LACROSSE

AGE VERIFICATION

Effective July 1, 2025, USA Lacrosse requires all players to age verify to keep their membership active. This is a free service for USA Lacrosse members and once the process is completed, the action will be permanently recorded in their member profile and will not require further updates.

WHAT'S NEW AS OF JULY 1?

- All active player members who have not completed their age verification requirements by July 1 will have their membership moved to pending status.
- All new player members have 15 days to complete their age verification requirement after their initial join date. If they have not completed the requirements within 15 days, their membership will be suspended.
- Any active player member who has a renewal date before Dec. 31, 2025 has 15 days after their renewal date to complete their age verification requirements to avoid having their membership suspended.
- Any player member who has a renewal date after Dec. 31, 2025 and has not yet completed age verification, must complete the requirements no later than Dec. 31 to avoid having their membership move from pending to suspended.

WHY IS AGE VERIFICATION IMPORTANT?

Age verification facilitates team integrity, enhanced safety, and simplified administration for tournament and season play.

HOW DO I COMPLETE AN AGE VERIFICATION FOR MY CHILD/PLAYER?

1. For players under 18, parents should log into their own account.
2. Find the player member you need to verify.
3. Upload a valid form of ID.

WHAT DOCUMENTATION IS VALID FOR AN AGE VERIFICATION?

Any of the following documents can be used:

- Birth certificate
- Driver's license
- Passport and/or Visa
- State issued ID
- Military ID

WHAT DOES USA LACROSSE DO WITH THE DOCUMENT?

A USA Lacrosse staff member will review the document, record the birth date in our system; mark the individual's record as age-verified; and then permanently delete the uploaded document.

HOW LONG DOES IT TAKE TO SEE THAT MY AGE VERIFICATION IS ACTIVE ON MY ACCOUNT? HOW CAN I SHOW IT FOR VALIDATION?

The image below shows what a valid age verification looks like. The member cards will be able to be stored or downloaded from your member profile into your digital wallet on your phone to show proof of age verification upon request.
