

JCNSP HOCKEY

Equipment Use Agreement

The undersigned parent acknowledges and agrees that the breezers, M11 helmet and jerseys (the "equipment") that have been issued to their player for the [REDACTED] hockey season are the sole property of the JCNSP Hockey Association. The Association has provided this equipment solely for player use during the season. I understand and acknowledge that the payment of hockey fees does not grant the right to permanently keep this equipment.

The goal of the Association is to build a competitive and successful hockey program. Keeping our players safe during the season and throughout the year is essential to achieving that goal. The Association understands that many players participate in offseason training and development through various camps and clinics. As such, with a \$200 security deposit and a signature on this agreement, a player may continue to use the breezers and helmet during the offseason.

By signing this document the parent agrees:

1. All jerseys will be returned to the players coach at the final practice or game.
2. If I am not returning to the association next season or do not want to use the equipment during the offseason, I agree that I will turn in the player's breezers and helmet at the final practice or game to the coach (along with my jerseys); or,
3. I wish that my player be allowed to use the helmet and breezers during the offseason, I am attaching a \$200 security deposit check to this form. I understand that the \$200 security deposit check will be returned to me uncashed when I return to enroll my child with the Association next season and return with the equipment. In the event that I change my mind about return to the Association, I agree that I will notify a board member in writing and make arrangements to return the equipment in exchange for my check. If I fail to return the equipment, I authorize JCNSP Hockey Association to cash the check and retain the proceeds.
