

2019 Girls Fall High School Teams

DESCRIPTION

Epic Volleyball Club is pleased to announce the return of our Fall High School Teams. This program is available for girls in grades 9-12 who are not currently participating in a High School Volleyball Program. We are happy to offer this training program where the girls will practice with a fixed coach in a team format. This session will provide the girls with an opportunity to continue practicing and improving without the daily rigors required of a High School Volleyball team. The girls will practice twice a week, and will participate in five tournaments at Epic VBC, to compete and show off their skills. The Fall High School Teams will give the girls the advantage of being exposed to the drills and techniques associated with our girls traveling teams.
