Scott Plasek

The grill renovation project should all be completed by Christmas.

January 27, 2024, is Field Workday and Scott Plasek will share a sign-up genius with more info as the date draws closer with specifics to keep the day organized.

7. Concessions

Joel Stevens

We had a donation of a used refrigerator, and we will be delivering it to concessions this week. This will be used solely for our baseball concessions items.

Each family is responsible for working 4 shifts per season or they have the option to purchase a \$300 concession buy out. More information to come on Membership Day.

8. Coaches Corner

Coach Wallace

Pitchers should have a long toss program building up to the end of next week. This will prepare them to be ready to start intrasquad starting end of January-beginning of February time frame. The month of December all the players need to work on lifting weights and good nutrition to increase muscle mass, so in January we are ready to be in season mode.

Our field renovations have been looked at by the district and Dr. Rapp is working on it. The district has approved raising the Halo and improving the warning track around the field thus far. We have had 2 donations towards our infield project renovations and Texas Multi-Chem will be out this month to do this project.
