

SPONSORSHIP

OPPORTUNITIES

Duluth 709 and its feeder programs provide baseball opportunities for over **900 youth** throughout the greater Duluth community.

Duluth 709 itself will be home to **25-30 teams** this summer, and has operated as a non-profit organization since its origin in 2016.

Beyond just our local offerings Duluth 709 hosts the two largest youth baseball tournaments in Northern MN, The Golden Spike in June & The Art Von Memorial in August. Combined these two events will host over **150 teams** from throughout the greater Midwest and Canada. It is estimated these events will have an economic impact of **\$2.5-\$3.5M** on our local market from visiting families.

IMPORTANT AREAS OF NEED

NEW FIELDS

Though we have wonderful playing facilities, 709 has been operating above capacity for the last 3 years. Two new fields are required immediately in order to allow our teams proper practice time in dedicated space.

Estimated Cost - \$200K

NEW SCOREBOARDS

Our Lake Park Facility is currently operating with the same original scoreboards from when the facility was built 30 years ago. These scoreboards are starting to fail and need to be replaced with priority.

Estimated Cost - \$50k

ALL WEATHER TURF

As part of long term planning, 709 has created a vision to turf our existing fields over time. Raising funds through benefactors, fundraisers, and hopefully municipal support to resurface each field with all season turf. This will ensure our players can play and practice while greatly delimiting the weather challenges our climate presents.

Estimated Cost - \$750K/Field
