or administrative head of the member school to interview students and staff members, and each person interviewed shall be informed of the nature of the investigation. Parents must also provide permission to interview their child.

Upon completion of the investigation, a written statement of charges shall be presented to the principal and/or administrative head of the charged school (copy to be forwarded to the chief school officer).

When immediate punitive action by the DCSAC Executive Director is necessary, the action taken shall be stated in writing.

When charges are to be presented to the DCSAC, the charged school shall be advised of the meeting date, time, and location and shall be provided with an opportunity to respond to the charges.

XI. Waiver of DCSAA Rules & Regulations

The DCSAA has the authority to set aside the effect of any athletic rule, regulation or policy, subject to any limitations set forth in the specific rule, regulation or policy, when the affected party establishes by the preponderance of the evidence, all of the following conditions:

(a) Strict enforcement of the rule in the particular case will not serve to accomplish the purpose of the rule;
(b) The spirit of the rule being waived will not be offended or compromised;
(c) The principle of educational balance over athletics will not be offended or compromised; and
(d) The waiver will not result in a safety risk to teammates or competitors.

Waivers are exceptional and extraordinary relief from the athletic rules and regulations. Ignorance of any rule alone, whether by the student athlete, his/her family, or school, shall not be sufficient reason for waiving a rule. The burden of proof rests on the applicant (the student, his/her parents or guardians, principal, head of school, or other affected party) to show extenuating circumstances warranting waiver.

The waiver request shall contain all facts pertaining to the case, including sufficient data to make it possible to reach a decision without further investigation. It is not the duty of the DCSAC Executive Director or the DCSAC to produce or collect information.

Waiver seasonal deadlines for School Year 18-19 are:
Fall Sports - September 14, 2018; Winter Sports - December 14, 2018; Spring Sports – March 29, 2019.

A request for a waiver of the eligibility requirements shall be made by submitting a completed DCSAA waiver application that has been signed by the member school athletic director and principal, and a custodial parent, or a custodial guardian

(a) Waiver requests should be filed promptly when it becomes apparent to the student-athlete, principal, and head of school or other affected party that a waiver will be required. Failure to provide all required and signed documentation to the DCSAA render a waiver request as being incomplete and subject to immediate denial.

(b) The member school and/or the LEA must process and forward the waiver application to the DCSAA within five (5) business days of receipt of the waiver. A member school signed statement of support or nonsupport by the principal/head of school must accompany the waiver application.

(c) The Director of the DCSAA has five (5) school days after receipt of the waiver from the member school to approve the waiver or forward it to the DCSAC AAP for review. Student-athletes and/or the member school have the right to request a DCSAC AAP review if they do not agree with the decision of the Director of the DCSAA.

(d) If the waiver application is forwarded to the DCSAC Chair for a DCSAC AAP review, the applicant will be contacted by email or phone. A waiver review will be scheduled and conducted in person in an informal manner that affords all parties the opportunity to present all information and all relevant arguments.

(e) The DCSAC Chair has five (5) school days after the date the waiver has been received to schedule a review.

(f) From the date of the review, the DCSAC AAP has five (5) school days to issue its decision.

(g) The Applicant has the right to appeal the DCSAC AAP’s final decision to the D.C. Superior Court pursuant to D.C. Official Code § 11-921. Appeals must be received by the Clerk of the Superior Court no later than 30 days after the date of the final decision.

The DCSAC Athletic Appeals Panel may administer oaths, take testimony, hear proofs, and receive exhibits into evidence at any hearing. Testimony at any hearing shall be under oath or affirmation.

Any party to a proceeding before the DCSAC may be represented by counsel. An attorney representing a party in a proceeding before the Board shall notify the DCSAC Executive Director of the representation in writing as soon as practicable.

Strict rules of evidence do not apply. Evidence having probative value commonly accepted by reasonably prudent people in the conduct of their affairs may be admitted into evidence.

To aid the DCSAC Appeals Panel in making an informed decision, the waiver request shall include the student’s:

(a) Official transcripts from the ninth grade through the current school year and semester grades for the current school year;
(b) Official attendance records for the last two (2) years;
(c) A signed statement/explanation from the Custodial Parent or Legal Guardian as to why the student-athlete deserves a waiver of the athletic rules;
(d) A signed letter from the LEA athletic director, principal, or head of school of the school requesting the waiver either supporting or not supporting the waiver request;
(e) Medical records (if applicable);
(f) Legal documentation (if applicable);
(g) IEP’s (if applicable); and
(h) Any documentation or evidence to substantiate a hardship or extenuating circumstance exits.
If a question arises that requires a review of a student-athletes eligibility files and/or school records, DCSAA, at its discretion, may request to review a student-athletes eligibility files. DCSAA will request, through a member school and/or LEA, from a custodial parent(s), or a custodial guardian(s) of the student-athlete or the student-athlete, if age 18 or above, to sign a consent for release of information authorizing the release of eligibility files. Such DCSAA requests will include the reasons supporting the request and will specify the record or records needed for review. Failure to provide consent upon written request from the DCSAA will result in the student-athlete whose eligibility is being questioned to be deemed ineligible to participate in any official contest of a sanctioned DCSAA sport or activity.

For waiver requests involving a transfer, documentation of official withdrawal from the sending school and official registration or acceptance to the receiving school.

Any document introduced into evidence at the hearing shall be marked by the DCSAC and shall be a part of the record of the hearing. The party offering the document into evidence shall provide a copy of the document to each of the other parties, if any, and to each of the Appeals Panel members present for the hearing unless otherwise directed.

Any request by the DCSAC AAP for additional information pertaining to a waiver request shall be promptly supplied by the affected students, coaches, and member schools.

The DCSAC shall consider the entire record of the case in reaching its final decision. Unless otherwise provided, a decision made on a waiver request shall be effective immediately.

All AAP hearings shall be recorded. The recording is the official record of what occurred at the proceeding. Any party may obtain a copy of the recording of a hearing at the party’s expense. Transcripts may be prepared, at the expense of the requesting party, by a qualified reporter or transcriber who shall personally certify that he or she is not a party or counsel to a party or otherwise related to or employed by a party or counsel in the case; that he or she has no material interest in the outcome of the case; and that the transcript represents the testimony and proceedings of the case as recorded.

**XII. Sportsmanship**

Member schools are required to conduct all of their athletic affairs with other schools in a spirit of good sportsmanship and with the interests of the student athletes first and foremost. Acts which are prima facie evidence of a failure to abide by this rule are those which are noted below and others of a similar nature which transgress the usually accepted code for good sportsmanship:

(a) Failure to provide for proper control of spectators at a contest. When the number of spectators is expected to be large in relation to the seating capacity of the facility, uniformed state, county, or local police shall be provided for crowd control. The host school is expected to take reasonable and proper steps to assure crowd control under any foreseeable conditions.

(b) Failure of a team or competitor to stay in a contest until its normal end when failure to do so is related to dissatisfaction with the officiating of the contest, unless the physical safety of the team or competitor would have been endangered by continuing the contest.

(c) Harassment of game officials by a coach. Going onto the playing surface to interrupt a contest in protest of a decision by an official; conduct by a coach, team member, or any individual in the official party which invokes a penalty against the team; continued and visible actions by a coach which indicate to the team and to the spectators that the coach believes the game is being improperly officiated; public demonstrations before, during or after a game with game officials which indicate to others extreme dissatisfaction with the officiating; and such related actions when exhibited in aggravated form are evidence of poor sportsmanship.
(d) Failure of a school to use every means at its disposal to impress upon its faculty, student body, team members, coaching staff, and spectators the importance of good sportsmanship before, during, and after athletic contests. The host school is encouraged to read a brief statement to the teams and the public concerning sportsmanship prior to the start of each athletic contest.

(e) Failure of an administrator, athletic director, coach, athlete, official, or spectator to comply with the directions stipulated in the following Code of Interscholastic Athletics:

1. The School Administrator and Athletic Director shall:

   (A) Encourage and promote friendly relations and good sportsmanship throughout the school by requiring courtesy and proper decorum at all times, by familiarizing students and others in the community with the ideals of good sportsmanship, and by publicizing these concepts and attitudes so that all members of the school community understand and appreciate their meaning.

   (B) Review the sportsmanship rules with all athletic staff and student-athletes.

   (C) Insist upon strict compliance with all DCSAA rules and regulations.

   (D) Insist upon adequate safety provisions for both participants and spectators in all activities.

   (E) Encourage all to judge the success of the interscholastic athletic program based on the attitude of the participants and spectators rather than on the number of games won or lost.

   (F) Insist that all participants adhere to the highest standards of good sportsmanship as a means of ensuring desirable spectator attitudes.

   (G) Provide sanitary and attractive facilities for the dressing and housing of visiting teams and officials.

   (H) Develop and implement policies for their interscholastic athletic programs to discourage acts of bullying, hazing, and taunting.

2. Coaches. The function of coaches is to educate students through participation in interscholastic athletics. An interscholastic program shall be designed to enhance academic achievement and shall never interfere with opportunities for academic success. Each student shall be treated with the utmost respect and their welfare should be considered in decisions by the coach at all times. Therefore, coaches shall:

   (A) Demonstrate sound ideals, good habits, and desirable attitudes in their personal and professional behavior and demand the same of their athletes. Coaches must uphold the dignity and honor of the profession of educator-coach. Their interaction with all students, officials, school staffs, athletic directors, administrators, the state association, the media and the general public (fans) shall be of the highest ethical and moral standard. Coaches are responsible for educating students and their parents and/or legal guardians about the rules of eligibility.

   (B) Recognize that the purpose of competition is to promote the physical, mental, social, and emotional well-being of the individual athletes and that the most important values of competition are derived from playing the game fairly. Coaches must recognize the tremendous influence they have on their student-athletes and must never place the value of winning above the value of instilling the highest ideals of character. Coaches must never exert pressure on faculty members to give students special consideration.

   (C) Be a modest winner and a gracious loser. Sportsmanship shall be a key component of their coaching. Coaching is teaching.

   (D) Maintain self-control at all times and accept adverse decisions without public display of emotion or dissatisfaction with the officials. Register disagreement through proper channels. Coaches shall exert their influence to enhance sportsmanship by spectators.

   (E) Employ accepted educational methods in coaching and give athletes an opportunity to develop and use initiative, leadership, and judgment.

   (F) Pay close attention to the physical wellbeing of athletes, refusing to jeopardize the health of an individual for the sake of improving their team’s chances to win. Coaches must be properly informed of all required national, state and local safety policies and procedures.

   (G) Teach athletes that it is better to lose fairly than to win unfairly.

   (H) Establish policies which discourage the unlawful use of drugs, medications and non-prescribed drugs. Coaches shall set an example to athletes by not using these
products in their presence. Do not allow gambling, profanity, abusive language, and similar violations of the true sportsman’s or sportswoman’s code.

(I) Refuse to disparage an opponent, an official, or others associated with interscholastic athletics and discourage gossip and rumors about them. Actively set an example of respect and support for contest officials and opponents. Coaches must be highly ethical in all forums, chat rooms and all forms of social media and communication regarding the sport and participants.

(J) Properly supervise the athletes under their immediate care.

(K) Enforce school policies regarding bullying, hazing, and taunting and never tolerate any of these actions by team members or others.

(L) Know the playing rules and procedures of their sport and teach them to team members. Coaches shall insist upon strict compliance with all DCSAA rules and regulations and never seek an advantage by circumvention of the spirit or letter of the rules.

(M) Never illegally recruit athletes.

3. Participants (athletes and cheerleaders) shall:

(A) Be responsible for the perpetuation of interscholastic athletics. Strive to enhance the image of athletics not only as a member of a team but also as a member of their school and community.

(B) Be courteous to the visiting team. The opponent wants to excel as much as the home team. Respect their efforts.

(C) Play hard to the limit of personal ability regardless of discouragement. The true athlete does not give up, quarrel, cheat, bet, or grandstand.

(D) Be modest when successful and be gracious in defeat. A true sportsman or sportswoman does not offer excuses for failure.

(E) Understand and observe the playing rules of the game and the standards of eligibility.

(F) Respect the integrity and judgment of the officials and accept their decisions without complaint.

(G) Respect the facilities of the host school and do not violate the trust entailed in being a guest.

(I) Refrain from participating in or encouraging the acts of bullying, hazing, and taunting.

(J) Respect others including fellow students, athletes, opponents, coaches, officials in all areas including public forums and social media. Display highly ethical conduct in all forums, chat rooms and all forms of social media and communication.

4. Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence and responsibility. Therefore, officials shall:

(A) Know the rules, interpretations and mechanics of their sport and be thoroughly trained to administer them. Be prepared and qualified both mentally and physically for the contest they are officiating, dress neatly and appropriately, and comport themselves in a manner consistent with the high standards of the profession.

(B) Maintain self-control in all situations and with all persons.

(C) When enforcing the rules, do not make gestures or comments that will embarrass the athletes or coaches. Be mindful that their conduct influences the respect and conduct of students, coaches and the public. Remember the field, court, pool or mat is a classroom.

(D) Be impartial and fair, yet firm, in all decisions. A good official will not attempt to compensate later for an unpopular decision.

(E) Refrain from commenting upon or discussing a team, athlete, or game situation with those not immediately concerned. This shall include all forms of public communication and social media. The official must be highly ethical in all forums, chat rooms and all forms of social media and communication regarding the sport and participants.

(F) Conduct the game so as to enlist the cooperation of the athletes, coaches, and spectators in promoting good sportsmanship. Set a professional example by being punctual and under control at all times. Uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues and the public.

(G) Refrain from participating in or encouraging the acts of bullying, hazing, and taunting. Do not tolerate nor let go unpunished any of these actions.
(H) Maintain certifications and be educated in all national, state and local safety procedures that are required of them. Work with event management and the state association to eliminate unsafe conditions or situations.

5. Spectators shall:

(A) Realize that they represent the school just as definitely as does a member of the team, and that they have an obligation to be a true sportsman or sportswoman and to encourage, through their behavior, the practice of good sportsmanship by others.

(B) Recognize that good sportsmanship is more important than victory by approving and applauding good team play, individual skill, and outstanding examples of sportsmanship and fair play exhibited by either team. The following are some examples of poor sportsmanship which shall not be tolerated:

(C) Profanity, vulgarity, obscene gestures, abusive language, or derogatory remarks.

(D) Throwing objects.

(E) Going onto the playing surface and interrupting a contest.

(F) Use of alcohol or other controlled substances.

(G) Respect the judgment and integrity of the officials, recognizing that their decisions are based upon game conditions as they observe them.

(H) Treat visiting teams and officials as guests extending to them every courtesy.

(I) Be modest in victory and gracious in defeat.

(J) Refrain from participating in or encouraging the acts of bullying, hazing, and taunting.

Processing Sportsmanship Violations

A member school shall not be represented by individuals whose conduct reflects discredit upon the school.

(a) The school whose administrator or athletic director behaves in a manner likely to have an adverse influence on the attitudes of the athletes or spectators may be provided with a choice of:

(1) Reprimanding its administrator or athletic director and providing written documentation of such reprimand to the DCSAC Executive Director, or

(2) Suspending its administrator or athletic director from representing the school in athletic events for a specified period of time not to exceed 180 school days and providing written documentation of
said suspension to the DCSAC Executive Director.

(b) An athlete shall not strike an official, opponent, coach, or spectator or display gross misconduct before, during, or after an athletic event. The athlete, depending on the seriousness of the act, may be declared ineligible by the principal, head of school, DCSAC Executive Director, or Sportsmanship Committee for a specified period of time not to exceed 180 school days.

(c) In the case of spectators physically assaulting an official, coach, or athlete, the school may be given the option of either taking punitive action against the offender or accepting discipline from DCSAC.

(d) Schools that do not fully cooperate in promoting the spirit of the Sportsmanship Rule may be disciplined by DCSAC following guidelines established by the National Federation of State High School Associations.

