Bodies of Governance

LDC Youth Hockey is governed through a hierarchy of organizations that specifically oversee the promotion and development of youth hockey players.

USA Hockey, Inc. is the national governing body for the sport of hockey in the United States. USA Hockey provides certification, registration and education standards that are intended to benefit its members to achieve maximum development opportunities for all participants.

Minnesota Hockey is one of twelve districts within USA Hockey, and is the governing body for youth and amateur hockey in Minnesota. Minnesota has three areas of focus:

- ❖ **Player Skill Development** - Teach players hockey skills so that they can enjoy the game and achieve their personal goals.
- ❖ **Growth** - Introduce children and adults to our great sport and provide a variety of programs so they will continue to play hockey year after year.
- ❖ **Safety** - Provide a safe environment in which to play our wonderful game.

District 5 is the district within the state of Minnesota in which LDC Youth Hockey resides. All Minnesota Hockey districts are organized in accordance with USA Hockey, and are operated entirely by volunteers.

LDC Youth Hockey operates under the guidelines set forth by USA Hockey, Minnesota Hockey and District 5. Efforts by all the organizations directly involved in youth hockey are intended to create a positive, healthy and safe hockey experience for all members.

Hockey Advisory Committee

LDC Youth Hockey is served by the Hockey Advisory Committee (HAC), which is established to promote a healthy and safe environment for a positive individual and team experience in the game of hockey. Members of the HAC contribute significantly to the LDC Youth Hockey program by coordinating the recruitment and training/certification of coaches, scheduling tournaments, advising the Board of Directors and association members, and administering the on-going functions of the association.

Financial Management

The LDC Youth Hockey Association is a non-profit organization which is funded exclusively by membership, fundraising events and donations. It is a goal of the association to provide the best program possible at reasonable costs to the association members. In order to maintain a positive financial balance throughout the season, the association requires all members to participate in fundraising events. To ensure fair and equitable distribution of volunteerism, the Board coordinates the schedule for members to work at the concession stand at the Litchfield Civic Arena during hockey events throughout the season and will coordinate the schedule for association members to coordinate and participate in fundraising activities.

Earning Volunteer Credits

DIBS:

LDC hockey has implemented an online scheduling program for mandatory volunteer credits for association members. Credits may be earned by either fulfilling the requirements of an association position, i.e., Board membership or committee membership, working in the concessions. Volunteering is crucial to our program and is *a mandatory requirement of association membership*. Parents/guardians will sign a disclosure statement indicating that you have read and understand the requirements for association membership.

There will be NO DIBs credit given for working the Clock, announcing the game, or running the penalty box at games home or away.

Each family is required to work volunteer hours in an effort to keep costs as low as possible. Your support, sometimes beyond your required hours may be needed to keep cost at a minimum for our hockey program.

All Volunteer hours must be fulfilled for the previous season before a player can be registered for the current season. New volunteer hours start June of each Year

The LDC Hockey Association is always in need of volunteers for a variety of duties. All the time that an association member spends volunteering benefits our program and promotes success for your player. If you know of opportunities or skills you have that would help us in such areas as arena maintenance, equipment maintenance, a variety of repairs or other options, please contact the Board.

Approximately twenty hours (20) volunteer hours are required per FAMILY. This is based upon the number of skaters that sign up for the year. NEW parents to the program with FIRST YEAR MITES complete only five (5) hours of DIBs the first year. See DIBS instructional on LDC Hockey website to create an account or contact a board member if it is determined that members are not fulfilling required volunteer duties, it is the Board's discretion to create an account and assign hours for you.

Showing up for your volunteer hours is very important for the success of this program. If you are unable to fulfill your scheduled volunteer event, it is YOUR RESPONSIBILITY to contact the DIBs Coordinator within 3 days prior to your scheduled volunteer shift. And find a replacement for your scheduled hours. Anytime a member does not fulfill a scheduled volunteer requirement, a \$75.00 per no show will be assessed. If you feel the fee assessment is in error, you can request to be added to a Board meeting agenda to discuss your situation.

****At the time of registration, a deposit for DIBS and jerseys will be asked. This amount may be different from year to year due to the number of DIBS hours that are required. This amount will be figured by the number of DIBS hours x \$25/hour. Once your DIBS hours have been completed your check will be returned. If you do not work your assigned hours by March 15th your check will be cashed.****

Refunds:

Refunds will be given for some registration fees if written notice is given to the Treasurer of the Association prior to the beginning of the season. For purposes of this section, the beginning of the season is defined as the first date that an association member is scheduled to be on the ice, for any reason. Any player to quit within the first seven days will receive a full refund. Any player to quit day eight thru December 31st will receive 40% refund. Any player quit after December 31st will not receive any refunds. When a refund is given the player(s) will be removed from the team roster and unable to sit on bench.

