

Fellow Members,

I am writing to inform you that I am choosing to resign from my position as Director of Player Development to run for Vice President of WCYHA. After much thought, contemplation and conversations with the executive committee, one of the things we all feel strongly about is establishing longevity among the executive committee so there is continued consistency from year to year. With that being said, I will be part of this association for years to come with my youngest son (4 years old) waiting impatiently to take the ice.

For those of you that don't know me, I grew up playing hockey here at WCYHA and continued after high school at a higher level. I have been a part of the association for 16 years playing and coaching and have three boys, two of which are current players, one will be a first-year bantam next year and the other a first-year squirt. I am committed to the development of each and every player and believe from a Vice President position I can have a stronger impact on the association.

I look forward to working closer with the President and the rest of the board to continue our ongoing progress, as well as continuing efforts to strengthen and build the association.

Thank You,

Greg Petermann