(e) The school whose coach behaves in a manner likely to have an adverse influence on the attitudes of the athletes or spectators may be provided with a choice of:

1. Reprimanding its coach and providing written documentation to the DCSAC Executive Director, or
2. Suspending its coach from representing the school in athletic events for a specified period of time not to exceed 180 school days and providing written documentation of such suspensions to the DCSAC Executive Director, or

(f) An administrator, athletic director, or coach may be considered as having committed an unsportsmanlike act if:

1. They make disparaging remarks about the officials during or after a game either on the field of play, from the bench, or through any public news media, or
2. They argue with the official or indicates with gestures or other physical actions his/her dislike for a decision, or
3. They detain the official on the field of play following a game to request a ruling or explanation of some phase of the game, or
4. They make disparaging or unprofessional remarks about another school’s personnel.

All actions by a Member school resulting from an investigation relative to the above policies shall be subject to approval by the DCSAC or the Sportsmanship Committee.

Penalties for Sportsmanship Violations

Game Ejection. An athlete or coach may be disqualified before, during, or after a contest for unsportsmanlike and/or flagrant verbal or physical misconduct.

An athlete who leaves the team bench area and enters the playing field, court, or mat during a fight or other physical confrontation shall be automatically ejected from the contest. Additional penalties may be imposed if an athlete leaving the bench area becomes involved in the altercation.

An athlete or coach disqualified before, during, or after a contest shall be suspended from the next contest up to and not to exceed the following two (a winner is determined or a tie is declared) contests at that level of competition and all other complete or suspended contests in the interim at any level of competition in addition to any other penalties which DCSAC or a conference may impose. During the suspension, the coach or athlete may not be present at any game at any level of competition in that sport involving their school. In addition, the coach or athlete may not be present at any game-related activities immediately before the contest, during the intermission, or immediately after the contest. The coach or athlete must be “out of sight and sound” of the game and game-related activities regardless of whether the coach or athlete is physically on school premises. If the offending coach or athlete is present at a game or game-related activity during the suspension in any capacity, including but not limited to: manager, statistician, site worker, spectator, etc., the individual will be suspended for one additional game at that level of competition.

If a coach is disqualified from the final contest of the season, the suspension shall carry over to the next year in that sport. In the case of an athlete, the same penalty shall apply if said athlete retains eligibility in that sport.

Seniors shall fulfill their penalty in the post season all-star game in that sport. If not chosen to participate in the all-star game, they shall fulfill their penalty in another sport during the same season or another sport during a subsequent season. When a senior is disqualified from the last game of their high school career, the member school is requested to take appropriate administrative action to discipline the
An athlete or coach ejected for a second time during the same season shall be subjected to a five game suspension and meet, in a timely fashion, with the Sportsmanship Committee accompanied by the principal or designee and, in the case of an athlete, by the coach.

Appeal of an automatic contest suspension. A coach or athlete may appeal an automatic contest suspension to the DCSAC Executive Director. The DCSAC Executive Director may decide the appeal or in his discretion refer it to the Sportsmanship Committee or subcommittee.

The DCSAA Director’s, or Sportsmanship Committee’s, or subcommittee’s decision to uphold or rescind the suspension resulting from a game ejection is final and may not be appealed.

Unless otherwise limited, the DCSAC Executive Director and Sportsmanship Committee may impose any penalties as deemed necessary based on the particular circumstances. The following are examples of possible penalties and represent degrees of discipline in enforcing a violation of sportsmanship:

(a) Reprimand, a reprimand may be given by the DCSAA Director or the Sportsmanship Committee. It is official notice that an unethical or unsportsmanlike action has occurred, is a matter of record and that such an occurrence must not be repeated.

(b) Probation, probation is a more severe penalty and may be imposed by the DCSAA Director or the Sportsmanship Committee on a member school, a particular team of a member school, a particular coach or athlete of a member school, or an official. Probation may be expressed in one of the following ways:

(1) Conditional probation wherein the offending party may participate in regular season contests, sanctioned events, and conference and state championships provided he or she or the school files with DCSAC a plan indicating the measures that shall be taken to alleviate the problem which caused him or her or the school to be placed on probation, or

(2) Restrictive probation wherein a member school or a particular team of a member school may engage in its regular season schedule but may not enter any sanctioned events, participate in any playoff toward a conference or state championship, or be awarded a conference or state championship.

(c) Suspension, a member school, a particular team of a member school, a particular coach or athlete of a member school, or an official may not participate in any DCSAC sanctioned interscholastic competition.

XIII. National Federation of State High School Associations

DCSAA is the dues paying member affiliate of the National Federation of State High School Associations (NFHS) and as such is the voting representative of the District of Columbia on all matters that come before the NFHS National Council.

The playing rules of the United States Tennis Association and the United States Golf Association are adopted for the sports of tennis, and golf respectively except as modified by the DCSAA.

Member School And LEA Regulations

Each member school and/or LEA may develop interscholastic athletic standards including, without limitations, safety and first aid, eligibility, satisfactory progress toward graduation, practice, equipment, training, probationary actions and grievance procedures for participants. Member school and/or LEA standards shall meet the state minimum requirements and can be more stringent if so desired. However, those more stringent requirements must be objective and quantitative, for example stricter rules on GPA or stricter rules on attendance. Rules of an athletic league, as defined by the act, do not supersede rules, regulations or policy found in the Act, in Chapter 27 of Title 5, Subtitle A of the DCMR or the DCSAA Handbook.

Equivalency Rules

A member school shall not participate in a scrimmage or contest with an intra-district school that is not a member in good standing of DCSAA.

Scrimmage shall be defined as: an informal competition between schools in which the officials are not compensated, a final score is not kept, the time periods are permitted to be modified, the results of the competition are not reported to the media, the coaches are permitted to interrupt the play to provide instruction and the competition is strictly for practice purposes. All participating schools must consider the event to be a scrimmage and therefore cannot count the results as part of their regular season results.

A member school shall not participate in a scrimmage or contest with an associate or non-member school of another state association unless the opposing
school, as part of a written contract, certifies that its contestants are eligible under the rules of its home state association. Member schools shall not participate in a practice, scrimmage, or contest with a non-high school team.

Every Participant Must Be A School Team Member

Each participant in a DCSAA sponsored interscholastic athletic event must be a member of his or her recognized high school team in that sport.

School Team

A school team must be sponsored by and under the control of the school and registered with the DCSAA through the annual renewal process. A school team must have: a coach appointed by the principal; a regular practice schedule through the season defined for that sport; a meaningful schedule of contests through the season defined for that sport; and school uniforms. Teams that are not registered with the Association are not eligible for tournament participation. All school teams must be registered with the Association during the annual summer renewal process.

DCSAA member schools are not permitted to practice with or play interscholastic athletic teams representing high schools that are not members and/ or state approved non-members of the DCSAA or a NFHS State Athletic Association.

Adult Representation

The school principals and athletic directors are responsible to the DCSAA for school teams and other school organizations. All teams and individual participants must have adult representation present and responsible for them at all times. Such adult representation must be an employee or a designated representative of the school district. If the representative is not the coach of record, then the designee must provide written introduction on school letterhead, signed by the principal, or the student-athlete(s) will not be permitted to participate. Schools must have game coverage (other than the coach) at all varsity contests.

Athletes’ Assembly

Prior to each season, every school should hold a Student-Athletes’ Assembly planned by the principal, athletic director, head coaches, and medical personnel to discuss policies, liability, sportsmanship, safety, and wellness. One parent or guardian should attend with each student-athlete.
Academic Awards
The DCSAA provides Certificates of Achievement to all student-athletes and to the school for each team that achieves a minimum combined GPA of 3.00. The Principal or Athletic Director should determine and request the certificates from the DCSAA.

Sportsmanship Awards
The DCSAA provides Certificates of Achievement to individuals, teams and schools that demonstrate notable qualities of exemplary citizenship or leadership. The Principal or Athletic Director should determine eligibility and submit the awards request to the DCSAA.

Equipment
Schools should ascertain that all athletic equipment is in first-class condition and that no defective equipment is used. All equipment should meet the protective standards established by the National Operating Committee on Standards for Athletic Equipment (NOCSAE) for certification or re-certification (http://www.nocsae.org/). The DCSAA recommends that all member schools have written policies, made available to the public, on the following:

- Equipment Cleaning;
- Equipment Repair;
- Equipment Safety Review; and
- Equipment Condemnation.

For the purposes of this handbook, equipment means regulation equipment used by athletes while participating in interscholastic athletic practice sessions and contests. Examples of equipment include: football helmets, soccer shin guards, baseball catcher’s helmets with faceguard, football players’ gloves, and the like.

Private Promoters and Sponsors
In any activity involving one or more DCSAA members, schools should not endorse any private promotion and/or sponsorship, which might result in the exploitation of student-athletes or direct financial gain to the promoter or sponsor.

Transportation
DCSAA is not responsible for providing transportation to and from DCSAA Championship events. Schools should transport teams by common carriers such as school buses, bus lines, METRO, vans or taxi cabs. They should discourage the use of private cars when possible.

Medical Emergency Evacuation/Thunder & Lightning
Each school should develop and disseminate a procedure for treating and transporting an injured athlete. Schools should adhere to the following guidelines if thunder and lightning occurs during outdoor athletic contests:

1. Thunder or lightning necessitates that all outdoor practices and competitions be suspended.
2. Each Member School shall have a plan for shelter prior to the start of any contest.
3. When thunder is heard or when lightning is seen, the following procedures must be executed:
   a. Suspend play and direct participants to the previously identified shelter, a building normally occupied by the public or if a building is unavailable, participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).
   b. Do not permit people to stand under or near a tree; and have all stay away from poles, antennas, towers and underground watering systems.
   c. After thunder and/or lightning has left the area, wait 30 minutes after the last boom is heard or strike is seen before resuming play or competition.

Canceled Season Policy
A school that cancels a sport before an official contest is conducted will not forfeit any wins to its anticipated opponents. Opponents in this case may request DCSAA extensions for finalizing that sport’s scheduling. A school that cancels a sport after completing at least one official contest must forfeit wins to its remaining scheduled opponents. Schools do not have the option of rescheduling other opponents in this case.

Definition of Scrimmage
A scrimmage is defined as two schools competing in a practice setting. Admission shall not be charged. Head coaches of involved teams may stop activity at any time to provide instruction and make substitutions. Only academically eligible student-athletes who are attending a member school may participate in scrimmages of an athletic team during the season. Scores may not be displayed or recorded during the scrimmage. The results of the scrimmage shall not be counted as a part of the involved teams’ season win and loss records.
**Definition of a Contest**

A contest is defined as a competition between two teams from different schools. Only eligible student-athletes who are attending a member school shall participate in scrimmages of an athletic team during the season. All regular season contests shall be scheduled through the member school and/or LEA office of Athletics. All competitions must be conducted in accordance with the constitution, by-laws, policies, procedures, rules, and regulations of DCSAA, NFHS, and the 5A DCMR; Chapter 27.

**Gender Equity and Leadership**

The values of female role models and gender equity in participation for females are important to high school athletic programs and required under federal law. This role modeling will demonstrate to girls that they can become leaders who will have an impact upon the lives of others. Adult women should inspire female student-athletes in a manner that will ensure broadened participation of women in future programs. Female student-athletes should have participation opportunities that male student-athletes enjoy. The DCSAA is committed to encouraging and recruiting women with leadership interests or abilities. All member LEAs and Schools should have policies for increasing female participation in sports.

**Equal Access and Opportunity**

The DCSAA is committed to promoting equal access and opportunity and to providing reasonable accommodations for all student-athletes who desire to participate in interscholastic athletics.

**Resolutions Regarding Litigation**

The administration and management of interscholastic athletics should not be a function of the courts. Legal costs associated with litigation against OSSE impact every high school that is a member of DCSAA. Therefore, the OSSE will seek legal fees and associated costs from any member school and/or LEA that has unsuccessfully brought litigation against it. OSSE is also empowered to seek reimbursement of legal fees and associated costs from any institution seeking membership that has unsuccessfully brought litigation against it.

**Court Orders and Resultant Forfeitures**

In the interest of fairness to all student-athletes, any contest in which an ineligible student-athlete or coach participates under court order will be forfeited if the order is dissolved or the plaintiff ultimately fails to prevail.

**Court Orders and Tournament Seeding**

Student-athlete or teams that have gained court injunctions forcing their entry into DCSAA tournaments will be seeded last.

**Precautions Against the Transmission of Blood-Borne Pathogens**

School personnel and student-athletes must comply with the following procedures to avoid the transmission of blood-borne pathogens:

1. Before competing, cover any open wound.
2. Whenever possible, athletes should treat and cover their own wounds.
3. When rendering first aid to others, wear protective gloves at any time blood, body fluid containing visible blood, open wounds, or mucous membranes are involved.
4. If an individual gets someone else’s blood or other body fluid containing visible blood on his/her skin, the area should be washed with a solution known to inactivate blood-borne pathogens.
5. If blood or other body fluids containing visible blood are present during practice or competition, activity should be halted, and the injured athlete(s) given proper attention. Any contaminated surfaces should be cleaned.
6. Wash your hands with soap and water immediately after exposure to blood or other body fluid.
7. Do not use common towels to clean surfaces contaminated with blood or other body fluid containing blood.
8. Wash all soiled uniforms, towels, etc. in warm or hot, soapy, water.
9. In general, use good hygienic practices and wipe down shared equipment.
10. Member LEAs and Schools should have equipment inspection policy and maintain an equipment maintenance record.

**State Adopted Rules**

It is the responsibility of the DCSAA to establish guidelines for each individual sport in order to ensure compliance with NFHS rules and regulations. It is the sole responsibility of the DCSAA to establish and ensure compliance with “State Adopted” rules. Each LEA is encouraged to create and adopt guidelines for each individual sport that they offer, however,
they may not create rules and regulations that are in conflict with NFHS, State and/or State Adopted rules and regulations.

**Eligibility, General**

Eligibility rules and regulations apply uniformly to all member schools and/or LEA student athletes who participate in a DCSAA sanctioned sport and/or activity. DCSAA may challenge the eligibility determination of any student-athlete participating in a member school and/or LEA’s sports program or activity governed by DCSAA membership standards by following the process outlined in § 2701.7 (a) – (g); pursuant to D.C. Official Code § 38-2661.22.

If an eligibility question arises that requires a review of a student-athletes eligibility files, DCSAA, at its discretion, may request to review a student-athlete’s eligibility files. DCSAA will request, through a member school and/or LEA, from a custodial parent(s), or a custodial guardian(s) of the student-athlete or the student-athlete, if age 18 or above, to sign a consent for release of information authorizing the release of eligibility files. Such DCSAA requests will include the reasons supporting the request and will specify the record or records needed for review. Failure to provide consent upon written request from the DCSAA will result in the student-athlete whose eligibility is being questioned to be deemed ineligible to participate in any official contest of a sanctioned DCSAA sport or activity.

A student is eligible to participate in regular season, playoff, or championship interscholastic athletic contests for a maximum of eight (8) semesters in grades nine (9) through twelve (12). For student-athletes in grades (9) through twelve (12), eligibility shall cease at the end of the eighth (8th) semester.

Student-athletes in grade nine (9), ten (10), eleven (11), or twelve (12) attending a member school in which a desired sport is not offered, may request authorization at any member school offering the desired sport.

Students under this section seeking to participate at another school may only participate if it is allowed in the written policy of the member school in which the student seeks to participate, and the student meets the eligibility requirements of the DCSAA and/or member school. A member school may require actual costs associated with a student’s participation and the sending school may be required to provide funding for the costs.

Under this section, the student’s selected school will serve as their school of choice for athletic
participation in the specified sport which is not offered at their school of enrollment. If the student seeks to participate in the specified sport at a different member school, they will be bound by the transfer rule per DCMR 5A; Chapter 27; § 2701.5.

Eligibility, Age

Students who turn 19 years old on or before August 1 are ineligible to participate in interscholastic athletics. In determining the age of a contestant, the birth date as entered on the birth record of the Bureau of Vital Statistics shall be required and shall be so certified on all eligibility lists.