Goalie Incentives:

In order to ensure goalie retention, it is the LDC Youth Hockey Association's policy to offer goalie incentives. If a goalie signs on any of the team levels, and if that goalie maintains his/her position, attends mandatory practices, continues to develop the required fundamentals, and plays consistently throughout the hockey season, LDC, will refund (per Table Below) a percentage of the initial registration fee, not including any tournament fees, equipment rental fees, fundraising

fees or any fundraising buyout. This fee refund is not offered to any other players who play out periodically, but to officially rostered goalies. This refund is contingent upon the player demonstrating consistent goalie position throughout the season; and is not dependent on ice time.

Level of Play	Registration Refund
Squirt / 10U	25%
Bantam / PeeWee / 12U/15U	50%

For Bantam / PeeWee / 12U level of play: If there are more than 2 goalies rostered per team, 1 full registration amount (100%) will be divided among the goalies (e.g. 3 goalies will each receive 33% rather than 50%)

In general, the Squirt / 10U level of play will have equipment provided by the association, while the higher levels of play have their own personal equipment. This is the basis for the progressive refund by level of play.

Registration requirement:

- ❖ At time of registration, every association member must be registered with USA Hockey. This registration may be completed prior to registration night: (USA has their own fee)

<https://www.usahockeyregistration.com>

- ❖ At the time of registration, all documentation requested, including but not limited to certified copies of birth certificates for new players, must be delivered to the association, prior to the first practice.

Locker Room Policy

For the development of our players and enjoyment of the sport of hockey, the safety and protection of our participants is central to LDC's goals. LDC adheres to USA Hockey's SafeSport Program as a means to help protect its participants from physical abuse, sexual abuse and other types of misconduct, including emotional abuse, bullying, threats, harassment and hazing. To help prevent abuse or misconduct from occurring in our locker rooms, LDC has the following expectations for locker room safety:

All locker rooms are to be monitored. If coaches are not inside the locker rooms, voluntary locker room monitors are to be scheduled and present to reduce the risk of misconduct. It is the policy of USA Hockey and USA Hockey Inline that all Affiliates, Districts, leagues, and local hockey programs have at least one responsible adult present directly monitoring the locker room during all team events to assure that only participants (coaches and players) APPROVED team personal are permitted in the locker room and to supervise the conduct in the locker room.

All individuals entering the locker room MUST have the following:

- Screened with a background check
- Completed SafeSport Training with certification
- Registered with USA Hockey

Anyone not meeting the above criteria is NEVER TO ENTER the locker room unless:

- Parents of skaters at the younger age groups such as the mite level that need assistance with dressing by his/her parent
- If a player is or may be injured and it is necessary for parent(s) to support and assist the skater

LDC Youth Hockey Inc. prohibits all types of physical abuse, sexual abuse, emotional abuse, bullying, threats, harassment and hazing, all as described in the USA Hockey SafeSport Handbook. Participants, employees, or volunteers, in LDC Youth Hockey Inc. may be subject to disciplinary action for violation of these locker room policies or for engaging in any misconduct or abuse that violates the USA Hockey SafeSport Policies.

Parent Representatives / Team Coordinator:

Each team will have a volunteer parent representative. The parent representative will serve as a liaison and team coordinator. This volunteer works with the team's coaches to assist in scheduling parents for various responsibilities throughout the season. This job is a challenging one, and respect for your team's volunteer, and full cooperation with your team coordinator, is required.

Responsibilities include, but are not limited to, the following:

- ❖ Organize parent meeting attendance.
- ❖ Bring team bag to games – includes roster stickers for score sheets and team eligibility forms, and rule book.
- ❖ Be the liaison for the coach and team. Send emails to team – schedule changes, reminders, etc. Some coaches may do this themselves; others have the Parent Rep send the emails.
- ❖ Schedule box workers for home and away games—penalty box, Clock, Scorebook

- ❖ Wash all jerseys and turn into equipment coordinator
- ❖ Coordinate any year end party or gathering if the team desires.
- ❖ Turn in key for team box and team bag to the registrar

Team size:

The LDC Board will assess team sizes each season. In some cases, the Board will invite players up to the next Division according to their tryout rankings to meet the minimum team size, with parent approval.

