Advertising and Image Requirements

- Advertisements should be high resolution and sized accordingly; if size adjustments are made, distortion may occur. Any image or artwork can be in a jpeg, PDF, gif, eps, tif or a.i file. We can make high quality scans from hard copy document if needed. 1/8 page ads need to be in a portrait layout.
- For banners, provide a vector file for crispness and clarity. An a.i file or an eps file is preferred. A high resolution jpeg or PDF may also work
- For website advertisements please provide:
 - A horizontal company logo (jpg, gif or png); 1,024 pixels preferred
 - Mission statement or brief company overview (30 words or less). Could also be used to list company's physical address
 - Website address and/or contact information (name, email, phone, etc)
- Advertisements should be in electronic format if at all possible and can be emailed to steve.f.williams@me.com. Files can also be transferred by flash drive and pick up can be arranged