Requests for a waiver of the age requirement shall only be considered for participation on an unofficial, non-scoring basis in non-contact or non-collision sports.

Eligibility, Residence

A student must meet the residency requirements set forth by the District of Columbia and or be current on any out of state tuition payments in order to be eligible to participate in interscholastic athletics.

Notwithstanding DCMR 5A; Chapter 27; §2701.5 (k), a student who is homeless as defined by OSSE shall be eligible to participate at the member school in which the student is enrolled.

For purposes of eligibility, a child placed within the Child and Family Services Administration’s custody is eligible to participate in interscholastic athletics immediately at the school they attend.

Eligibility, Enrollment, and Attendance

A student must be legally enrolled in the high school which they represent in order to participate in a practice, scrimmage or contest.

A student who attends two different schools during the regular school day shall be eligible to participate only at the school at which the student is receiving instruction in the core academic areas, and is satisfying the majority of their graduation requirements; not a school at which they are receiving only specialized educational instruction e.g. as in for example vocational training.

A student with a disability who is placed in a nonpublic school or program shall be eligible to participate in interscholastic athletics as follows:

(a) If the nonpublic school or program sponsors the interscholastic sport in question, the student shall be eligible to participate only at the school or program.

(b) If the nonpublic school or program does not sponsor the interscholastic sport in question and the student is served in a regular high school for all or part of the school day, the student shall be eligible only at that regular high school.

(c) If the nonpublic school or program does not sponsor the interscholastic sport in question, and the student is served exclusively in the nonpublic school or program, and the nonpublic school or program is located on the campus of a regular high school, the student shall be eligible only at the regular high school on the same campus.

(d) If the nonpublic school or program does not sponsor the interscholastic sport in question, and the student is served exclusively in the nonpublic school or program, and the nonpublic school or program is not located on the campus of a regular high school, the student shall be eligible to elect to participate at any school within the District of Columbia as long as the selected LEA’s policy permit such participation.

(e) The student’s selected school will serves as his/her school of choice for athletic participation not to exceed eight (8) semesters in any one sport pursuant to § 2620. If the student seeks to participate in athletics at a different school, they will be bound by the transfer rule and its exceptions.

A student may not participate in a practice, scrimmage, or contest during the time a suspension, either in school or out of school, is in effect or during the time the student is assigned to an alternative school for disciplinary reasons.

A student who is not legally in attendance at school due to illness or injury shall not be permitted to participate in a practice, scrimmage, or contest on that day.

Eligibility, Transfers

A student who has not previously participated in the sport for which they are interested in competing; who is released by a proper school authority from a sending school; and has completed the registration process at the receiving school shall be eligible immediately upon registration provided they meet all other DCSAA eligibility requirements. The receiving school must submit, to DCSAA, an electronic or signed statement from the athletic director of the sending school that states the student did not participate in the specific sport the preceding year in which they wish to participate.

Member school representatives shall not engage in
any activity seeking to influence a student to transfer from one (1) member school to another for the purpose of participating in interscholastic athletics.

Previous Interscholastic Athletic Participation, Transfer

A student in grade nine (9) may transfer one (1) time during that school year without loss of eligibility. They shall be eligible immediately upon registration provided they meet all other DCSAA eligibility requirements. However a student-athlete shall not participate in a contest at the varsity level for two different schools in the same sport during the same school year. A student-athlete is considered a ninth (9th) grader until the first day of school of their tenth (10th) grade year.

Second year of eligibility and forward, Transfer: Unless one of the exceptions applies a student who has previously participated in interscholastic athletics and has transferred shall not be eligible to participate in athletics unless they meet one of the identified exceptions. The period of ineligibility shall be one (1) school year commencing with the first day of official attendance in the receiving school.

Exceptions, Transfer

A student attending a member school has a bona fide change of address in which they move with their custodial parent(s), or custodial guardian;

The transfer is caused by court action, court action being an order from a court of law affecting legally committed students. In the case of a transfer of guardianship or custody, the transfer shall be the result of a court order signed by a judge, commissioner, or master of a court of competent jurisdiction. A petition for the transfer of guardianship or custody, an affidavit, or a notarized statement signed by the affected parties shall not be sufficient to render the student eligible to participate in interscholastic athletics. For purposes of eligibility, a child placed within CFSA custody is eligible to participate in interscholastic athletics immediately at the school they attend;

A student who registers on the basis of a petition for the transfer of guardianship is not eligible to compete until the custodial legal guardian has provided the aforementioned required documentation or has received a signed court order designating them as the student’s custodial legal guardian.

If the student is in their second, third or fourth year of eligibility and the transfer is a result of a seat opening in the receiving school if the student had previously applied to the school and had been rejected due to a lack of capacity or a result of admission via the DC school based lottery. For this exception to apply, the receiving school must have appropriate documentation including: a dated and school stamped student application from a previous school year; a letter in response to the application notifying the student that they were not accepted; and a letter dated after the start of the school year offering the student a seat in the receiving school or a notification of admission from the lottery school.

Transfer because of promotion or administrative assignment to the ninth (9th) grade from a school whose terminal point is the eighth (8th) grade, or to the tenth (10th) grade from a junior high school whose terminal point is the ninth (9th) grade, shall not constitute a transfer. Students so promoted or administratively assigned shall be eligible.

The sending school dropping their entire athletic program. Dropping their athletic program is defined as the school discontinuing all of their interscholastic athletics sports programs;

The closure of the sending school;

The student-athlete has the option to submit a Student-Athlete Transfer release form which must be signed by the custodial parent or the custodial guardian of the student-athlete, the athletic director and principal of the sending
school and the athletic director and principal of the receiving school stating that the transfer is for non-athletic purposes in support of their transfer/waiver request.

Notwithstanding the above, the student shall be ineligible under the applicable transfer ineligibility clause where the student’s homeless status is created by the student or their family for the primary reason of:

(a) Seeking a superior team;
(b) Seeking a team more compatible with the student’s abilities; or
(c) Dissatisfaction with the student’s position or playing time; or
(d) The student following the coach to another school to which the coach has transferred; or
(e) Dissatisfaction with the philosophy, policies, methods or actions of a coach or administrator pertaining to interscholastic athletics; or
(f) Avoiding disciplinary action imposed by another state athletic association; or;
(g) Avoiding disciplinary action imposed by the school of origin related to or affecting interscholastic athletic participation.

Eligibility, Amateur Status

A student may not participate in an interscholastic sport unless they are considered an amateur in that sport. A student forfeits their amateur status they do any of the following:

(a) Knowingly plays on or against a professional team which is defined as a team having one or more members who have received or are receiving directly or indirectly monetary consideration for their athletic services.
(b) Signs a professional contract, accepts reimbursement for expenses to attend a professional tryout, or receives financial assistance in any form from a professional sports organization.
(c) Enters a competition under an assumed name. The surname and given name used by any athlete in the student’s first game of interscholastic competition shall be used during the remainder of the student’s interscholastic career. Any change in spelling or use of another name shall be regarded as an attempt to evade this rule unless the change has been properly certified by the athlete to the principal or head of school of the school.
(d) Receives remuneration of any kind or accepts reimbursement for expenses in excess of the
actual and necessary costs of transportation, meals, and lodging for participating in a team or individual competition or an instructional camp or clinic. Reimbursement for the aforementioned expenses is permitted only if all of the participants receive the same benefit.

(e) Receives cash or a cash equivalent (savings bond, certificate of deposit, etc.), merchandise or a merchandise discount, (except for discount arranged by school for part of team uniform) a reduction or waiver of fees, a gift certificate, or other valuable consideration as a result of the student’s participation in an organized competition or instructional camp or clinic. Accepting an event program or a complimentary item(s) (t-shirt, hat, equipment bag, etc.) that is inscribed with a reference to the event, has an aggregate retail value of no more than $1500.00, and is provided to all of the participants, shall not jeopardize the student’s amateur status.

(f) Sells or pawns awards received.

(g) Uses the student’s athletic status to promote or endorse a commercial product or service on the internet; in newsprint, radio, television advertisement or any other form of media; or personal appearance.

Accepting compensation for teaching lessons, coaching, or officiating shall not jeopardize the student’s amateur status.

A student who forfeits their amateur status under the provisions of this rule is ineligible to participate at the interscholastic level in the sport in which the violation occurred. The student may be reinstated after a period of up to the number of days in the school year provided that during the suspension, the student complies with all of the provisions of this rule. The suspension shall date from the time of the last offense.

Eligibility, Academics

As student must maintain a 2.0 grade point average (GPA) per marking period as officially calculated by the member school in order to retain athletic eligibility. For those member schools which do not calculate a GPA, the principal and/or head of such member school must submit a certification stating that the school does not calculate GPAs and that all student-athletes participating in a DCSAA sanctioned sport have a minimum equivalence of a 2.0 GPA and are in good academic standing as consistent with 5A DCMR; Chapter 27; 2703.1 (a).

A student who is receiving special education services and is precluded from meeting the aforementioned academic requirements due to modifications in the grading procedure or course of study shall be adjudged eligible by the LEA and/or its’ designee if the student is making satisfactory progress in accordance with the requirements of their Individualized Education Program (IEP).

The last term of the previous year shall determine eligibility for the first marking period of the following school year.

Summer school courses shall be added to the accumulation of courses take during the entirety of the previous school year. Summer school grades can only be taken into account if using the final accumulation of courses to determine eligibility.

Summer school courses will count toward the total number of classes passed during a semester provided that the work for such courses was completed before the first day of the next school year.

In order to calculate GPA, summer school courses shall not replace a failed course, but should be added to the total number of courses used to calculate GPA.

Written verification of the completion of applicable summer school courses must be received in the form of an official report card before a student shall regain eligibility.

Academic probationary exceptions: Students deemed academically ineligible based on the above provisions of this rule, may participate in team practices.

A student forfeits or regains eligibility, in accordance with the provisions of this rule, on the day report cards are issued.

Member schools may establish more stringent requirements for academic eligibility than the minimum standards herein prescribed.

Eligibility, Attendance

A student-athlete shall maintain compliance with state attendance regulations and shall maintain 85% attendance per marking period in order to maintain eligibility to participate in a DCSAA sanctioned sport or activity. A student athlete must be present in school the day of to participate in any tryout, practice, game or match, unless they have an excused absence.

Eligibility, Years of Participation

A student is eligible to participate in regular season, playoff, or championship interscholastic athletic contests for a maximum of eight (8) semesters in grades nine (9) through twelve (12). For student-athletes in grades (9) through twelve (12), eligibility shall cease at the end of the eighth (8th) semester.
Satisfactory completion of studies in accordance with promotion policies established by the local governing body shall determine when a student is beyond the eighth grade.

**Participation of Postgraduates**

Participation shall be defined as taking part in a school sponsored practice, scrimmage or contest on or after the first allowable date for practice in that sport.

Postgraduates shall not be eligible to participate in interscholastic athletics. All graduates of recognized high schools shall be considered postgraduates.

A regularly enrolled student taking courses in an institution of higher education shall be eligible provided he/she meets all other DCSAA requirements.

Students whose commencement exercises are prior to the completion of the school’s regular season schedule and the state tournament shall be eligible to compete.

**Eligibility of Foreign Exchange Students and International Students**

International student participating in a foreign exchange program shall be considered immediately eligible for a maximum period of one calendar school year if the student:

1. Has not completed his or her home secondary school program;
2. Meets all other eligibility requirements of this section;
3. Has been randomly assigned to his or her host parents and school and neither the school the student attends nor any person associated with the school has had input in the selection of the student and no member of the school’s coaching staff, paid or voluntary, serves as the resident family of the student;
4. Possesses a current J-1 visa issued by the U.S. State Department; and;
5. Is attending school under a foreign exchange program on the current Advisory List of International Educational Travel and Exchange Programs published by the Council on Standards for International Education Travel and such program assigns students to schools by a method which ensures that no student, school, or other interested party may influence the assignment.

International students participating in a DCSAA recognized international student academic program who otherwise meet all other requirements may participate in interscholastic athletics to the extent specified in this section. During the international student’s first year of attendance at the member school, participation is limited to the sub-varsity level and the student is not eligible for state tournament competition. For purposes of these regulations the student’s first year shall be a period of 365 calendar days after the student’s first day of attendance at the receiving school.

In order to obtain approval as a DCSAA recognized international student academic program, the member school must at a minimum specifically incorporate and formally adopt the following requirements, policies, participation limits, and notification requirements in their program:

(a) A student may not be accepted in the school or program for athletic purposes, including recruiting by an outside party. The school must include a statement in their application and program material providing notice of the prohibitions on recruitment and athletic purposes and advising that based on their program requirements and DCSAA regulations that recruitment based on athletics by anyone including an outside source will result in the student being permanently ineligible in interscholastic athletics at any DCSAA member school. The school, student, and parent must all sign a statement verifying that the student was not athletically recruited in any way and attesting that the student did not enroll for athletic purposes and has enrolled in the school for educational purposes.

(c) With the exception of the requirement that a student must be living with their custodial parent, legal guardian, or relative caregiver in the attendance zone of the school, the program must require that students meet all other eligibility requirements including a pre-participation evaluation or physical including a parent’s signature.

(d) The program must specify that the international student’s participation is limited to the sub-varsity level for the first year of attendance at the school and that student will be ineligible for state tournament competition during the first year of attendance. If a school does not have a sub-varsity team, a student may practice at the varsity level during their first year of attendance. After one year of attendance at the school in an approved international student academic program, the international student may be eligible for varsity participation and state tournament competition.
(e) All of the above specific requirements must be part of the school’s international student academic program and must be communicated to the students in advance of registration.

The member school may obtain recognition of their school’s international student academic program by submitting their program for approval to the DCSAA Director with adequate documentation. The member school must provide a copy of their policies and enrollment applications and agreements to the DCSAA Director for recognition. The burden on the member school to establish their program meets all the requirements.

At least annually and prior to athletic participation, the school shall provide to the DCSAC Executive Director a list of the international students enrolled in their programs and include signed copies of the required forms.

International students who are not participating in a CSIE – recognized foreign exchange program, CSIET recognized international student program, or recognized international student academic program, are considered to be transfer students and are ineligible to compete in interscholastic athletics unless they are in compliance with all DCSAA eligibility requirements including the requirement that a student must be living with their custodial parent, legal guardian, or relative caregiver in the attendance zone of the school.

Once enrolled, foreign exchange and other international students shall comply with all DCSAA eligibility rules with exception of the requirement in 7.2 that a student must be living with their custodial parent, legal guardian, or relative caregiver in the attendance zone of the school.

Athletic recruitment of foreign exchange students or other international students by a member school or any other entity is prohibited, and any such students recruited shall be ineligible for the duration of their attendance at a DCSAA member school.

**Student Eligibility Report Forms**

Master and supplemental eligibility rosters must contain the following information, Name of Eligible Athlete (Last, First, MI), Address of Residence (Street, City, State), Date of Birth, Date of First Entry Into Ninth (9th) Grade (Month and Year), Name of School Where Student First Entered Ninth (9th) Grade, and denote
if the Student is a Transfer. Member schools and/or LEAs shall consider such information to be “directory information” in accordance with 34 CFR § 99.31(a)(11), and shall provide this information to the DCSAA unless the custodial parent/custodial guardian and/or if the student-athlete is 18 years of age or older has opted out of allowing directory information disclosure and refuses to sign a consent authorizing disclosure for this specific purpose. Where the member school and/or LEA is not authorized to disclose the above information on the master or supplemental eligibility roster, the applicable student-athlete shall not be eligible to participate in a DCSAA sanctioned sport or activity.

**Use of an Ineligible Athlete**

If a school uses an ineligible athlete, the administrative head or their designee shall notify the opposing school(s) or event sponsor, in the case of a tournament or meet, and the DCSAC Executive Director in writing of the violation and the forfeiture of the appropriate game(s), match(es), and point(s) won.

The deliberate or inadvertent use of an ineligible athlete in the sports of soccer, football, volleyball, basketball, baseball, softball, and lacrosse shall require the offending school to forfeit the contest(s) in which the ineligible athlete participated.