The Hockey Advisory Committee will recommend to the LDC Hockey Board the number and size of the teams as well as the number of teams at each level of play.

Guidelines for team size: When multiple teams are being formed at a certain level of play, the lower levels of play (e.g. Squirt Level) will generally have more teams formed and fewer players per team to enable more playing time per skater. In contrast, at the Bantam level, fewer teams with more skaters per team are generally preferred due to the physicality of that level of play.

*Penalty Box (minor team official duties) is team responsibilities and **do not apply towards volunteer credits**. No families are exempt from these duties —parent representative will assign duties by family and hand out a schedule. If you are unable to perform duties, you are responsible for swapping dates/duties with other team families and notifying the team manager of the change.*

LDC HOCKEY TRYOUT PROCESS

LDC Hockey Board: The LDC Hockey Board has overall responsibility for approving the Tryout Procedures. The LDC Hockey Tryout & Evaluation Procedures will be reviewed on an annual basis by the LDC Hockey Board prior to tryouts.

- Any 2nd year skater may fill out a waiver request form and send to ldcregistrar01@gmail.com up to October 2nd. At this time, coaches and the board will perform an assessment based upon the number of registered skaters at each level to determine if any waive ups will be considered. If there is a need for waive ups, an email will be sent out to those 2nd year skaters offering the opportunity to take part in practice/try-outs the week of October 5th. Try outs will be October 9-11th. Final decisions on waive up requests will be made on Monday, October 12th.

LDC Hockey Advisory Committee:

The LDC Hockey Advisory Committee is responsible for developing the tryout process and recommending any proposed changes to the LDC Hockey Board of Directors. The LDC Hockey Board of Directors has final approval authority over the tryout process.

Tryout Coordinator:

The Tryout Coordinator will report to LDC Hockey Board and will coordinate all activities associated with the tryout process. Specific responsibilities include:

Maintain and update the LDC Hockey Tryout Procedures.

- Contact evaluators to participate in the Tryout process.
- Ensure all functions as outlined in this document are completed.
- Point of contact for all issues pertaining to the tryout process.

Evaluators:

Evaluators are responsible for assessing skill levels of each player and will facilitate each session by ensuring the required drills are completed as determined by the LDC Hockey HAC.

Evaluators may include volunteer coaches, HAC members, Board members, and other objective evaluators whose assistance has been requested during the tryout process.

Parents/Guardians:

Parents or guardians will not be allowed in the arena, anywhere, during the try out process unless they are approved coaching staff. Parents and guardians *will not be allowed* to attempt to influence the outcome of the tryouts. For tryouts, parents and guardians will safely escort players to the outer doors of the arena and leave the premises for the duration of the tryouts. Violation of this requirement by any non-coach parent will jeopardize their player's participation in LDC Hockey.

Any parent that does not want their skater participating on an A team can request an exemption. Such requests must be made prior to the conclusion of the evaluation session. In the event a player wishes to decline their placement after the conclusion of tryouts it must be approved by the LDC Hockey Board.

Girls (10U) and above are encouraged to try out and play on the LDC girls' teams. Prior to the first try out, a girl from 10U and above must declare whether they will try out and play on a girls' or boys team, in writing, before the Board. If, after tryouts a girl wants to move to/from a youth team they will be allowed to move prior to the final roster signing date, but they will be placed on the lowest level team at their respective age group.

Evaluators for the tryout process will conduct the evaluation on a volunteer basis with no compensation for time, travel or meals. The Tryout Coordinator will contact evaluators. A good

faith effort will be made to recruit evaluators that are experienced in the evaluation process and have coached or at or above the level of play that he/she is evaluating. *The evaluating coach will not be allowed to evaluate, score, or rank his/her own child(ren) on the skill assessment during tryouts. The coach will participate in the overall placement of players.*

Coaches – See guidelines established by the LDC Hockey Advisory Committee

Tryout Sessions/skill assessments:

There will be two separate tryout sessions per level of play.

The goal of the skill assessment phase of the tryouts is to ensure that evaluators place each skater in the appropriate level based on their current level of skill. Each evaluator will be provided a Skill Assessment Sheet at the beginning of each session. The sheet will be prepared by the HAC and will include a breakdown of the skills evaluated during the session. Evaluators will score skaters during the session and document the session results on the Skill Assessment Sheet. The completed Skill Assessment Sheets will be turned in to the Tryout Coordinator at the conclusion of each session.

