  - MRC may have some availability but times would be late
  - Dover has ice Mondays, Fridays and weekends
  - John has been looking into temporary outdoor rink options for this season, including potential warehouse indoor locations, ball field locations, "backyard" rink options; If John's research concludes that this may be an option, he will prepare proposal; or he will let us know if idea is not feasible
  - The new rink project is a minimum of 2 years away
  - Potential of putting out a survey to parents to get their input on this upcoming season
  - There may be the option to have a spring/summer program at Ice Vault or Colby.