If the infraction occurs during a tournament, including a state championship, the offending school shall be replaced by its most recently defeated opponent. Teams eliminated prior to the most recently defeated opponent shall not be allowed to reenter the tournament, team and individual awards shall be returned to the event sponsor and team and individual records and performances shall be nullified.

The offending school may appeal to the DCSAC Appeals Committee for a waiver of the forfeiture penalty. If the forfeiture penalty is waived, the offending school shall be reprimanded and referred to the DCSAA Sportsmanship Committee for consideration of further action unless the athlete or their parent(s) or legal guardian(s) knowingly withheld information or provided false information that caused the student to be wrongly deemed eligible for interscholastic competition. The burden of proof, in both instances, rests entirely with the offending school. A forfeit shall constitute a loss for the offending school and a win for its opponent for purposes of standings and playoff eligibility and shall be automatic and not subject to refusal by the offending school’s opponent.

The deliberate or inadvertent use of an ineligible athlete in the sports of cross country, wrestling, swimming, track, golf, and tennis shall require the offending school to forfeit the matches won and points earned by the ineligible athlete or by a relay team of which the student was a member. The points contributed by an ineligible athlete to their team score shall be deleted and the contest score as well as the affected placements will be adjusted according to the rules of the sport.

If the infraction occurs during a tournament, including a state championship, the ineligible athlete shall be replaced by their most recently defeated opponent or the next highest finisher. Contestants eliminated prior to the most recently defeated opponent shall not be allowed to reenter the tournament.

Individual awards earned by the ineligible athlete and team awards, if necessary because of adjustments in the standings, shall be returned to the event sponsor. Individual records and performances by the ineligible athlete shall be nullified.

If an ineligible athlete participates in interscholastic competition contrary to DCSAA rules, but in accordance with a temporary restraining order or injunction against their school and DCSAA, and the injunction is subsequently vacated, stayed, or reversed, or the courts determine that injunctive relief is not or was not justified, or the injunction expires without further judicial determination, the penalties stipulated in 2631.9, 2631.10 and 2631.11 shall be imposed.

The intentional use of an ineligible athlete by a member school or repeated indifference to its responsibility to determine the eligibility of its athletes will subject the school to additional penalties which may include suspension for the amount of days up to length of the school year from the date the charge is substantiated.

If an athlete or their parent(s), legal guardian(s) or Primary Caregiver knowingly withholds information or provides false information that causes the student to be eligible for interscholastic competition, the athlete shall be suspended from participation in any sport at any DCSAA member school for up to the amount of days up to the length of the school year from the date the charge is substantiated.

**Determination of Student Eligibility**

Principals shall be responsible for initially determining the eligibility of the students participating in interscholastic athletics by submitting a master eligibility roster by sport to their school or LEA athletic director fourteen (14) days before the date of the first official contest for each team. The LEA and/or school athletic director must submit their eligibility rosters to the DCSAA seven (7) days before the date of the first (1st) official contest for each team.
Supplemental eligibility list may be submitted to the LEA or school athletic director up to fourteen (14) days after the first official contest. LEA and/or member approved supplemental eligibility rosters by sport must be submitted to the DCSAA seven (7) days after receipt by the LEA and/or member school. Students on a supplemental eligibility roster may not participate in an official contest without prior written approval of the member school’s principal and athletic director.

Each member school’s athletic director shall be responsible for verifying the eligibility of each student within one (1) week after receipt of the eligibility list, including a supplemental eligibility list.

If a student, member school, or LEA objects to an eligibility determination, they may issue a challenge by following the process outlined in DCMR 5A; Chapter 27; § 2701.7 (a) – (g).

If the member school or LEA fails to provide the results and supporting documentation used to make an eligibility determination, the DCSAA may refer it to the DCSAC AAP by following the appeals process as outlined in DCMR 5A; Chapter 27; § 2701.7 (a) – (g).

A member school and/or LEA shall maintain a record of a student’s eligibility for each school year of a student’s participation on a junior varsity or varsity team. All documentation required in this chapter shall be on file at the member school and available to the DCSAA upon request at any time prior to the first official contest of each sport and maintained during the sport season.

In cases of uncertainty or disagreement, the eligibility of a student shall be determined by the DCSAC. Any request from a Member school regarding an eligibility determination shall be in writing and contain the school’s eligibility determination and all information used to reach the determination. When necessary within the DCSAA Director’s discretion, the DCSAA Director may also make eligibility determinations without an official request from the Member school.

If the DCSA Director determines that the student is ineligible, the school and the student shall be notified and the student suspended immediately from participation in interscholastic athletics.

The school and the student shall be informed that the decision of the DCSAA Director may be appealed to the DCSAC Appeals Committee.

Decisions of the DCSAC Appeals Committee to affirm, modify, or reverse the eligibility rulings of the DCSAA Director are final.

Challenges to a Student-Athletes Eligibility

A challenge must be presented in writing and signed by the submitting party, addressed to the appropriate school and/or LEA authority where the student is enrolled and hand delivered or sent electronically to the appropriate member school and/or LEA and to the DCSAA.

Within five (5) school days after the date of receipt of a challenge, the member school and/or LEA shall provide a written report with supporting documentation of its decision to the DCSAA and to the party submitting the challenge.

If a party desires to appeal an eligibility determination issued under § 2701.7 (b), the party may, within five (5) school days after receipt of such determination, submit a written notice of appeal to the DCSAA. Within five (5) school days of receiving the written notice of appeal, the DCSAA must forward the written notice of appeal to the DCSAC for consideration by the DCSAC AAP.

The student, the member school and/or the LEA has the right to appeal the DCSAC AAP’s final decision to the D.C. Superior Court pursuant to D.C. Official Code § 11-921. Appeals must be received by the Clerk of the Superior Court no later than 30 days after the date of the final decision.

For the protection of their team’s won/loss record, the student whose eligibility is in question may not play in any school sponsored interscholastic athletic competition until the DCSAC AAP has issued its final eligibility determination pursuant to its review.

In the event a member requires forfeiture of a contest already played, the AAP shall review the decision affirming or denying the forfeiture and shall provide the results of its findings and recommendations to the member school not later than five (5) school days after the date the matter is reported to the DCSAA.

If either the member school or the LEA fails to provide the results and supporting documentation required in this subsection before the student participates, the DCSAA may on its own initiative refer the case to the AAP for a final decision regarding eligibility and the forfeiture of contest.

In Order to be Eligible to Participate in Interscholastic Athletics at a Member School, A Student-Athlete Must Meet the Following Requirements:

A student-athlete attending a DCSAA member school must meet the residency requirements set forth by the District of Columbia or be current on all tuition payments in order to be eligible to participate in interscholastic athletics.

A student shall provide written authorization for each
team that he or she wishes to participate on, and the authorization shall contain the signature of a custodial parent or custodial guardian.

A student shall provide a medical certification confirming that the student is physically fit for the sport in which the student seeks to participate;

(1) A student shall be covered by appropriate accident insurance, obtained either by his member school or his or her custodial parent, or custodial legal guardian and approved by his or her member school, during each season the student participates;

(2) Appropriate notice of the coverage and cost of the accident insurance obtained by his or her member school shall be provided annually to the custodial parent or custodial guardian and adult students;

(3) A custodial parent or custodial guardian submitting a policy for approval by the student’s member school shall do so within the time specified by the member school; and

(4) Students participating in football shall be insured by additional football accident insurance which shall be paid for by the member school in which the student is enrolled.

A student shall not be eligible to try out, practice, scrimmage, or compete in an interscholastic contest unless a licensed physician (MD or OD) or a licensed nurse practitioner, verifies in writing on or after April 1 and before beginning such athletic activity for the current school year that the student has been adequately examined within the last 12 months and is cleared medically to participate, however, should any conditions found in section 11.3 of this regulation occur since the last examination, a reexamination and/or a copy of a clearance letter signed by one of the above is required before the student can be medically cleared. A student who participates in a contest without a pre-participation physical evaluation shall be considered an ineligible athlete.

A Department of Health Universal Health Care form certifying the examination as well as the parent’s, legal guardian’s, or Primary Caregiver’s consent, shall be on file with the administrative head of the school prior to the student participating in a practice, scrimmage, or game.

For any subsequent sports season in the school year, a limited reexamination shall be performed if any of the following circumstances exist: the athlete has been treated for an injury during the preceding sports season, the athlete has been out of school during the preceding sports season with an illness other than the usual minor upper respiratory or gastrointestinal upset, an operation has been performed on the athlete during the preceding sports season, or the athlete has a remedial defect.

The medical history of the student should be available at the time of each examination.

A student shall not be eligible to try out, practice, scrimmage, or compete in an interscholastic contest unless a licensed physician (MD or OD) or a licensed nurse practitioner, verifies in writing on or after April 1 and before beginning such athletic activity for the current school year that the student has been adequately examined within the last 12 months and is cleared medically to participate, however, should any conditions found in section 11.3 of this regulation occur since the last examination, a reexamination and/or a copy of a clearance letter signed by one of the above is required before the student can be medically cleared. A Department of Health Universal Health Care form certifying the examination as well as the parent’s, legal guardian’s, or Primary Caregiver’s consent, shall be on file with the administrative head of the school prior to the student participating in a practice, scrimmage, or game.
the athlete who is otherwise properly certified to participate in interscholastic athletics is physically unable to participate due to illness or injury for five (5) consecutive days on which a practice, scrimmage or contest is held. Prior to resuming participation, the athlete must present to the administrative head of school or designee, a statement from a licensed physician (MD or DO), a nurse practitioner, or a physician’s assistant that the athlete is again physically able to participate.

Medical coverage shall be provided pursuant to the District of Columbia Public School Nurse Assignment Act of 1987 (D.C. Law 7-45; D.C. Official Code § 38-621). Provisions shall be made for qualified a healthcare professional to be present at all interscholastic contest in which a member school participates. The host school shall provide this service. Failure to provide this service shall require the host school to forfeit the contest.

**Return of Athletic Participation**

Subsequent to any serious injury and prior to further participation in that sport, a student-athlete must receive a medical release from a licensed physician.

**Sports Seasons**

The fall sports season shall begin on or after August 1st and end with the start of the state championship in that sport. Any regular season contest that was postponed must be rescheduled and played before the beginning of the state tournament in that sport. A conference championship game must also be completed before the start of the state tournament in that sport and practice for any fall sport shall not begin earlier than August 1st. The first allowable competition date in the fall sports season shall be the fourth Friday in August or the first Friday in September.

The first three (3) days of football practice shall be primarily for the purpose of physical conditioning and shall be restricted to non-contact activities. Coaches may introduce offensive formations and defensive alignments, run plays “on air,” practice non-contact phases of the kicking game, and teach non-contact positional skills. Protective equipment shall be restricted to helmets, mouth guards, and shoes on the first day of practice. Shoulder pads may be added on the second and third day of practice. The use of dummies, hand shields, and sleds in contact drills is prohibited until the fourth day of practice. Blocking, tackling, and block protection drills which involve any contact between athletes are also prohibited until the fourth day of practice.

Member schools shall have two (2) weeks, between March and May to conduct structured practice activities in football, soccer, volleyball and cheerleading. Heavy equipment can’t be used and contact workouts are prohibited. Member schools must submit their Spring Practice schedule to the DCSAA by the last Friday in February.

The winter sports season shall begin with the first approved day for practice and end with the start of the state championship in that sport. Any regular season contest that was postponed must be rescheduled and played before the beginning of the state tournament in that sport. Conference championships must also be completed before the start of the state tournament in that sport and practice for any winter sport shall not begin earlier than 21 days before the first Friday in December.

The spring sports season shall begin on second Monday in February and ends with the start of the state championship in that sport. Any regular season contest that was postponed must be rescheduled and played before the beginning of the state tournament in that sport. Conference championships must also be completed before the start of the state tournament in that sport and practice for any spring sport shall not begin earlier than February 1.

A school which participates in a game prior to the first allowable date or after the start of the state championship shall be required to forfeit the contest. The school shall be referred to the DCSAC Sportsmanship Committee for consideration of further action.

A school which conducts practice prior to the first allowable date shall be referred to the DCSAC Sportsmanship Committee for consideration of any disciplinary action.

No Member school shall participate in a post season contest without the written approval of the DCSAA Director.

**Practice Sessions**

All practice sessions shall be conducted under the supervision of the school’s certified, and/or approved volunteer coaching staff.

Member schools may conduct practice sessions during the approved sports seasons as defined in “Sports Seasons”.

Team practice in any sport is prohibited after the sports season ends until the first day following the final student day of the school year.

At no time during the school year may any off-season team gather with all positions represented.

Any team practice or game environment created in
an Off-Season Skill Session is prohibited during the academic school year calendar, inclusive of all weekends, holidays, work days, etc.

On a given day, an athlete is limited to skills development OR open facility OR weight training/conditioning during the academic school year calendar, inclusive of all weekends, holidays, work days, etc.

Skill Development Sessions are allowed, but shall not be held during any tryout period of an in-season sport.

Dead Period: Skill Development Sessions are not allowed during the following Dead Periods: (Teams that are in season are exempt of these restrictions).

- (a) Fall: From the start of fall sports practice through midnight Sept. 1;
- (b) Winter: From the start of winter sports practice through midnight Dec. 1;
- (c) Spring: From the start of spring sports practice through midnight March 15;
- (d) Summer: During the week of the Fourth of July (if July 4 is on Saturday, it is the week before July 4; if July 4 is on Sunday, it is the week after); The Friday, Saturday, and Sunday before the opening of Fall Practice.
- (e) Academic Dead Period: Sessions are also not allowed during the last five student days of each semester or designated final exam days for the year. The weight room must also be closed during this period.

Skill Development Sessions: All skill development sessions must be voluntary and open to all eligible students. At no time, may a coach require of any student off-season skill development sessions as a measure of continued participation on a team. Any coach who promotes the idea that taking part in off-season practice is required is blatantly out of compliance with the intent and purpose of this rule. A student must be eligible under DCSAA guidelines to take part in out-of-season sessions.

Student insurance is strongly recommended for all those involved in athletics, in-season and out-of-season.

Skill development sessions are restricted in the number of participants to one less than a team. There is no restriction on the number of coaches who may work with the athletes.

Multiple skill development sessions may be held in a day but athletes are limited to one session per day (NONE during dead periods).

While facilities are being used for open facility, they may not be used simultaneously for individual skill development sessions.

### Open Gym Programs

Open Gym is defined as any facility used by the school for athletic purposes. Open gym and skill development sessions are open only to students enrolled at that school and may not be held on the same day.

Open gym and/or open facility sessions may not be held during a dead period.

Eighth graders are not permitted to participate in open facility or skill development sessions on high school campuses.

Facilities may be used for out-of-season athletic play on a strictly voluntary basis, open to all students and required of none.

The activities must be unstructured and student generated. Organized drills in the skills or techniques of a particular sport are prohibited. Organized competition with fixed team rosters is also prohibited.

A coach may not predetermine that the open gym will include only their sport and publicize the open gym as being restricted to that sport. It is the responsibility of the adult supervisor to permit as many different activities as the facility can effectively and safely accommodate.

A coach may open the facility and distribute playing equipment but may not instruct, officiate, participate, organize the activities, or choose teams in their assigned sport.

Playing equipment is restricted to that which is customarily used in a contest in a particular sport. Playing equipment which is only used in a practice session is prohibited.

The participants must provide their own workout clothing.

### Out of Season Coach Restrictions

For safety purposes, school administrators or other school personnel should be present as supervisors during all open gym and skill development activities.

Any individual who coaches at a DCSAA member high school, head or assistant, paid or non-paid, faculty or non-faculty, parent volunteer, etc., must abide by the skill development, out-of-season workout rules.

If a high school coach, regardless of the sport (basketball, soccer, etc.) he or she coaches at the high school, also coaches an “outside” or “club team outside the sports season but during the school year, whether head or assistant, and has any students from
the high school on that outside team, he or she cannot work with any of them during a dead period, and must abide by the numbers restrictions above in an out-of-season workout.