After completion of the second session for PeeWee/12U/10U & Bantam/15U, the evaluators will meet to rank all skaters at that level. The rankings will be based upon the Skill Assessment Sheets and evaluator input. If evaluators cannot come to a consensus regarding rankings, reference for all tie breakers will be based on the highest average score per the Skill Assessment Sheets. The ranking based on the assessments and coach/evaluator input will be used to reorganize groups into the “A-B” and “B-C” groups for the remaining sessions. Evaluators will have the ability to move skaters from the B/C group to the A/B group following the A/B – B/C cut.

Team Selection is based on but not limited to; Hockey skills, Team Play, Attitude, Behavior, Commitment, Ability to be coached, Previous years performance, Past Coach’s assessment if needed.

Squirts/10U, PeeWee/12U & Bantam/15U:

After completion of the initial evaluation session, groups will be organized based on tryout rankings. This will allow assessment of skills within an “A-B” and “B-C” skill level. The second tryout session may include a mix of drills; inter squad scrimmages, as well as scrimmages with a group of the same level from another association.

Peer waiver limitations:

- ❖ Peer eligibility entering high school: LDC Youth Hockey will follow Minnesota Hockey age guidelines. Players with LDC eligibility remaining may try out for the High School varsity team if invited by the coach. Any player not rostered to the Varsity team will be asked to return to their respective youth hockey team.

- ❖ Peer eligibility within youth hockey program: Peer waivers must be requested in writing and will be at the sole discretion of a majority vote of the LDC Youth Hockey Board of Directors

If a player has a birthdate that falls into a particular level lower than his/her grade level but the player would prefer to play with his/her grade level of school, the player is allowed to register at the birth year level and then complete a waive up form and turn into the board for approval, it is based on a majority vote and not all waivers are passed.

Ice Time Policy:

It is LDC Youth Hockey's goal to secure ice time for all teams such that each team will be allotted appropriate ice time to provide a quality hockey experience for all players. It must be recognized that there will be times when there is not enough ice time available to provide an optimal schedule. To maximize the use of available ice, every team will routinely share part of their practice time with other teams. To ensure all teams have fair ice time, the scheduler will appropriate ice at various times that may appear to be less than convenient for our players, i.e., early morning or weekend/Sunday morning hours. All time on the ice is important for our association members, and you are encouraged to make sure that your player is present at every scheduled practice.

Playing Standards:

LDC Hockey believes in and encourages equal play time. Equal playing time means, over the course of the season, players should play approximately an equal amount of time. This does not mean that play will be equal in each and every game. If an association member feels that their player is not being treated fairly with regards to equal play time, it is important to communicate your concerns with your coach. Coaches are encouraged to explain playing time philosophy with the parents and come to an acceptable resolution.

It is critical to team development and player success for both parents and coaches to be aware of the importance of each other. Coaches are volunteers and spend a great deal of time supporting your player. Communicate with them respectfully. Understand that, without association members, this program would not be successful. If a parent has a concern regarding playing time, or team rotation, make sure you consider the situation from their perspective. All members of this association and their players, whatever position or level of play, are needed to keep our program funded.

If a concern is not adequately addressed during a one on one session with the coach, parents have the option of filing a grievance per the LDC Hockey Handbook.

- Be generous with your praise when it is deserved; be consistent and honest; be fair and just; do not criticize players publicly; learn to be a more effective leader and coach; don't yell at players.

Electronic Communications Policy:

In an effort to foster good sportsmanship and to deter the need to enforce appropriate discipline, LDC Youth Hockey recommends the following guidelines as best practices for the use of electronic communication/social media by LDC Youth Hockey athletes. For the purpose of these guidelines, electronic communication/social media means any form of electronic communication/social media through which users create online communities to share information, ideas, personal messages, and other content, including by way of illustration and not limitation, including but not limited to; Twitter, Facebook, Instagram, Snapchat, Tik Tok and Tumblr.

LDC Youth Hockey respects the right of athletes to use electronic communication/social media. However, it is important for LDC Youth Hockey athletes to understand the need to exercise care in setting appropriate boundaries between their personal and public online behavior and to understand that what may seem private in the digital world can often become public, even without knowledge or consent. LDC Youth Hockey athletes who use electronic communication/social media must remember that any information posted reflects on the entire LDC Youth Hockey program and, as such, is subject to the same behavioral standards set forth in “Codes of Conduct” of the LDC Youth Hockey handbook.

