

# Welcome to the 2023 SLP Mite Jamboree!

## Important Information Regarding the Skills Competition

\*Each team/coach will choose two players to compete in this year's skills competition. ONE PLAYER WILL COMPETE IN THE SPEED SKATING COMPETITION AND ONE PLAYER WILL COMPETE IN THE SHOOTING COMPETITION. (A Mite teams may provide two players for each for four total.) We will have a skating competition for speed where players skate a full lap around the ice and are timed. We will also have a shooting accuracy competition where players get to shoot 10 pucks into covered nets and/or pond hockey nets. Ideally it would be nice to have two different players compete but we will allow the same player to compete in both events if the team/coach desires.

\*Once players have been chosen by the coach, please complete the Skills Competition excel sheet that will be available on gameday.

\*The Awards for the Skills Competition will be presented to the winners.