Coaches coaching an outside team either during the sports season or outside the sports season, but during the school year (basketball, soccer, etc.), must still abide by the numbers restrictions above (one less than a team).

During the summer, coaches are free to work with individual or multiple athletes, from their school or their feeder schools, conduct practices, etc. except for the Summer Dead Period. Once practice for the fall sports season begins, skill development restrictions are in place.

Note that the sports in season should always take precedence for facility use etc., over those not in season, in keeping with the philosophy of the sports season concept.

Principals and athletic directors are responsible for seeing that this entire concept of the sports season is followed without exception.

Member schools shall conduct practice sessions regularly during the 21 calendar days prior to the first scheduled contest.

There must be one day of no activity (practice, scrimmage, or contest) during any seven-day period. A student that has not previously participated in that sports season shall be required to participate with the team for a period of at least seven calendar days prior to participating in a contest. Eligibility for participation in a contest shall begin on the eighth calendar day of participation with the team. However, if a student has been participating in a state tournament during the preceding sports season and is unable to begin practicing at least seven calendar days before the team’s first contest, student shall be exempt from this requirement.

Students shall have unrestricted access to drinking water and be permitted a minimum of one five-minute rest period during each hour of practice.

Member schools shall comply with the heat related practice modifications designated by the DCSAA.

Holding practice on holidays and weekends shall be left to the discretion of the member schools. However, the restrictions on non-school day practice sessions apply and there must be one day of no activity (practice, scrimmage, or contest) during any seven day period.
Practice on Non School Days
Member schools shall comply with the following for all practice sessions held on non-school days. A non-school day is defined as a day when, in accordance with the approved school calendar, students are not scheduled for academic instructional activities.

Each practice session shall be no more than two hours in length.

Practice sessions on a non-school day is defined as the time a participant engages in physical or instructional activity.

The hourly practice limitation does not include time for non-instructional activities such as dressing, showering, transportation, or training room care.

Students shall not participate in more than two practice sessions totaling no more than five hours of practice on non-school practice days including a one-hour walk-through session. A walk-through session shall be defined as a teaching opportunity with no protective equipment (e.g., shin guards, helmets, etc.) or equipment related to a given sport (e.g., soccer balls, field hockey sticks, etc.).

On days when two practice sessions are conducted, no practice session shall exceed two hours in length and must be separated with at least two hour of recovery time between the end of the first practice and the beginning of the next practice.

Split sessions, defined as a practice session held for different groups of students playing the same sport, may be conducted but practice time shall not exceed three hours per session and five hours total daily for any individual athlete.

Practice on Official Student School Day
Member schools shall comply with the following for all practice sessions held on official student school days.

Practice sessions shall be limited to three (3) hours; two hours on the field and one hour of instructional activity.

The three (3) hour limit on practice sessions on official school days includes all instructional activity on the field, court, mat, or track or in the pool, weight room, or classroom such as team meetings, film reviews, blackboard sessions, warm-up and cool-down exercises, drills or mandatory strength training.

Split sessions may be conducted but practice time shall not exceed two hours for any individual athlete.

A school which fails to comply with these practice requirements may jeopardize their membership status.

The third contest or competition date in a week shall be held on Friday (no early dismissal permitted), Saturday or Sunday. This requirement is waived when a school is closed for the entire week such as during winter or spring vacation.

A team shall not participate in two or more different events at the same level of competition on the same day. However, a team shall be permitted a one-time per season exception to participate in two different events on the same day. If a team elects to use the exception it shall count as two contests or two competition dates as applicable toward the season team limitation.

With the exception of cross country, indoor track, outdoor track and golf, participation in a triangular meet shall count as two contests and participation in a quadrangular meet shall count as three contests toward the seasonal limitation.

Participation in any part of a quarter or half shall count as a quarter or half toward the weekly and daily limitations in that sport. However, in the case of football, participation on a free kick or a play from a scrimmage kick formation shall not count as a quarter. Overtime periods shall be considered as part of the fourth quarter or second half.

A week shall be designated as starting on Monday and ending on Sunday for all sports except football. A football week shall begin the day of the varsity game and end the day preceding the next varsity game or the following Friday.

The preceding game limitations, with the exception of the individual daily limitation, shall not prohibit the rescheduling of postponed games at the discretion and convenience of the member schools involved provided the game was postponed due to inclement weather, unplayable field conditions, failure of the assigned officials to appear for the game, breakdown of the bus or van carrying the visiting team, or any other circumstances beyond the control of site management which preclude playing the game. However, a team may not participate in more than four contests or competition dates in a week.

The maximum number of regularly scheduled contests for each of the recognized sports, except football, shall be exclusive of conference championships, playoffs to determine tournament state berths, and the state tournament or meet. Member schools are limited to one conference championship event. In wrestling, the state meet qualifying tournaments shall count as the only permissible event in addition to the regular season and state meets. The maximum number of regularly scheduled football contests shall be exclusive of the state tournament.

Any playoffs to determine state tournament berths shall be under the control and supervision of the DCSAC tournament committee.

A student shall participate in a particular sport for only one season during each academic year.

A school which participates in more than the allowable number of contests in a season shall be suspended from the state playoffs or, if a non-qualifying team, placed on probation for the next school year.

A school which exceeds the weekly contest limitation shall be required to forfeit the contest.

A student who exceeds the weekly or daily contest limitation shall be considered an ineligible athlete.

School and Team Competition

Sponsoring Interscholastic Teams: Interscholastic competition is defined as any athletic contest between students representing two or more schools. Members of school clubs who participate in non-competitive, recreational activities or compete unattached are not considered to be engaged in interscholastic competition. Students are considered to be representing a school if the school does any of the following:

(a) Partially or wholly subsidizes the activity (providing equipment, uniforms, transportation, entry fees, etc.).
(b) Controls and administers the funds, regardless of their source, needed to conduct the activity.
(c) Permits students to compete under the name of the school.
(d) Publicizes or promotes the activity through announcements, bulletins, or school sponsored publications in excess of what is customarily done for “outside” organizations.
(e) Presents or displays individual or team awards.

Schools may sponsor teams for interscholastic competition in a sport provided the following criteria are met:

(a) The governing body of the participating district or nonpublic school approves participation in the sport. The administrative head of the school shall notify the DCSAC Executive Director in writing of the school’s intent to sponsor a team in a new sport.
(b) The governing body of the participating district or nonpublic school controls the funds needed to support the proposed team, regardless of their source, in the same manner as existing teams (coaches' salaries, purchase and repair of equipment, medical supervision, transportation, preparation and maintenance of practice and game facilities, awards, etc.). Requests from outside sources to make financial contributions or to donate equipment or services must be submitted in writing and must include an acknowledgment that the equipment becomes the property of the school. The contribution or donation must be approved in writing by the administrative head of the school.
(c) The participating schools agree to comply with all applicable DCSAA rules and regulations as stated in the current DCSAA Handbook.

Levels of Participation

Level 1 or development sport, less than 10 participating schools at the varsity level. DCSAA rules and regulations shall not be in effect.

Level 2 or recognized sport, 12 or more participating schools at the varsity level. Participating schools must petition the DCSAC or official recognition of the sport. At the time of official recognition, DCSAA shall provide rules publications to the participating schools, designate an approved officials’ association, conduct an annual or biannual rules clinic for coaches and officials, establish a maximum game schedule, and form a committee to promote the continued development of the sport and prepare for a future state championship. All DCSAA rules and regulations shall then be in effect.

Level 3 or championship sport 14 or more participating schools at the varsity level. Upon petition by the sport committee and adoption of a tournament proposal, DCSAC shall establish a state championship.

Withdrawal of level 2 or level 3 status. If, for two consecutive years, less than the required number of schools participate in a sport, DCSAC may withdraw official recognition or suspend the state tournament/meet for a period of time as determined by the Board of Commissioners.

Membership on Coed Teams

If a school sponsors a boys’ team and a girls’ team in a particular sport, boys shall participate on the boys’ team and girls shall participate on the girls’ team even if the teams compete during different seasons. Sports are considered to be the same when one set of NFHS Rules govern both genders. If a school sponsors only a boys’ team in a particular sport, girls shall be permitted to participate on the boys’ team but if a school sponsors only a girls’ team in a particular sport, boys shall not be permitted to participate on the girls’ team. Notwithstanding the restrictions herein, a transgendered student, defined as a student whose gender identity differs from the student's assigned sex at birth, may be eligible to participate on a team other than their assigned sex at birth in accordance with a Member school policy that meets the minimum standards designated by the DCSAA.

Coed teams shall participate only in the boys’ state championship tournament or coed meet.

Sanctioning Competitions

Member schools may participate in tournaments or meets involving four or more schools only if the event has been sanctioned by DCSAA and, if applicable, by
the NFHS. Tournaments or meets shall be sanctioned in accordance with the following criteria:

(a) The event shall not be for determining a state champion.

(b) The event shall be organized, promoted, and conducted by and all profits go to a nonprofit organization. Involvement by a commercial organization shall be limited to providing financial support.

(c) Non-symbolic competition awards shall have a value of not more than $250.00 per recipient and shall require the prior approval of the DCSAC Executive Director.

(d) Non-school event organizers shall submit a full financial report to the DCSAA office within ninety (90) calendar days of the completion of the event.

(e) The event organizer shall submit a list of out of state schools which have been invited to participate and such schools shall be subject to approval by the DCSAC Executive Director.

(f) Out of state schools which are not members of their state athletic association shall verify in writing that their participating athletes are in compliance with their state athletic association’s eligibility rules and regulations.

(g) The event organizer shall not accept financial support or sell advertising to companies involved in the production or distribution of alcohol and tobacco products.

(h) The event organizer shall comply with all applicable NFHS sanctioning requirements.

Participation in a non-sanctioned event shall result in forfeiture of the contest. A second offense may result in the member school being placed on a non-approved play status for the remainder of the sport season. A third offense shall result in loss of eligibility to participate in sanctioned events for the remainder of the school year.

Local Competition

The following rules shall apply to sanctions for Local Competitions:

1. DCSAA member schools or LEAs interested in competing in outside meets or tournaments should advise the sponsoring school or college to make application for sanction by the DCSAA. Application forms must be submitted via e-mail not less than thirty (30) days in advance of the date on which the meet or tournament has been scheduled.

2. The DCSAA shall evaluate each application for sanction. Factors to be considered include but are not necessarily limited to, the following:
3. Sanctions shall not be given for athletic activities which:
   a. Conflict with interscholastic athletic events sponsored by the DCSAA;
   b. Fail to require and endorse satisfactory entrance requirements for all teams participating;
   c. Offer awards which might jeopardize the amateur standing of winners or participants;
   d. Invite participation by suspended schools; and
   e. Fail to utilize approval criteria for selection of participating schools or individual athletes.

Interstate Competitions
The following rules shall apply to sanctions for Interstate Competitions:

1. Application for sanction of interstate athletic events must be submitted via e-mail to the DCSAA not less than thirty (30) days in advance of the date for which the event has been scheduled

2. The DCSAA shall evaluate each request for sanction of interstate competition in terms of factors which shall include, but are not necessarily limited to, the following:
   a. Date, time and place contest will be played;
   b. Distance to be traveled;
   c. Loss of time from school;
   d. Number of games required per day;
   e. Commercial exploitation of competing teams;
   f. Game rules governing athletic contest(s) to be played; and
   g. Number of contests scheduled by the team.

3. Sanctions shall not be given for a DCSAA member school or LEA to engage in athletic competition with:
   a. Any school that is not a DCSAA member unless that member is a regular member of or in good standing with the appropriate State High School Association;
   b. Any independent school that has not been approved by the DCSAA;
   c. Any one of the athletic activities described below unless such competitions have been sanctioned by all interested State High School Associations through the National Federation of State High School Associations:
      i. Contests involving eight (8) or more schools, at least one (1) of which is from a state that does not border the host state;
      ii. Contests involving schools from five (5) or more State High School Associations, at least one (1) of which does not border the host state; and
      iii. Contests involving two (2) or more schools which are cosponsored by an individual or an organization other than a member school.

National Competitions
The following rules shall apply to sanctions for National Competitions:

1. Sanction must be secured by the coach from the DCSAA whenever high schools or individual student-athlete wish to participate in non-high school or amateur contests or competitions for the purpose of establishing times, distances or marks necessary for qualification to compete in national, or international, meets

2. Application for sanctions must be submitted to the DCSAA via email at least thirty (30) days prior to the proposed event(s).

3. DCSAA shall include, but is not necessarily limited to, the following factors:
   a. Date, time and place contest will be played;
   b. Distance to be traveled;
   c. Loss of time from school;
   d. Number of games required per day,
   e. Commercial exploitation of competing teams,
   f. Game rules governing athletic contest(s)
to be played, and
g. Number of contests scheduled by the team.

**International Competitions:**

1. Whenever international competition involves high schools or student's representing the DCSAA member LEAs, it is necessary for such competition to be sanctioned by the Statewide Athletics Director and the National Federation of State High School Associations.

2. The coach must submit an application for sanction to the DCSAA at least ninety (90) days prior to the event.

3. Evaluation of such requests by the DCSAA shall include, but is not necessarily limited to, the following factors:
   a. Loss of school time by student-athletes and Athletic Coaches;
   b. Liability for the student-athlete and the school;
   c. Effect on total school athletic program;
   d. Level of student-athlete participating;
   e. Effect upon student-athlete current or college eligibility;
   f. Effect upon maintaining student-athlete’s amateur status;
   g. Nature of compensation offered by sponsors Athletic Coaches; and
   h. Credibility of sponsors.

4. Following approval by the DCSAA, the application will then be forwarded to the National Federation of State High School Associations for consideration. The National Federation will then notify the DCSAA, and the appropriate representative of the international sports federation of the decision on the application.

5. A complete financial report involving all phases of the competition shall be filed with the National Federation of State High School Associations and the DCSAA within thirty (30) days following the final competition.

**General Sanctioning Guidelines**

In general, the following criteria shall be met for sanction approval by the DCSAA:

1. The competition is not preliminary to a college or professional game;
2. The competition is sponsored by an educational institution or similar nonprofit organization;
3. Feasibility of travel to the event, including the impact of travel on instructional time and compliance with the LEA policies and procedures for school-sponsored travel; and
4. All awards shall comply with the rules and procedures set forth in this chapter.

**State Championships**

The minimum number of high schools which must sponsor a sport at the varsity level in order for DCSAC to approve a state championship shall be fourteen [14].

State championship play shall be permitted at the varsity level only in football, basketball, indoor and outdoor track, cross country, baseball, soccer, tennis, softball, and girls’ volleyball, provided such tournament or meet is under the direct control and supervision of or has the approval of DCSAA.

All state championships shall be managed by committees established by the DCSAA.

Each tournament format, as well as the criteria and procedures for selecting and seeding the participating teams, must be approved by the DCSAC and any subsequent changes must also be approved by DCSAC. The DCSAC Executive Director shall advise the committees as to which proposed changes must be presented to the DCSAC. If the DCSAC Executive Director and the committee cannot agree, the proposed change must be presented to the DCSAC for approval.

All financial arrangements, including the collection of monies and expenditures, must be approved by the DCSAA Director.

Championship play in other sports must be confined to the individual conferences and conducted in accordance with the rules of the conference as approved by the DCSAC.

**All Star Participants**

A student who participates in a team sport may participate in an “all-star” competition for the sport that occurs outside the interscholastic season of the sport without jeopardy to his or her eligibility if:

(a) The all-star competition is an activity sanctioned by the DCSAA or another National Federation of State High School Association ("NFHS") member;
(b) All participants in the all-star competition are graduating seniors or students completing their athletic eligibility at the end of the school year or they have received a waiver from DCSAA to participate;
(c) The student has played in no more than one (1) other all-star competition in his or her sport; or
(d) The all-star competition occurs after the student has participated in his or her final contest for his or her school.