Best Practice for Electronic Communication/Social Media Use:

These guidelines are intended to provide a framework for LDC Youth Hockey athletes to conduct themselves safely and responsibly in an online environment. As a member of LDC Youth Hockey, you should:

1. **Be Aware the Privacy Settings is NOT Foolproof.** LDC students are highly encouraged to use privacy settings on electronic communication sites. However, athletes should be aware that these settings are not foolproof. Although electronic communication/social media sites provide their users with privacy improvement updates, the changes occur frequently and can get

complicated. Even if you diligently monitor your privacy settings, it's best to assume that anything you post may potentially be seen by your school, your team, your parents and strangers.

2. Avoid Posting Confidential Information. Be aware of the kind of information you are posting on electronic communication/social media sites. Posting information such as your date of birth, address, phone number, class schedule, social security number, etc. is not recommended. Once such information is posted, it becomes property of the electronic communication/social media site.

3. Avoid Unprofessional Public Profiles. Any information you put on electronic communication/social media sites is considered public information and may be viewed by members of the public. Be mindful of the image you create for yourself online. Potential, current and future employers as well as college admissions recruiters may access the information you put on electronic communication/social media sites.

4. Avoid Posting Illegal Activities. Photos posted via electronic communication/social media become the property of the electronic communication/social media site. You may delete the photo from your profile, but the photo remains on the electronic communication/social media site's server. Internet search engines such as Google or Yahoo may still find that image long after you have deleted it from your profile. In addition, even if your profile is set to private, a friend can always download and save incriminating photos that third parties, such as authorities, can use against you in the future.

5 Avoid Bullying/Threats of Violence. While LDC Youth Hockey athletes have a right to free speech, that right is NOT unlimited. Bullying is a serious problem and is not limited to athlete to athlete interactions. Vicious treatment and hateful words often lead to violence, suicide, depression, and discrimination. LDC Youth Hockey athletes should avoid the following:

- Derogatory language remarks about teammates, coaches, students, staff members, referees, board members or representatives of other teams/schools.

- Demeaning statements about and/or threats to any third party; and

- Creating serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.

LDC Youth Hockey athletes should be aware that their online actions have consequences. While LDC Youth Hockey does not monitor athlete electronic communication/social media accounts, it has the right to act on information provided by third parties (i.e. other athletes, parents and community members). LDC Youth hockey also has the right to investigate athletes' electronic communication/social media sites in the event of allegations of inappropriate online conduct.

The following online actions are considered to be substantially or foreseeable disruptive to the hockey association environment; lewd, vulgar or offensive; and/or advocating violence or illegal activity and therefore subject to the consequences listed below.

Online Actions:

- General inappropriate language of a profane or sexual nature.
- Profane or inappropriate language or remarks directed towards teammates, coaches, other team athletes or associations, and their coaches, and referees.
- Demeaning statements about threats to any third party.
- Incriminating photos, statements, or language in reference to violence, drug or alcohol use, bullying, or any other inappropriate behaviors.
- Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
- Indicating knowledge of an unreported theft or property damage or team violation.
- Engaging in or indicating knowledge of cyber bullying and/or harassing another athlete or coach.
- "Liking" any of the above comments or photos on Facebook or any other social networking sites indicates your approval of such comments and thereby holds you to the same standard. Should you choose to "Like" such comments/photos made on social networks by your friends, the consequences outlined below will apply.
- "Retweeting" or marking a tweet as a "Favorite" on Twitter also indicates your approval of inappropriate comments and thereby holds you to the same standard. Choosing to retweet or favorite an inappropriate comment or picture will subject you to the consequences outlined below.
- "Sub tweeting" is not permitted under any circumstances. The notion that you are choosing not to identify the victim of your bullying or inappropriate comments does not preclude you from the below consequences.
- Other inappropriate behavior as deemed so by LDC Youth Hockey board and SafeSport representative.

Consequences:

- 1st offense - warning (severity could determine otherwise)
- 2nd offense - game suspension (severity could determine otherwise)
- 3rd offense - season suspension (no refund)

It is the expectation of LDC Youth Hockey that you will represent our association in the best possible manner. Your signature indicating you have read and agree to the terms of this

handbook indicates that you understand this information and the associated discipline. Furthermore, you will continue to uphold the high standards and character that is expected within our association.
