

Policy Manual

Subject: Air Quality

Section: Operations - 01

Number: 1

Approved via: Board Motion 2020

Policy

SAMSPA is committed to providing a healthy and safe environment for League Members, as well as for employees, volunteers, and other representatives.

SAMSPA follows the Air Quality Health Index (AQHI) Canada scale to show health risk associated with the air pollution we breath. Up-to-date conditions can be viewed at <http://airquality.alberta.ca/map/> https://weather.gc.ca/airquality/pages/abaq-021_e.html

When the AQHI in St. Albert reaches a 7 - 9, SAMSPA President will consider reducing or rescheduling games. If the AQHI in St. Albert reaches a 10, SAMSPA will cancel games and shut down the facility.

SAMSPA reminds people with heart or breathing problems that they are at a greater risk. Follow your doctor's usual advise about exercising and managing your condition.