A senior who fails to comply with § 2703.1 may be subject to a penalty that may result in the loss of athletic eligibility for the balance of the school year. For all other students, the penalty may result in loss of eligibility for the next season in the sport in which the student participated in the all-star competition. The DCSAC may review any penalty decisions.

**All-Star Contest**

The all-star contest must be approved by DCSAC in accordance with the following criteria:

(a) The contest shall not be for determining a regional or national champion.
(b) The contest shall be organized, promoted, and conducted by and all profits go to a nonprofit organization. Involvement by a commercial organization shall be limited to providing financial support.
(c) The awards given shall be in compliance with this handbook.
(d) Exceptions to the adopted rules code for the sport, including uniform regulations, shall require the approval of DCSAC.
(d) A full financial report must be filed with the DCSAC Executive Director within 90 days of the contest. Failure to submit a financial report within the specified period of time shall result in the sponsoring organization being placed on probation for the following school year.
(e) The event organizer shall not accept financial support or sell advertising to companies involved in the production or distribution of alcohol and tobacco products.

**Athletic Camps and Clinic Sponsorship**

Out of Season Athletic Camps and Clinic Sponsorship. DCSAA does not restrict a student’s decision to attend an out of season athletic camp or clinic. However, schools, school organizations, coaches, or school related groups, such as booster clubs, may not sponsor an athletic camp, tournament, league or clinic which limits membership to their own school or league. Coaches employed by an out of season athletic camp or clinic may only instruct their returning athletes in accordance with this handbook.

School related groups, such as booster clubs, which desire to sponsor the attendance of their school’s enrolled students at an out of season athletic camp or clinic, may do so with the approval of the local governing body. The disbursement of funds to pay for camp or clinic related expenses (fees, travel costs, etc.) shall be administered by the principal or head of school or their designee and the funds shall be allocated according to the following guidelines:

(a) All students and team members shall be notified of the available sponsorship by announcement, publication, etc.
(b) All applicants shall share equally in the funds provided.
(c) All applicants shall be academically eligible to participate in interscholastic athletics.
(d) All applicants shall have one year of prior participation in the sport for which the camp or clinic is intended or absent any prior participation, he/she shall be judged by the coach to benefit substantially from participation in the camp or clinic.

**Team Attendance at Out of Season Commercial Camps and Clinics**

School related groups, such as booster clubs, which desire to sponsor the attendance of their schools enrolled students at an out of season athletic camp or clinic, may do so with the approval of the LEA or governing body. School funds shall not be used for this purpose. The disbursement of funds to pay of camp or clinic related expenses (fees, travel costs, etc.) shall be administered by the principal or head of school or their designee and the funds shall be allocated according to the following guidelines:

(a) All students and team members shall be notified of the available sponsorship by announcement, publication, etc.
(b) All applicants shall share equally in the funds provided.
(c) All applicants shall be academically eligible to participate in interscholastic athletics.
(d) All applicants shall have one year of prior participation in the sport for which the camp or clinic is intended or absent any prior to participation, he/she shall be judged by the coach to benefit substantially from participation in the camp or clinic.
Individual Attendance at Commercial Camps and Clinics

Commercial camps and clinics are defined as a camp or clinic operated for profit which provides coaching or other sports training for a fee.

A student may participate in a commercial camp or clinic, including private lessons, both during and out of the designated sport season provided the following conditions are observed:

(a) The student must participate unattached and may not wear school uniforms.
(b) The student may use only school equipment whose primary purpose is to protect the wearer from physical injury.
(c) The school may not provide transportation or pay fees.
(d) The school coach may not require athletes to participate in a camp or clinic, or provide instruction to returning athletes in a camp or clinic except as provided in this handbook.

Certified Coaches

Only those professional employees certified by DCSAA and whose salary and/or stipend is paid by the District of Columbia, or in the case of charter and nonpublic schools by a similar governing body, if acceptable as a coach by the governing body, shall coach, assist in coaching, or direct member school teams in the District of Columbia.

All varsity head coaches (junior varsity if the school does not sponsor a varsity team) shall be required to attend a DCSAA rules clinic for their particular sport. A school shall be placed on the Non-approved schools for play list if its coach(es) do not attend a sport specific DCSAA rules clinic.

All individuals hired and/or contracted, paid or nonpaid to coach a school sponsored athletic team shall be required to fulfill the following requirements:

(a) Certified coaches at all levels of competition shall be required to hold a current certification in adult CPR, First Aid and Automated External Defibrillators (AED).
(b) Certified coaches at all levels shall be required to have a current criminal background check on file with DCSAA.
(c) Certified coaches at all levels shall be required to take and keep current the following NFHS courses: “Concussion in Sports – What you need to know” and “A Guide to Heat Acclimatization and Heat Illness Prevention.”
(d) Certified coaches at all levels shall be
required to take, pass a knowledge test, and keep current an NFHS or an approved course in each sport they coach.

(e) Certified coaches at all levels must pass a DCSAA Rules Knowledge exam.

**Officials, General Information**

Officials for DCSAA-sponsored athletic contests, both regular and post-season, are to be certified and registered with the DCSAA office. The DCSAA coordinator of officials will facilitate this process with all local officials' boards. Registration and certification requirements are as follows:

1. Be at least 18 years of age and a high school graduate.
2. Be a member in good standing with a local DCSAA-recognized officials’ group.
3. Pass a criminal background check
4. Attend a DCSAA-sponsored rules interpretation clinic for the current year.
5. Pass the National Federation examination (75% is the lowest passing score).
6. Pay the DCSAA registration fee (through the local officials association).
7. Within 24 hours of a game/contest ejection of a player or coach, the responsible officials association must report to the DCSAA the name of the ejected individual and the nature of the event/violation.

**Rules Interpretation Clinics**

1. An assigned interpreter will conduct annual rules interpretation clinics for local boards of officials in each sport prior to the opening of each season. Dates, times and location of all clinics will be published.
2. Coaches and Officials are required to attend their sport specific clinic as part of their certification process. Failure to do so shall prevent the coach and/or official from participating in interscholastic athletic competition in the District of Columbia.

**Recognition of Officials’ Associations, Required Use of Officials and Attendance at Rules Clinics**

Recognition of Officials’ Associations. The officiating of interscholastic contests in the District of Columbia which involve one or more member schools shall be under the control of the DCSAA and such control may include, but not be restricted to, giving examinations, evaluating officials, setting game fees, determining the number of officials per game, and assigning officials. An officials’ association which desires to officiate middle school and high school contests shall request recognition and approval from DCSAA by submitting the following documents to the DCSAA Officials’ Committee:

(a) A letter of request to be recognized by DCSAA and indicating the association’s willingness to abide by DCSAA rules and regulations. The president of the requesting officials’ association or their designee shall petition the DCSAA to render a decision.
(b) A brief history of the association including, but not limited to, the officiating experience (if any) of the members and if a new association is being formed, the purpose for which the association is being formed.
(c) A copy of the association’s constitution and bylaws including a statement that it does not discriminate on the basis of age, gender, race, religion, etc.
(d) A description of the association’s recruiting and training programs for new members.
(e) A membership roster indicating the number of years of experience at the sub-varsity, varsity, and state tournament levels for each member and also their most recent rating in a previous association. This information must be documented and is subject to verification.
(f) Letters of recommendation or names of references from leagues which the association has serviced during their existence.

The Officials’ Committee shall review the aforementioned documents and meet with the officers of the association to discuss their petition. The Officials Committee shall reserve the right to consult with any other interested parties during the evaluation process. The Officials’ Committee shall report its findings to the DCSAC and recommend that the officials’ association be granted recognition, granted recognition with conditions, or denied recognition.

The DCSAC shall consider the petition for recognition and the Official’s Committee recommendation and make a decision to approve or deny the request. The petitioner may request an informal hearing be held before the Board pursuant to the procedures in the handbook. The Board shall decide if the petitioning officials association shall be granted recognition, granted recognition with conditions, or denied recognition.
An approved association shall serve a minimum two year probationary period during which time the association shall be evaluated. An association designated as probationary is ineligible to provide officials to work the applicable DCSAA State Tournament.

Members of the Officials’ Committee and the applicable Sport Committee shall comprise the Officials Association Evaluation Committee (Evaluation Committee). The new officials association shall be evaluated according to the following criteria:

(a) Total number of games worked at the varsity level.

(b) Total number of officials who worked games at the varsity level.

(c) Total number of member schools who contracted the services of the association.

(d) A comparison of the percentage of games the association worked against the percentage of games worked by other DCSAA recognized officials associations in that sport.

(e) A comparison of the percentage of the association’s registered officials against the number who worked varsity level games.

(f) In addition, the evaluation may be based on any other available information which may include but is not limited to: the associations ability to work a minimum of 25 percent of all varsity contests played by DCSAA member schools in that sport; written complaints by contracted schools; evaluations by Member schools; input from Member schools; or any other relevant information.

The results of all evaluations shall be shared with the probationary association at the end of each season. The association shall have the opportunity to add comments to the final evaluation.

At the end of the minimum two-year probationary period the Evaluation Committee shall recommend to the Board one of the following options based on the evaluations and the Probationary Association’s ability to work varsity contests equal to or greater than twenty-five (25) percent of all varsity contests played by member schools:

(a) Re-approve conditionally for another year on probationary status.

(b) Disapprove so as to no longer remain as an approved association.

(c) Re-approve conditionally with state tournament consideration based upon the sport worked.

(d) Completely approve the association with full state tournament consideration equal to any existing associations.

The Commission shall consider the petition for recognition and the Official’s Committee recommendation and make a decision. The probationary officials association may request an evidentiary hearing be held before the Board. The Board shall decide if the petitioning officials association shall be:

(a) Re-approved conditionally for another year on probationary status.

(b) Disapproved so as to no longer remain as an approved association.

(c) Re-approved conditionally with state tournament consideration based upon the sport worked.

(d) Completely approved with full state tournament consideration equal to any existing associations.

If more than one association is approved to officiate a particular sport, a conference or, in the absence of a conference affiliation, an individual school shall determine which association shall provide the officials for its home contests.

Required Use of Officials

Member schools and tournament sponsors shall be required to use officials approved by DCSAA for interscholastic contests. Use of non-approved officials without permission from the Executive Director may result in the member school forfeiting the contest and/or the tournament sponsor being placed on probation.

In the case of emergencies such as an act of God, refusal by an association to work games, or a shortage of qualified officials, schools which desire to use other than approved officials must obtain permission from the DCSAA Director.

Attendance at Rules Clinics

Officials shall be required each year to both attend the DCSAA rules interpretation clinic and to pass the rules examination provided by the DCSAA office for the sport(s) they officiate.

Failure on the part of an official to attend the DCSAA rules interpretation clinic and pass the rules examination in the same season shall cause the official to be placed on probation and to lose their eligibility to officiate a state tournament contest during that season.
Failure to satisfy both requirements in the same season for two consecutive years shall cause the official to lose varsity officiating status during the second season. Failure to fulfill this obligation in subsequent years shall cause the official to continue to be restricted to sub varsity contests until both requirements have been satisfied in the same season.

If for a legitimate reason which is documented by the president of their association, an official is unable to attend the DCSAA rules interpretation clinic, they may view a videotape of the DCSAA clinic or, in the absence of a videotape, attend a clinic conducted by another NFHS member state association provided the following procedures are observed:

(a) No later than the day of the DCSAA rules interpretation clinic, the president of the association notifies the DCSAC Executive Director, in writing, of the official’s inability to attend the clinic.

(b) The out of state clinic is conducted by an individual either trained by the NFHS or designated as a clinician by the state’s athletic association.

(c) The official arranges for a letter to be sent to the DCSAC Executive Director from the state’s athletic association office verifying his/her attendance at the clinic.

Protest
Rules of the DCSAA do not provide authority to order games replayed. Problems involving member schools and LEAs shall be referred to the local LEA Athletic Director or Conference Commissioner for resolution. If the LEA Athletic Directors and/or Conference Commissioners can’t reach a resolution, the matter may be referred to DCSAA for consideration.

1. All protests involving game competition that are allowable as defined in the NFHS (name of sport) Rule Book and deemed by the Statewide Director of Athletics to be the responsibility of the DCSAA and not a local conference, shall be submitted to the DCSAA for review and consideration.

2. Protests must be submitted in writing within 48 hours of the conclusion of the contest or earlier if required by NFHS rules.

3. All protests must be signed in writing by the school principal and the LEA Athletic Director.

4. The DCSAA will review the protests, consult both national and state athletic authorities and issue an opinion within 48 hours of receipt.

5. The decision of the DCSAA may not be appealed.

Awards
Member schools and support groups affiliated with a member schools, such as an alumni association or booster club, shall be allowed to present recognition awards for team and individual accomplishments. The awards, including artwork and lettering, shall require the approval of the administrative head of the school and their value shall be mostly symbolic, no more than $500.00. Member schools and support groups affiliated with member schools are also permitted to sponsor banquets.

A nonprofit group such as a coaches association, booster club not affiliated with a member school or community service organization shall be allowed to present recognition awards for team and individual accomplishments with the approval of the administrative head of the school. Nonprofit groups shall also be permitted to sponsor banquets.

Commercial organizations shall be allowed to present recognition awards for team or individual accomplishments with the approval of the administrative head of the school.

Permissible awards include trophies, plaques, medals, letters, certificates, photographs, and similar items. Jackets, sweaters, shirts, watches, rings, charms, and similar items if properly inscribed (reference to the team or individual athletic accomplishment) are also acceptable. The awards shall have symbolic value only, awards with utilitarian value are prohibited. The aggregate retail value of the award shall not exceed $500.00 per team or per recipient.

Use of Influence for Athletic Purposes
The use of influence for athletic purposes shall include, but not be limited to, the following:

(a) Offer of money, room, board, clothing, transportation, or other valuable consideration to a prospective athlete or their parent(s) or legal guardian(s) or Relative Caregiver.

(b) Offer of waiver or reduction of tuition or financial aid if based, even partially, on athletic considerations. Non-school affiliated scholarship or financial aid programs which are primarily restricted to students of one school if the aid is based, even partially, on athletic considerations.

(c) Preference in job assignments or offer of compensation for work performed in excess of what is customarily paid for such services.
(d) Offer of special privileges not accorded to other students.
(e) Offer of financial assistance including free or reduced rent, payment of moving expenses, etc., to induce a prospective athlete or his/her parent(s), legal guardian(s) or Relative Caregiver to change residence.

Illegal Contact with Students, Student’s parent(s), legal guardians, or a Primary Caregiver.

A school employee or Board approved volunteer may not initiate contact or request that a booster club member, alumnus, or athlete initiate contact with a student enrolled in another school or his/her parent(s), legal guardian(s) or a Relative Caregiver in order to persuade the student to enroll in a particular school for athletic purposes. Illegal contact shall include, but not be limited to, letters, questionnaires or brochures, telephone calls, and home visits or personal contact at athletic contests.

If a coach or athletic director is contacted by a prospective athlete or their parent(s), legal guardian(s) or a Relative Caregiver, the former must refer the individual(s) to the principal or head of school or school personnel responsible for admissions.

Permitted Activities

A school employee or Board approved volunteer may do the following:
(a) Discuss the athletic program with a prospective student or their parent(s), legal guardian(s) or Relative Caregiver during an open house or approved visit initiated by the parent(s), legal guardian(s) or Relative Caregiver.
(b) Provide information concerning sports offered, facilities, conference affiliation, and general athletic policies. However, they are not permitted to state or imply in any way that their athletic program is superior to that of another school or that it would be more beneficial or advantageous for the prospective student to participate in athletics at their school.
(c) Conduct an informational presentation at a feeder school.

Penalties

The use of influence or illegal contact including but not limited to, violations noted in this handbook by a person(s) employed by or representing a member school including members of alumni associations, booster groups, and similar organizations to persuade, induce, or facilitate the enrollment of a student in that school for athletic purposes may render the student ineligible for up to one full school year from the date the charge is substantiated. In addition, the offending school may be placed on probation, as determined by the DCSAA, and the offending employee, if a coach, may be suspended for up to one full school year from the date the charge is substantiated.

POLICY Positions

The District of Columbia State Athletic Association Recommendations For Transgender Participation in Interscholastic Athletics

The District of Columbia State Athletic Association
(DCSAA) supports the process outlined below to address the participation of transgender students in all DCSAA state finals series in interscholastic athletics as it aligns with the DC Human Rights Act, Title IX, and other laws and regulations prohibiting discrimination or participation in interscholastic programs and activities sponsored by the DCSAA.

Under the DC Human Rights Act it is unlawful to “…deny, restrict, or to abridge or condition the use of, or access to, any of its facilities, services, programs, or benefits of any program or activity to any person otherwise qualified, wholly or partially, for a discriminatory reason, based upon the actual or perceived: race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, familial status, family responsibilities, political affiliation, source of income, or disability of any individual.”

DEFINITIONS:
For the purpose of this recommendation the following definitions will be in place:

A. Transgender: A gender identity in which a person’s inner sense of their gender does not correspond to their assigned biological sex.

B. Gender Expression: The manner in which people outwardly expresses their gender.

C. Gender Identity: People’s inner sense of their gender. Most people develop a gender identity that corresponds to their biological sex, but some do not.

PRIVACY STATEMENT:
All discussions, documents and information at all levels of the process either by a member school, appeals panel, and/or DCSAA shall be kept confidential unless consent is granted by the student or the student and his/her family.

PHILOSOPHY OF GENDER IDENTITY PARTICIPATION:
Pursuant to 5-A DCMR 2700.6, the DCSAA allows for participation for all students regardless of their gender identity expression. The purpose of this recommendation is to designate a set of criteria in which student-athletes are able to dispute challenges to their participation in a manner that is consistent with their gender identity by member schools. Fundamental fairness, as well as most local, state and federal rules and regulations, requires schools to provide intersex and transgender student-athletes with equal opportunities to participate in athletics may occur in a safe, competitive and friendly environment, free of discrimination.

GENDER IDENTITY PARTICIPATION:
All students should have the opportunity to participate in DCSAA activities in a manner that is consistent with their gender identity, irrespective of the gender listed on a student’s records or identification documents. Schools should allow students to participate in DCSAA activities in a manner that is consistent with their gender identity. In the case where schools do not permit students to participate, a student may seek review of eligibility for participation under the procedures set forth below entitled ‘Guidelines for Review’.

Once the student has been granted eligibility to participate in the sport consistent with their gender identity, the eligibility is granted for the duration of the student’s participation and does not need to be reviewed every sports season or school year, nor upon transfer to another DCSAA participating school in the District of Columbia.

If a school disputes the participation of a student based on gender, the student may apply appeal or apply for a waiver for participation in the following manner:

1. NOTICE TO THE SCHOOL: The student and/or parents, guardians and/or caregivers shall contact the school administrator and/or the school athletic director indicating that the student has a consistent gender identity different than the gender listed on the student’s school registration records and that the student desires to participate in activities in a manner consistent with his/her gender identity. The school shall reconsider participation based on the statement of the guardian. The school staff should work closely with the student to assess the degree to which, if any, the guardian will be involved in the process and must consider the health, well-being, and safety of the appealing student.

2. NOTICE TO THE DCSAA: If the school refuses to allow the student to participate, the school administrator shall contact the DCSAA Executive Director, which will assign a facilitator who will assist the school and student in preparation and completion of a mediation process. If the mediation is not successful, the student has a right to appeal.

3. FIRST LEVEL OF APPEAL: The student may seek a waiver from the State Appeal Panel under the waiver procedures to which the panel will apply DC Human Rights Act standards for review. The Panel shall include a minimum of three (3) of the following persons, one of whom must be from the DCSAA staff:
   A. Physician, physician assistant or nurse
practitioner with transgender health knowledge
B. Psychiatrist, psychologist or licensed mental health professional with transgender health knowledge
C. School administrator from a non-appealing school.
D. DCSAA Staff member
E. Advocate familiar with transgender gender identity and gender expression competencies.

4. All documentation generated for the appeal process will remain confidential to protect the privacy of the student. The following documentation and information is either optional or required to proceed with the appeals process. All documentation and information is provided directly to the DCSAA Executive Director for Panel review:
   A. Optional: Current transcript and school registration information.
   B. Required: Documentation of student’s consistent gender identification and a written request to participate in athletics according to his/her gender identity (e.g., affirmed written statements from student and/or parent/guardian/caregiver/ and/or health care provider).
   C. Optional: Any other pertinent documentation or information.

5. GUIDELINES FOR REVIEW PROCESS
The Panel will convene following the waiver procedures and render a decision under those timelines.

6. RESOLUTION FOLLOWING APPROVAL:
The following areas of awareness for School Administrators, Staff and Athletic Coaches:
   • Use correct names/pronouns according to student’s self-identification
   • Gender appropriate restroom accessibility
   • Locker room accessibility
   • Educational training for teachers, counselors, coaches, administrator and students on transgender sensitivity in relation to student(s)
   • Refer to evidence-based approaches to support for transgender students online: http://www.glsen.org/cgi-bin/iowa/all/news/record/2819.html

Inclement Weather
The presence of thunder and/or lightning necessitates that all outdoor activities be suspended immediately. The occurrence of either thunder or lightning is not subject to interpretation or discussion. If thunder and/or lightning is heard and/or observed all outdoor activities will be suspended immediately. Players and spectators shall be directed to a safe location.

The following recommendations are made to mitigate the lightning hazard:
   • Identify an individual to monitor threatening weather conditions before, during and after outdoor activities and to make a final decision to suspend play.
   • Monitor local weather reports daily prior to any scheduled outdoor activities. Be aware of the potential for severe weather and plan accordingly. Be aware of local weather service terminology: “watch” vs. “warning”, as well as the signs of storm development.
   • Develop an emergency action plan for evacuation to a safe location for each venue that will host athletic practice and/or contests. Ensure that the designated safe location is immediately accessible (unlocked). Clearly identify appropriate nearby shelter locations with maps if necessary. A comprehensive plan should include instructions for participants and spectators as well as an established all clear signal. Communicate the emergency action plan to all officials and coaches prior to the need to take shelter to avoid unnecessary delay.

If thunder and/or lightning are present shelter must be taken for a minimum of 30 minutes from the time of the interruption before considering the resumption of play.

A. If thunder and/or lightning is observed at the site of an outdoor activity 30 or fewer minutes prior to the scheduled start of that activity, the official/coaches and the responsible school authorities shall not permit the contest to begin on that date until the inclement weather has cleared or the conditions become playable.

B. If thunder and/or lightning is observed during the playing of the outdoor activity, the official/coaches shall immediately cease play for a minimum of 30 minutes, have all participants and spectators seek appropriate shelter then re-evaluate the situation.

C. Any subsequent thunder and/or lightning after the beginning of the 30 minute count shall
reset the clock and another 30 minute count shall begin.

*Appropriate shelter is defined as any sturdy, fully enclosed, substantial building that has plumbing and/or electrical wiring that acts to electrically ground the structure.

Examples of locations routinely used that DO NOT meet the criteria for an appropriate shelter include:

- Baseball/softball dugouts;
- Baseball/softball "covered" batting cages;
- Outside storage sheds; and/or
- Canopy/awning/shed/trees.

- In the absence of a sturdy, fully enclosed shelter, a secondary structure such as a fully enclosed vehicle with a hard metal roof, rubber tire, and completely closed windows can provide a measure of safety. Convertibles, soft-top vehicles and golf carts do not provide a high level of protection and cannot be considered safe from lightning.

- Persons should avoid taking showers and using plumbing facilities (including indoor and outdoor pools, whirlpools, Jacuzzis, and hot tubs) and land-line telephones during a thunderstorm.

- If no safe structure or location is within a reasonable distance, personnel should find a thick grove of small trees surrounded by taller trees, or a dry ditch. Everyone should assume a lightning-safe position: a crouched position on the ground with the feet together, weight on the balls of the feet, head lowered and ears covered. Minimize the body's surface area contact with the ground. Do not lie flat!

- If unable to reach safe shelter, persons should stay away from the tallest trees or objects (i.e. light poles, flag poles, etc.), metal objects (i.e. fences, bleachers, etc.), individual trees, standing pools of water and open fields. Persons should avoid being the highest object in an open field.

- In situations where thunder and/or lightning may or may not be present, yet someone feels his/her hair stand on end and skin tingle, LIGHTNING IS IMMINENT! Therefore, all persons should assume a lightning-safe position, as described above.

A cellular and/or portable remote phone is a safe alternative to land-line phones, if the person and the antenna are located within a safe structure or location, and if all other precautions are followed.

Concussion/Head Injury

The athletic rule as it pertains to concussions is supported by two governing bodies, the National Athletic Trainers Association (NATA) and the National Federation of High School Sports, Sports Medicine Advisory Committee and is in compliance with District of Columbia’s Athletic Concussion Protection Act of 2011. Proper management of a concussion is the best form way to prevent serious injury. It is most important to prevent Second Impact Syndrome – a catastrophic increase in intracranial pressure which can result in massive brain swelling, herniation, and/or death. This syndrome occurs in athletes up to 14 days post-concussion and when an athlete returns to competition prior to the complete resolution of initial symptoms. Therefore member schools are required to follow the following concussion protocol:

1. Any athlete removed from play for a suspected concussion must be evaluated by a qualified healthcare professional.

2. Following the injury, all concussions are evaluated by the athletic trainer and/or certified medical personnel and referred for further medical evaluation by a physician.

3. Before the athlete returns to play/competition, he/she must have written permission from a qualified healthcare professional. The qualified health care professional must be a District of Columbia certified and licensed Medical Doctor, Doctor of Osteopathic Medicine or an Athletic Trainer.

a. No physical activity; rest until asymptomatic for a minimum of 24 hours;

b. Once asymptomatic, light aerobic exercise;

c. Progress from light aerobic exercise to moderate exercise;

3. Progress from moderate exercise to non-contact sport specific exercise;

e. Progress to full contact practice

Note: Any recurrence of concussive symptoms at any stage will restart the student-athlete’s recovery process.

An athlete with two concussions per season should be removed from contact sports for the remainder of that season. In order to return to play a physician’s approval is required.
It is highly recommended that an athlete with a history of three or more concussions avoid contact sports. A physician’s approval is required in order to participate. Each school that does not have an appropriate qualified healthcare professional on staff must identify to the DCSAA a concussion point person, responsible for following up on all concussion documentation and ensuring that the DCSAA approved concussion policy is adhered. No student-athlete returns to participation prior to:

1. The student-athlete receives written clearance from a qualified healthcare professional;
2. Completion and documentation of the “Return To Play” protocol; and
3. Parental and/or legal guardian must sign a concussion awareness/instruction form.

Certified/Licensed athletic trainers are permitted to provide written clearance pursuant to the DC Youth Concussion Act.

Failure to comply with the concussion protocol requirements shall result in the individual and/or the school being ineligible to compete in and/or for DCSAA championships.

Heat Acclimatization and Hydration Policy

Over the past 15 years the number of deaths due to heat related illnesses has increased significantly. If athletes are not properly acclimatized for play and treated properly they can suffer chronic if not fatal consequences. Student-Athletes who begin training in the late summer (i.e. football, soccer and cross country) experience over exertion heat-related illness more often than athletes who begin training during the winter and spring months.

All coaches and staff should participate in specific heat acclimatization training (http://is.gd/zOfVLp) and American Red Cross CPR/First Aid/AED training before being allowed to convene practice or participation in any sport.

The following heat illnesses and hydration information has been developed by the District of Columbia State Athletic Association Sports Medicine Advisory Committee (DSCAA SMAC) to provide the highest quality healthcare for student-athletes in the District of Columbia and in order to help educate student-athletes, parents, coaches, athletic directors, certified athletic trainers, medical professionals, and school staff about heat and hydration. These recommendations shall be followed by all coaches and staff and participants unless or until they are changed by the Department of Health or the State Athletic Office, or through heat acclimatization training or American Red Cross training standards. This document should also be referenced periodically for recollection, and any updates or improvements.

This document was established to increase safety and performance for student-athletes who in engage in physical activity, especially in warm and hot environments. Many cases of exertional heat illness are preventable and can be successfully treated if onsite personnel identify the condition and implement appropriate care in a timely manner. The purpose of this information is to a) increase awareness of heat-related illnesses b) provide useful recommendations to optimize fluid replacement for athletes, c) provide information regarding predisposing factors that increase an athlete’s risk for heat illness, and d) identify factors that influence optimal rehydration during and after athletic participation.

What is Dehydration?

Your body is approximately 60% water, and when student-athletes do not replenish lost fluids, they become dehydrated. Dehydration occurs when fluid loss (via sweat, urine, respiratory or GI tract) is greater than fluid intake (via drinking and food). Dehydration of 1% to 2% of body weight begins to compromise physiologic function and negatively influences performance. Dehydration of greater than 3% of body weight further disturbs physiologic function and increases an athlete’s risk of developing an exertional heat illness (i.e. heat cramps, heat exhaustion, or heat stroke).

Some Signs and Symptoms of Dehydration:

- Dry Mouth
- Thirst
- Irritability
- General Discomfort
- Headache
- Apathy
- Weakness
- Dizziness
- Cramps
- Chills
- Vomiting
- Nausea
- Excessive Fatigue
How to check for dehydration
(At least two methods should be used):
Information/ guidelines about dehydration should be available to all student-athletes, especially after a heat-related illness.

**Urine Characteristics (least reliable)**
- Lemonade urine color to clear urine color = well-hydrated
- Regular amount of light colored urine = well-hydrated
- Apple Juice urine color or darker = not hydrated
- Small amounts of dark urine = not hydrated
- A urine chart (see last page) should be displayed to provide athletes with examples

**Weight Checks**
- Weight checks both pre and post-practice to monitor weight loss, to determine how much fluid should be replenished. Use of a written daily record is strongly recommended.
- A loss of just 1-2% of body weight can negatively impact performance. A loss of 3% or more of body weight can significantly increase the risk of exertional heat-related illness.
- Athlete should be back to their weight before the beginning of their next practice.

**RefRACTOMETRY**
- If readings fall within normal limits (hydrated), the student-athlete does not have to repeat the reading, unless a heat-related illness occurs
- If readings show student-athlete is dehydrated the athlete must be held from participation in heat and must subsequently produce a urine sample which indicates hydration on the following day prior to participation

**Some other risk factors for heat illness include:**

**Prior Episode of Heat Illness**
- Some individuals with a history of heat illness are at greater risk for recurrent heat illness

**Clothing and Equipment**
- Dry clothing and equipment absorb sweat and prevent evaporative heat loss
- Dark clothing produces radiant heat gain
- Bulky clothing, protective equipment can all increase body temperature, sweat loss and increase risk of heat illness

**Fitness level**
- Physical training and improved cardiovascular fitness reduces the risk of a heat illness
- Individuals who are untrained are more susceptible to heat illness than are trained athletes.

**Medications & Drugs**
- Amphetamines (including ADHD medications), ephedrine, synephrine, ma huang, and other stimulants increase heat productions
- Diuretics can also produce dehydration

**Alcohol and caffeine at certain doses are mild diuretics**
- Any athlete taking medication for ADHD should be monitored closely for signs and symptoms of heat illness

**Obesity**
- Athletes with a higher body fat percentage are at increased risk for heat illness, as fat does not allow the body to dissipate heat.

**Sickle Cell Trait**
- Special precautions should be taken in hot and humid conditions for athletes with the sickle cell trait (reference Sickle Cell section on DCSAA website)

**Increased Heat**
- Sweating is increased when the environmental temperature is increased. As sweat is lost, the chances of dehydration increases.

**Increased Humidity**
- Evaporation is less effective at high humidity.
- As humidity increases, perspiration evaporates less rapidly.
- Heat loss by sweating can be dramatically impaired when the humidity is greater than 60 percent.

**Ways to Measure/ Gauge Heat & Humidity**
Environmental temperature and humidity each independently contribute to dehydration and heat
illness risk. A heat index should be followed to help determine if practices/contests should be modified or canceled. It is the responsibility of the school's coaching staff to know the heat index before, after or during a scheduled practice, activity, or game. The Weather Channel's heat index chart can be found at: http://www.nws.noaa.gov/om/heat/index.shtml When a sling psychrometer is available (the Kestrel 4400 is a good electronic substitute), the on-site wet-bulb temperature should be measured 10-15 minutes before practices or contests. The results should be used with a heat index to determine if practices or contests should be started, modified, or stopped. A wet globe temperature (WBGT) is the most effective method for determining environmental heat risk, because it takes into consideration not only ambient temperature and humidity, but also solar radiation.

**Apparent Temperature Readings**

**Caution:** 85 to 95°F physical activity may cause fatigue

**Extreme Caution:** 95 to 105°F possible heat cramps and/or heat exhaustion with prolonged exposure

**Danger:** Above 105°F possible heat stroke with prolonged exposure; heat exhaustion and heat cramps likely.

**When is it okay to practice?**

- Schedule training sessions to avoid the hottest part of the day and to avoid radiant heating from direct sunlight, especially during heat-acclimatization.
- The time period between 11 am and 3 pm is a blackout period in August during which no activities may be held outdoors or inside if not a temperature-regulated facility. On Code Orange and Code Red days this time period is extended to 6 pm.
- Plan rest breaks to match the environmental conditions and the intensity of the activity.
- Rest breaks should occur in the shade if possible, and hydration during rest breaks should be encouraged. Allow sufficient time for all participants to access fluids and partake freely during the break. Allow a sufficient...
number of water breaks as well.

- Minimize warm-up time when feasible, and conduct warm-up sessions in the shade when possible to minimize the radiant heat load in "high" or "very high" or "extreme or hazardous".

What is Rehydration?

Rehydration is the optimal replacement of fluids and electrolytes in accordance with individual needs. Fluid intake should nearly approximate fluid losses. Athletes should personally establish and monitor fluid requirements and modify behavior to ensure optimal hydration status.

For most exercising athletes water is appropriate and sufficient for pre-hydration and rehydration. Water is quickly absorbed, well-tolerated, an excellent thirst quencher and cost-effective. Traditional sports drinks (i.e. Gatorade or Powerade) may provide additional benefit in the following general situations:

- Prolonged continuous or intermittent activity of greater than 45 minutes
- Intense and/or continuous exertion
- Repeated exertion
- When multiple practices occur in one day
- Warm-to-hot conditions
- 80°F to 105°F Humid conditions
- Wet Bulb Temperatures of 65°F – 89°F

Athletes must drink before, during, and after practice and games. For example:

- An athlete should always drink when they are thirsty.
- Drink 16 ounces of fluid 2 hours before physical activity.
- Drink another 8-16 ounces 15 minutes before physical activity
- During physical activity, drink 4-8 ounces of fluid every 15 to 20 minutes
- After physical activity, drink 16-20 ounces for every pound lost

What NOT to drink during exercise:

- Fruit juice with greater than 8% carbohydrates
- Carbonated Soda
- Energy Drinks
- Iced Tea
- Coffee

Prevention of Heat Illness

A proper heat-acclimatization plan in secondary school athletic programs is essential to minimize the risk of exertional heat illness during the preseason practice period. Student-athletes should gradually increase exposure to hot and/or humid environmental conditions during a minimum period of 10 to 14 days. When an athlete undergoes a proper heat-acclimatization program, physiologic function, exercise heat tolerance, and exercise performance are all enhanced.

Each exposure should involve a gradual increase in the intensity and duration of exercise and equipment worn until the exercise is comparable to that likely to occur in competition. When environmental conditions are extreme, training or competition should be held during a cooler time of day. Hydration should be maintained during training and acclimatization sessions.

Any practices or conditioning conducted before this time should not be considered a part of the heat-acclimatization period. The heat acclimatization period is designed for students on an individual basis. Days in which student-athletes do not practice due to a scheduled rest day, injury, illness, or other reasons do not count towards the heat-acclimatization period.

8-Day Heat Acclimatization Period

Regardless of the conditioning program and conditioning status leading up to the first formal practice, all student-athletes (including those who arrive at preseason practice after the first day of practice) must follow the 8-day heat acclimatization plan starting on the first official day practice is allowed. The 8-day period is adhered to on an individual basis, not as a team. All DCSAA member schools must follow the Heat Acclimatization Period that is detailed below:

- Days 1-5
  - First formal practices
  - No more than 1 practice occurs per day.
  - You can have a one hour walk-through, however a three hour recovery period must be inserted between the practice and walk-through (or vice versa)
- Days 1-2
  - T-shirt, shorts and helmet should be the only protective equipment permitted.
- Days 3-5
  - Only helmets and shoulder pads should be worn.
Contact with blocking sleds and tackling dummies may be initiated.

■ Day 6
  o All protective equipment may be worn and full contact may begin.

■ Day 9+
  o Double-practice days (2 days) cannot begin until after day 8.
  o Double-practice days (2 days) cannot be longer than 5 hours total.
  o Double-practice days may not be held on back-to-back days. If Monday is a double practice day then Tuesday may not be.

Physical exertion and training activities should begin slowly and continue progressively. The majority of heat-related deaths happen during the first few days of practice, usually promoted by doing too much too soon, and in some cases with too much protective gear on too early in the seasoning (i.e. wearing helmet, shoulder pads, pants, and other protective gear). Players must be allowed the time to adapt safely to the environment, intensity, duration, and uniform.

No dark colored clothes should be worn because it can increase the body’s absorption of solar radiation, while moisture-wicking –type clothing helps with the body’s ability to dissipate heat. Absolutely no long sleeves or pants are to be worn. As much bare skin as possible should be exposed, as permitted by the protective equipment and practice uniform.

Student-Athletes should never be denied or discouraged from drinking water/fluids. Fluids should be readily accessible throughout practice. Athletes should NEVER be punished by withholding water/ fluids.

**CODE ORANGE AND RED WEATHER DAYS:**

- No practice in full gear
- No practices between 9 AM and 6 PM.
- Increase the number of scheduled water breaks.
- Water break intervals should be every 10-15 minutes and should last long enough to provide adequate time for each athlete to rehydrate.
- Athletic Trainers may limit activity of athletes with special conditions (asthma, sickle cell trait/ anemia, diabetes, etc).
- Heat and Humidity monitoring may require coaches to adjust practices by changing: start time, length of practice, number and frequency of breaks and water breaks, and athletes’ attire.
**DCSAA Regulations for Fall Sport Acclimatization**

- **Time Period**
  - 8 day acclimatization period prior to scrimmage and game participation

- **Equipment Permitted**
  - Days 1 - 2 ONLY helmet
  - Days 3 - 5 ONLY helmet & shoulder pads

- **Double-Practice Days**
  - ONLY permitted after Day 8
  - Must be followed by a single-practice day or a rest day
  - Any session may not last more than 3 hours; no more than 5 hours total for day

- **Missed-Day Policy**
  - Any day an athlete does not practice for any reason does NOT count toward the 8 days needed

- **Drills/Games Permitted**
  - Football may use tackling dummies and blocking sleds beginning on Day 3
  - Live contact drills may begin on Day 6
  - Scrimmages are not permitted until Day 9

---

**Common Types of Exertional Heat-Related Illness:**

Muscle (Heat) Cramps: are often present in student-athletes who perform strenuous exercise in the heat. Conversely, cramps also occur in the absence of warm or hot conditions. Dehydration, diet poor in minerals, and large losses of sodium and other electrolytes in sweat appear to increase the risk of severe, often whole-body, muscle cramps.

**Signs and Symptoms**

- Thirst
- Sweating

**Treatment**

- Rest
- Prolonged stretching of involved muscle group
- Sodium Replacement (i.e. salt tablets, Gatorlytes, salty snack, pickle juice)
- Full Body Cramps: Student-athlete should be transported to hospital for intravenous fluids
Heat Exhaustion:
is a moderate illness characterized by the inability to sustain adequate cardiac output, resulting from strenuous physical exercise and environmental heat stress. Inherent needs to maintain blood pressure and essential organ function, combined with a loss of fluid due to acute dehydration, create a challenge the body cannot meet, especially if intense exercise were to continue.

**Signs and Symptoms**
- Slightly Elevated Body Core
- Dizziness
- Fatigue
- Pale or Sweaty Skin
- Decreased Pulse Rate
- Fainting

**Treatment**
- Begin active cooling
  - Ice bags, ice baths, fan, etc.
- Place in a cool environment
- Activate EMS if fainting or student-athletes core temperature is greater than 104°F
- Elevate the legs
- Rehydrate

Exertional Heat Stroke:
is a severe illness characterized by central nervous system (CNS) abnormalities and potentially tissue damage resulting from elevated body temperatures induced by strenuous physical exercise and increased environmental heat stress. Rectal temperature is greater than 104°F combined with altered mental status. This increased core temperature disrupts organ function.

***Medical Emergency***

**Signs and Symptoms**
- Dizziness
- Drowsiness
- Confusion
- Irritability
- Seizures
- Weakness
- Tachycardia (100-120 beats/ min)
- Hypotension (Low Blood Pressure)
- Vomiting

**Treatment**
- To be appropriately prepared for this medical emergency all materials necessary for immediate treatment must be prepared prior to practice/games and be immediately available and close in proximity.
- Cooling should begin immediately, prior to or concurrent with EMS activation
- Rapid reduction is body core temperature

**Immersion in ice water**
Ice packs to groin and arm pit

Exertional Hyponatremia:
is when an athlete consumes more fluids than necessary, and/or sodium lost in sweat is not adequately replaced, sodium in the bloodstream can become diluted and cause cerebral or pulmonary edema. Hyponatremia is the low blood-sodium levels in a student-athlete, which normally happens during warm or hot weather.

**Signs and Symptoms**
- Elevated Body-Core Temp (> 104°F)
- Nausea/ Vomiting
- Extremity Swelling
- Confusion
- Seizures
- Coma
- Altered Consciousness
- Weight Gain

**HEAT & HYDRATION TIPS**
- Athletes must begin practices and training activities adequately hydrated. Hydration should start before, during, and after physical activity.
- Recognize early signs of distress and developing exertional heat illness, and promptly adjust activity and treat appropriately. First aid should not be delayed!!
- Recognize more serious signs of exertional heat illness (clumsiness, stumbling, collapse, obvious behavioral changes and/or other central nervous system problems), immediately stop activity and promptly seek medical attention by activating the Emergency Medical System. On-Site rapid cooling should begin immediately. The Emergency Action Plan should be activated immediately.
Steps to Prevent Heat Illness during Summer Months

1. Measure the WBGT when possible. If not, determine the heat index via internet. Re-measure several times throughout the event or practice.

2. Equipment check-utilize light colors, lightweight materials, and sun-protection clothing.

3. Provide unlimited opportunities for hydration. Hydration should never be withheld as a punishment!

4. Body weight, refractometry, or urine colors should be monitored for dehydration. Monitor student-athletes who show signs of dehydration. If necessary student-athlete may be held from practice until rehydrated.

5. Assure proper acclimatization prior to high endurance/intensity exercise in heat.

6. If at all possible, practices should be attended by an athletic trainer or team physician who is prepared to manage heat-related emergencies.

For Member Schools without Medical Staff Available

☐ Use appropriate medical coverage
☐ Have a cell phone on hand
☐ Know your local emergency numbers (i.e. 911)
☐ Schedule breaks for hydration and cooling (i.e. drinks, towels, ice tubs)
☐ Provide ample recovery time in between practices
☐ Monitor weight loss
☐ Encourage adequate nutrition
☐ Have all necessary emergency materials already prepared prior to the need for them.

QUICK REFERENCE FOR HEAT RELATED PRACTICE MODIFICATION

Below is a guideline to be used any time the temperature is above 72° F. There are more accurate methods that can supersede this method, such as the use of WBGT index that combine impact of humidity, ambient temperature, solar radiation and air movement. If such equipment/data is unavailable, the information below may be used as a minimum guideline. This may also be used for indoor sports, however, heat and humidity readings must be obtained on-site.

1) Go to www.weather.com
2) Enter the zip code for the area of participation, activity, game or other play.
3) Add the numbers of temperature and relative humidity.
4) If the sum of the 2 numbers is greater or equal to 150 (+/-10 depending on level of acclimatization), practice should be restricted. Such restrictions should at least include:
   a) practice time limited to 2 hours
   b) water breaks with helmets off every 15 minutes
   c) helmets and shoulder pads only
5) If the sum of the 2 numbers is greater or equal to 160 (+/- 5 depending on level of acclimatization) practice should be restricted. Such restrictions should at least include:
   a) practice limited to 90 minutes
   b) water breaks with helmets off every 15 minutes
   c) helmets only

6) If the sum of the 2 numbers is greater or equal to 170 (+/- 5 depending on level of acclimatization) All practice should be stopped.

Note: Any temperature above 72° F, with a relative humidity of 95% or higher, produces a high risk of heat related illness. Any temperature above 95°F, regardless of % relative humidity level, produces a high risk of heat related illness. For more detailed information see graph at: Zinder, S.M. and Shultz, S.J. Heat-Related Issues. National Federation of State High School Associations Resource Document. http://www.nfhs.org

Definitions

When used in this chapter, the following terms shall have the meanings ascribed:

**Administrative Head of School** – The chief or head individual in charge of the school traditionally referred to or generally known as the principal or head of school.

**Athletic Appeals Panel (AAP)** – A review Panel composed of three (3) voting members of the District of Columbia State Athletics Commission who are appointed by the Chair of the District of Columbia State Athletics Commission (DCSAC)

**Athletic Director (“AD”)** – A person who holds the position of athletic director or a person or entity that performs the functions of an athletic director.

**Athletic League** – Includes the District of Columbia Interscholastic Athletic Association or its successor, the Public Charter School Athletic Association or its successor, and any other collaborative of LEA’s or schools for the purpose of which is to organize interscholastic athletic competitions against other members of the collaborative.

**Board of Commissioners** – The governing board of the DCSAA as defined by 5A DCMR; Chapter 27; §21-0601.

**Bona Fide Change of Address** – The student-athlete moves with their custodial parent(s), or a custodial guardian from domicile A to domicile B.

**Boundary Zone or Attendance Zone** – The area designated by DCPS as inbounds for a particular residence.

**Commission** – the District of Columbia State Athletics Commission (DCSAC).

**Day** – One (1) calendar day, unless otherwise stated.

**DCPS** – means the District of Columbia Public Schools.

**DCSAA** – means the District of Columbia State Athletic Association.

**DCSAA** – sanctioned sport or activity - means a sport in which DCSAA hosts a state championship and/or is governed by the National Federation of State High School Association rules. All sanctioned sports and/or activities will be updated annually and published in the DCSAA Handbook.

**DCSAA-sanctioned competition** – means an interscholastic athletic event or program governed by DCSAA membership standards.
**DCSAC** – Means the District of Columbia State Athletic Commission, an independent agency created by statute to provide oversight and guidance of interscholastic athletics in the District of Columbia.

**Double-Practice Day (2-a-day)** – is two practices in one day. Neither practice’s duration can exceed three hours total, and student-athletes may not participate in more than five hours of practice. Warm-up, stretching, cool-down, walk-through, conditioning and weight-room activities are included as part of the practice time. The two practices should be separated by at least three continuous hours in a cool environment.

**First year of eligibility** – The school year a student first enters ninth (9th) grade for the first (1st) time.

**Hardship** – A hardship is defined as an unforeseeable, unavoidable, and uncorrectable act, condition or event, which causes the imposition of a severe and non-athletic burden upon the student or his/her family.

**Interscholastic Athletics Program** – Means all athletic activities or sports offered within a school, the purpose of which is to provide opportunities for students to compete with other students on like teams in other schools.

**Legal Guardian, Custodial Parent or Primary Caregiver** – An individual who legally has responsibility for the care and management of the student during the student’s minority.
